Proposals for Furnishing and Installing an Oil Fired Hot Air Heating Unit, Complete, at the New Metal Four-Car Garage Building, Moreland Street Yard, West Roxbury.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing an oil fired hot air heating unit, complete, at the new metal four-car garage building, Moreland Street Yard, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing an Oil Fired Hot Air Heating Unit, Complete, at the New Metal Four-Car Garage Building, Moreland Street Yard, West Roxbury," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of MONDAY, AUGUST 2, 1954, with a certified check for ONE HUNDRED (100) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

LIBRARIES IN UNITED STATES.

Today there are 7,408 public libraries in the United States. The American Library Association estimates that since 1945 more than \$100,000,000 has been spent on the construction and remodeling of libraries. Public libraries in American cities today enjoy a prestige and support seldom challenged.

The construction costs of these new public libraries have spiraled. For instance, among the large public libraries which have announced plans for construction is the Cincinnati Public Library. The estimated cost of the proposed building is \$4,500,000, compared to the actual cost of \$2,400,000 for the Enoch Pratt Free Library (really the public library of Baltimore), built in 1932, and \$2,026,243 for the Toledo Public Library, built in 1940. Yet both the Enoch Pratt and the Toledo buildings have floor space comparable in number of square feet to the public library proposed for Cincinnati.—*American City Magazine.*

PROPOSALS FOR FURNISHING AND INSTALLING UNDERGROUND CONDUIT AND CONCRETE BASES FOR TRAFFIC SIGNALPOSTS IN NINE (9) INTERSECTIONS IN THE CITY OF BOSTON.

The Boston Traffic Commission, office 112 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for furnishing and installing underground conduit and concrete bases for traffic signalposts in nine (9) intersections in the City of Boston. A bond will be required for doing the work of a surety company approved by the Commission in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at 112 Southampton street. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Furnishing and Installing Underground Conduit and Concrete Bases for Traffic Signalposts in Nine (9) Intersections in the City of Boston," and left at 112 Southampton street, before 12 M. on Thursday, August 5, 1954, with a certified check for five hundred (500) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. If the lump sum price of any item appears to the Commission to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Traffic Commission. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

DEAR MR. MAYOR:

Under date of June 7 of the current year, a contract was awarded to Carney

(Continued on page 975.)

MAYOR JOHN B. HYNES HAS RECEIVED THE FINAL REPORT OF THE COLLECTOR-TREASURER CONCERNING COST OF RELOCATING AND MOVING HOUSES IN EAST BOSTON INVOLVED IN EXPANSION OF MTA IN THAT SECTION—TOTAL EXPENSES OF OPERATION AMOUNTED TO \$275,801.08—GROSS RECEIPTS WERE \$185,682.63, WITH NET COST OF \$90,118.45—THERE WERE 23 RELOCATIONS.

Mayor John B. Hynes has received the final report of the Collector-Treasurer on the relocation of the houses in East Boston to make way for the MTA expansion plans. The report was the final one by Daniel M. Driscoll, Collector-Treasurer. All the houses have been relocated and sold back to the original owners.

According to the report the relocation expenses amounted to \$259,559.53, with the management expenses at \$16,241.55, making a total of financial transactions involved of \$275,801.08. The gross receipts amounted to \$185,682.63, leaving the net cost at \$90,118.45. The expenses included the choice of new sites, the engineering work, the foundations, moving, and miscellaneous other expenses.

Altogether there were 23 relocations, while maintenance expenses involved included 21 locations and receipts from 24 locations. The full report reads as follows:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

For your information, I enclose copy of a final report which I have caused to be compiled with respect to the relocation of houses in East Boston, under St. 1949, ch. 191, as amended by St. 1949, ch. 734.

Yours very truly,

DANIEL M. DRISCOLL,

SUMMER STREET DRAW-BRIDGE TO BE MADE SAFE FOR TRAFFIC.

(Continued from page 973.)

Construction Company, Inc., for making an inspection of the structural steel work of the Charlestown Bridge over the Charles River and submitting a report to the department of its findings and recommendations. Inspection work of this kind is very important to the department, as it affects the contract that will subsequently be awarded for effecting repairs to the structure.

Up to date, the work done by the contractor in connection with the inspection of the steel work of the Charlestown Bridge has been very satisfactory, and I am certain that the report and recommendations will result in an eventual saving to the city that will more than offset the cost of the inspection work, which was limited to an amount not in excess of \$4,800. I am informed by Division Engineer McCall that the inspection work has been substantially completed, and that there will be a sufficient balance in the contract sum to provide for conducting a similar inspection of the steel members of the Summer

Street Drawbridge, which is scheduled for major repair work before the end of the current year.

I respectfully request, therefore, your authorization to amend the current contract so as to provide for the inspection of the structural steel work of the Summer Street Drawbridge by the Carney Construction Company, Inc., under the same terms, conditions, and per diem prices that exist in the current contract, with the understanding that the cost of the steel inspection work on both the Charlestown and Summer Street Bridges will not exceed the original amount of the contract price of \$4,800, established as a maximum for the work involved in the inspection of the steel members of the Charlestown Bridge.

I also respectfully request your authority to dispense with advertising in connection with the award of the above-referenced contract, which, as stated, will be in the order of an amendment to the present contract. This type of contract, as I explained in my letter of May 17, 1954, in connection with the award of the original contract, does not lend itself to publicly advertising for proposals, as the cost is of secondary consideration as compared with the background, experience, and ability of the contracting organization to carry out all the terms and conditions of the contract. I am certain that the Carney Construction Company, Inc., can do the necessary inspection work of the steel members of the Summer Street Drawbridge in a capable and satisfactory manner in the best interests of the city, and I am equally certain that no advantage would accrue to the city by attempting to publicly advertise for proposals for inspection work of this nature.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Harry Bloomberg, 42 Fabian street, Dorchester, in the sum of \$365, as compensation for personal injuries caused by a hole in the sidewalk in front of 1027 Blue Hill avenue, June 2, 1953.

PROCEEDINGS OF CITY COUNCIL.

Monday, July 19, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair, and all the members present.

The Reverend William J. McConnell, of St. Vincent de Paul Catholic Church, South Boston, was escorted to the rostrum.

INVOCATION BY REV. WILLIAM J. MCCONNELL.

We are come, O God the Holy Ghost, we are come before Thee, hindered indeed by our many and grievous sins, but especially gathered together in Thy name. Come unto us and be with us; vouchsafe to enter our hearts; teach us what we are to do and whither we ought to tend; show us what we must accomplish, in order that, with Thy help, we may be able to please Thee in all things. Be Thou alone the Author and the Finisher of our judgments, Who alone with God the Father and His Son dost possess a glorious name.

Suffer us not to disturb the order of justice, Thou who lovest equity above all things; let not ignorance draw us into devious paths, nor partiality sway our minds; neither let respect of riches or persons pervert our judgment, but unite us to Thee effectually by the gift of Thine only grace, that we may be one in Thee and may never forsake the truth.

Inasmuch as we are gathered together in Thy name, so may we in all things hold fast to justice tempered by pity, so that in this life our judgment may in no wise be at variance with Thee and in the life to come we may attain to everlasting rewards for deeds well done. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments: Weighers of Coal for the term ending April 30, 1955: Allan F. Knowlton, 40 Gould street, Wakefield; James H. Thurston, 19 Peter Parley road, Jamaica Plain.

Severally referred to the Committee on Confirmations.

RESIGNATION OF CONSTABLE.

The following was received:

City of Boston,
Office of the Mayor, July 19, 1954.
To the City Council.

Gentlemen:
You are hereby notified that I have accepted the resignation of Charles Kougeas, 1 Torpie street, Roxbury, as a constable authorized to serve civil process, as of July 7, 1954.

Respectfully,
J. B. HYNES, Mayor.

TRAFFIC LIGHTS AT PARSONS AND FANEUIL STREETS, BRIGHTON.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1954.
To the City Council.

Gentlemen:
I transmit herewith communication from the Traffic Commissioner relative to your order of June 28, 1954, concerning the traffic conditions on Parsons and Faneuil streets, Brighton, with a view to installing traffic lights at the intersection of Parsons and Faneuil streets.

Respectfully,
J. B. HYNES, Mayor.

Boston Traffic Commission,
July 9, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to City Council order of June 28, 1954, that the Boston Traffic Commission make a survey of the traffic conditions on Parsons and Faneuil streets, Brighton, with a view to installing traffic lights at the intersection of Parsons and Faneuil streets, I wish to report that we find that there have been accidents involving personal injuries at this corner during the past four years.

We have three on record for 1950; one for 1951; three for 1952; and one for 1953.

In our opinion traffic signals are warranted at this intersection and we shall place it on our list for consideration when funds are made available for signals.

To date no appropriation has been made for 1954, and we have already requested the sum of \$100,000 for a list of intersections which are on file with the Director of Administrative Services.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

Placed on file.

ACQUISITION OF OLD COLONY HOUSING PROJECT.

The following was received:

City of Boston,
Office of the Mayor, July 16, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman of the Boston Housing Authority relative to your order of May 3, 1954, concerning the acquisition of the Old Colony Housing Project for low-rent housing for veterans.

Respectfully,

J. B. HYNES, Mayor.

Boston Housing Authority,
June 28, 1954.

Hon. John B. Hynes,
Mayor of Boston.
Subject: City Council Order, May 3, 1954, Concerning PHA-Owned Development, Mass-19051, Old Colony.

Dear Mayor Hynes:

Through some inadvertence your communication of May 6, 1954, on the above subject, was not answered sooner.

As you know, this development is owned by the Public Housing Administration and is operated for them by this Authority as a war-housing development under the terms of the Lanham Act. Under this act a payment equal to full real estate taxes is made. This payment presently amounts to approximately \$233,000.

This development could be made available to this Authority for the use of low-income families if needed for this purpose. Otherwise it can be sold for other residential purposes to private owners.

If acquired for low-income family use the payment in place of taxes would revert to the 10 per cent of shelter rent collected formula presently used in such developments. Under this formula approximately \$32,000 as payment in place of taxes is estimated, or about \$200,000 a year less than presently received.

Again, if acquired for the use of low-income families, such present tenants as would not qualify as low-income families would be required to quit residence in the development. From all information available on incomes this Authority estimates that about 80 per cent of the present families would have to be evicted within two years.

The Authority has given much consideration to this problem and has finally decided not to request its transfer for the use of low-income families but to allow it to be sold to private investors and thereby become taxpaying property.

Very truly yours,
OWEN A. GALLAGHER, Chairman.

STUDY OF TRUCK TRAFFIC PROBLEM IN SOUTH BOSTON.

The following was received:

City of Boston,
Office of the Mayor, July 19, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of February 15, 1954, concerning the problem of truck traffic through the streets of South Boston to the south and east.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
July 12, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In further reply to City Council order dated February 15, 1954, requesting that the City of Boston Planning Board and the Boston Traffic Commissioner and the South Boston Area Rehabilitation Committee consult together concerning the problem of truck traffic through the streets of South Boston, no doubt a final report has been sent to you by the Planning Board.

This communication is merely to confirm the part which the Traffic Commission played in the conference.

Our chief traffic engineer participated in three or four meetings of the Planning Board, including attendance at a meeting held on March 23, at which members of the South Boston Area Rehabilitation Committee appeared, as did Right Reverend Monsignor Harry O'Connor and Mr. Patrick Hurley.

The suggestion of our engineer was that a partial solution to the problem could be obtained by forcing the heavy trucks from the fuel dealers in Castle Island to use East First street, West First street, and D street. This plan would stop the heavily loaded trucks from using Dorchester street, from East First street to Andrew square.

Representatives of the White Fuel Company agreed to conform to this suggestion, if adopted, and it appeared to be satisfactory to Monsignor O'Connor and Mr. Hurley.

On Tuesday, June 22, the members of the Planning Board voted to accept the suggestion and the Traffic Commission will have presented to it at its next meeting the specific regulations necessary to carry out this proposal. Meanwhile the Public Improvement Commission is studying the feasibility of widening A street. The regulations proposed for adoption are to exclude heavy trucks from the following streets: Farragut road, P, O, Acadia, M, K, I, Vicksburg, and H streets, between East First street and East Second street; West First street, between East First street and Dorchester street; F street, between West First street and West Second street; and E street, between West First street and West Second street; and that Dorchester street be made one way, from East Second street to East First street, and that the left turn from East First street into Summer street southerly be prohibited.

Respectfully yours,
WM. ARTHUR REILLY, Commissioner.

ENCLOSED SWIMMING POOL AT FRANKLIN PARK.

The following was received:

City of Boston,
Office of the Mayor, July 19, 1954.
To the City Council.

Gentlemen:

I transmit herewith communication from the Chairman, City Planning Board, relative to your order of June 28, 1954, in regard to considering the advisability of constructing at Franklin Park, immediately adjacent to the Roxbury district, an enclosed swimming pool available for year round use.

Respectfully,

J. B. HYNES, Mayor.

City Planning Board,
July 8, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In response to Council order dated June 28, 1954, concerning advisability of constructing an enclosed swimming pool at Franklin Park, I am replying as follows.

The City Planning Board two years ago considered this matter at some length, even to the extent of holding a small hearing at the request of Councillor White. Some twenty people appeared to express views and, though most were in favor, some were opposed. After consideration the Board made the following determinations:

"An expenditure approaching one half million dollars for a single activity such as an outdoor swimming pool is hard to defend in this area in view of the adequate and excellent conditions of the nearby beaches and the fact that there is a large wading pool in Franklin Field which services the smaller children.

"We are advised that the experience with swimming pools in other cities, such as Philadelphia and Baltimore, has been such that many of the pools had to be discontinued because of the difficulty of maintaining good sanitary conditions and the high cost of maintenance.

"Recreation authorities generally now tend to discourage the expenditure of large sums of money for one activity installations because of their limited usefulness.

"We are advised that there are no immediate funds available for a swimming pool. There will not be any funds forthcoming from the George Robert White Fund for several years and the Trustees already have other requests, such as for health clinics, etc., for the use of funds when available.

"The records on the Charlestown Swimming Pool show that the yearly maintenance, in-

cluding policing and administrative costs, amount to about 10 per cent of the installation costs.

"The Board in its Capital Improvement Program has been greatly impressed with the need of new facilities for many of the vital public welfare services, such as hospitals and clinics, schools and playgrounds, and the replacement of inadequate public buildings such as some of the old court houses and fire stations. Many of these worthy requests had to be eliminated in the process of reducing the total program to an amount which the city can afford.

"The Board, therefore, is still of the opinion that, with the extreme need of the city for funds for more imperative projects, any augmentation of a program for outdoor swimming pools is unwarranted, particularly where excellent bathing beaches are nearby."

Nothing has happened to alter this opinion since that time and I call attention to the fact that an enclosed swimming pool would be much more expensive than an outdoor one, which was then under consideration.

Very truly yours,

THOMAS F. McDONOUGH, Chairman.

ORIGINAL LETTER FROM SEARS ROEBUCK & CO.

Coun. PIEMONTE offered the following:

Ordered, That the City Clerk be, and is hereby, requested and directed to file with the order submitted to the Council by the Mayor under date of June 7, 1954, re sale of land to Sears Roebuck & Co., the original of the letter mailed to the Mayor of Boston on the date of March 18, 1954, and which reads as follows:

(COPY.)

Sears Roebuck & Co.,
March 18, 1954.

Hon. John B. Hynes,
Mayor of Boston.
Re: Park Land—Park Drive,
Boylston Street, and Riverway, Boston,
Mass.

Dear Mayor Hynes:
Under date of February 18, 1954, the Supreme Judicial Court of Massachusetts declared that the proposed sale or lease to Sears Roebuck & Co. of the land in Boston, included

within the description contained in Statute 1951, c. 199, s. 1, was lawful and could not be restrained.

In view of this opinion by the court, it is respectfully requested that your Honor submit an order relative to the sale of this land to the Boston City Council so that this matter may receive immediate consideration.

We wish to make it very clear that our purpose in acquiring this land is solely for the more efficient operation of our retail store on Park Drive in Boston. This land will provide a parking area for our customers at no charge.

In the event that this land, at some later date be taken under the power of eminent domain, either by the City of Boston or the Commonwealth of Massachusetts, or any department or agency of either of these bodies, we would not expect to receive, nor accept as compensation for such taking any moneys in excess of our original cost plus the legal fees and other expenses incurred in connection with the acquisition thereof and all such sums as the company may have expended in the adaptation of the land to its use as a parking area.

Yours very truly,

SEARS ROEBUCK & Co.,

L. E. BURKE, Property Manager.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. HURLEY, for the Committee on Ordinances, submitted the following:

Report on message of Mayor and ordinance (referred June 21) concerning Assistant Collector-Treasurers—recommending that same ought to pass.

The report of the committee was accepted and the ordinance was passed.

EXECUTIVE COMMITTEE REPORT.

Coun. AHEARN, for the Executive Committee, submitted the following:

The Executive Committee to whom was referred July 12, 1954, a message of the Mayor and order for sale of land on Brookline avenue, Park Drive, and the Riverway to Sears Roebuck & Co., having duly considered the same, submits a partial report in the form of the following resolution:

For the Committee,
FRANCIS X. AHEARN, Chairman.

Resolved, That his Honor the Mayor be, and he hereby is, requested to secure at once a new appraisal of the value of the land under consideration for sale to Sears Roebuck & Co., in the following manner:

The land in question to be appraised by a board of three appraisers, one to be appointed by his Honor the Mayor, one to be appointed by the Boston Real Estate Board, and one to be appointed by the Boston Chamber of Commerce; and be it further

Resolved, That the Boston City Council does hereby respectfully request that in the public interest and without compensation the Boston Chamber of Commerce and the Boston Real Estate Board is hereby requested to cooperate with his Honor the Mayor and each appoint an appraiser to serve as herein and above described; and be it further

Resolved, That the said board of appraisers are hereby requested to appraise the value of the land proposed for sale to Sears Roebuck & Co., and report its findings and statement of value to the Executive Committee of the Boston City Council by 2 P.M., on Thursday, July 22.

The report was accepted, and the resolution was adopted.

RESTRICTIVE COVENANTS IN PROPOSED DEED TO SEARS ROEBUCK & CO.

Coun. FOLEY offered the following:

Ordered, That his Honor the Mayor be requested to consider the wisdom of immediately inserting restrictive covenants in the proposed deed to the Sears Roebuck & Co., as follows:

1. Against any use of the land except for parking without charge of passenger automobiles.

2. Explicitly stating the provisions for landscaping of the plot.

Passed under suspension of the rules.

PLANS FOR LANDSCAPING PLOT PROPOSED TO BE SOLD TO SEARS ROEBUCK & CO.

Coun. FOLEY offered the following:

Ordered, That his Honor the Mayor be requested to consider the wisdom of forming a committee immediately of a representative of Emmanuel College, Simmons College, the Boston Art Museum, the Apartment House Owners, the Sears Roebuck & Co., the Chairman of the Board of Parks and Recreation, that the plans for landscaping the plot of land proposed to be purchased by Sears Roebuck & Co. be presented to this committee and that this committee immediately report to the City Council and the Mayor its opinion as to said plans.

Coun. HAILER moved to amend the foregoing order by inserting after the words "Sears Roebuck & Co.," the following words: "The Beth Israel Hospital and the other institutions which constructed a few buildings in that area in recent years; and . . ."

The amendment was adopted.

The order as amended was passed under suspension of the rules.

On motion of Councillor McCormack it was voted at 4.55 P.M. that the City Council recess until Thursday, July 22, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

PROCEEDINGS OF SCHOOL COMMITTEE.

June 15, 1954

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street at 12:22 o'clock P. M., the Chairman presiding.

The Secretary called the roll and the members responded as follows:

PRESENT—Miss Fitzgerald, Mr. Lee, Mr. Musco, and Mr. Carr.

ABSENT—Mr. Ward.

Miss Fitzgerald: I move that the members of the Committee now waive notice by affirmative vote of this meeting and of the usual provisions provided for in the Rules.

On roll call, Miss Fitzgerald's motion to waive notice passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Messrs. Lee and Musco—4.

NAYS—0.

ABSENT—Mr. Ward.

RESCINDING OF APPROPRIATION

The following communication was presented:

June 8, 1954

William F. Carr, Chairman
Boston School Committee
15 Beacon Street
Boston 8, Mass.

Dear Sir:

In the Order adopted by the School Committee under date of April 26, 1954, an item of \$157,000 was included for the acquiring land for, and constructing, public schoolhouses, etc.

A similar item was included in the regular maintenance budget of the city for construction of buildings, and that appropriation was adopted by the City Council on May 3, 1954.

It is unnecessary to have two similar appropriations for the same loan purposes. Therefore, will you, at the next meeting of the School Committee, kindly rescind that portion of the Order adopted on April 26, 1954 which includes the \$157,000 appropriation?

Respectfully

(Signed) J. B. Hynes

Mayor

Placed on file.

The following orders were offered:

ORDERED, That the following item in the appropriation order for land and buildings for schools for the fiscal year 1954, passed by this Committee on April 5, 1954, be, and the same hereby is, cancelled and rescinded:

Item 3—For acquiring land for, and constructing public schoolhouses, including originally equipping and furnishing such schoolhouses \$157,000.00 and be it further

ORDERED, That the following item in the appropriation order for land and buildings for schools for the fiscal year 1954, passed by this Committee on April 26, 1954, be, and the same hereby is, cancelled and rescinded:

Item 3—For acquiring land for, and constructing public schoolhouses, including originally equipping and furnishing such schoolhouses . . . \$157,000.00 and be it further

ORDERED, That the Board of Assessors of the City of Boston be, and hereby is, notified of the foregoing vote, which reduces from \$323,490.00 to \$166,490.00 the total sum appropriated by the School Committee of the City of Boston for the fiscal year 1954 for land and buildings for schools including rent of hired accommodations, and be it further

ORDERED, That the Board of Assessors is hereby further notified that of the amount appropriated as specified in the preceding order, viz., \$166,490.00, the sum of \$151,834.73 should be included in the total amount to be raised by taxation. The balance, \$14,655.27, will be obtained as follows:

Unexpended balance, appropriations for land and buildings for schools, including rent of hired school accommodations . . . \$14,655.27

Mr. Musco: Mr. Chairman, I know that our order was passed on April 26, 1954, and the Coun-

cil order was passed on May 3, 1954. Were we instructed to pass that previous to that date?

Superintendent: Answering your question, Mr. Musco, we appropriated the \$157,000 in keeping with the proper procedure in 1954 just as we did in 1953.

Now when the Mayor sent this letter to the Chairman, he turned it over to me, and I in turn conferred with the Law Department. As I understand it from the Law Department, the City Council appropriated \$157,000 as the down payment for all city Bond Issues, and that \$157,000 included the down payment on the school Bond Issue. Therefore, since their figure of \$157,000 was for all bond issues, it made unnecessary the \$157,000 that we had previously appropriated.

One might ask: Why didn't they rescind theirs or why did they pass theirs? I think that by the City Council appropriating for all a certain amount of money was saved to the city. The Law Department has concurred in all of this. Miss Reynolds, has the Law Department seen the orders which you have prepared for the School Committee this morning?

Secretary: This four-part order which I just read has been approved by Mr. Kerr of the Law Department.

Superintendent: So that everything is in keeping with the law from the standpoint of the Corporation Counsel.

Chairman: Are there any questions on the order as read by the Secretary?

Mr. Lee: It seems to me the only question is whether everyone is keeping his facts and figures straight. We don't want to find that neither City Hall nor ourselves have put money in. Has this been gone over by both Mr. Fox's office and the Business Manager's office?

Superintendent: The Mayor wrote to the Chairman, Mr. Lee, and the Chairman turned the letter over to me, and I in turn conferred with the Law Department. The Law Department is serving both the City Council and the School Department, and the Law Department concurs with the request of the Mayor and suggested that the School Committee rescind the order in keeping with the wishes of the Mayor.

Chairman: Mr. Superintendent, isn't it true that we were following the procedure of a year ago when we made the down payment at that time?

Superintendent: That's right.

Chairman: The School Committee made an appropriation a year ago for the down payment on a \$5,000,000 Bond Issue. This year we followed the same procedure but it turned out that because of a similar appropriation by the

City Council for the overall bond issues, it is no longer necessary for this Department to appropriate for this purpose.

Mr. Lee: I don't quite get the last item—that last paragraph. What does that refer to at the foot of the page?

Secretary: About notifying the Board of Assessors? We notified the Board of Assessors, Mr. Lee, that we were going to need \$157,000 more than we do need now on account of rescinding this \$157,000 today.

On roll call, the orders passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Messrs. Lee and Musco—4

NAYS—0

ABSENT—Mr. Ward—1.

ADDITIONAL APPROPRIATION FOR GENERAL SCHOOL PURPOSES

The following was presented:

COMMENDATION OF CUSTODIAN UPON RETIREMENT

On request of Miss Fitzgerald, the following statement pertaining to the service of Anthony J. B. Cannata as a custodian in the Boston Public Schools for forty-three years was ordered spread upon the records:

On Friday June 11, Anthony J. B. Cannata, senior custodian at the James P. Timilty Junior High School in Roxbury, concluded 43 years of service in the Boston School Department.

In 1911 "Tony" as he is known to all, was appointed to the Nathan Chapin School in Charlestown and subsequently served in many of the famous schools of the city; the Motley, the Bunker Hill in Charlestown, Richards, Old Harris, and John Marshall Schools in Dorchester, the Theodore Lyman and the Barnes in East Boston, and the Bigelow in South Boston. For the last twelve years Tony has served at the Timilty School, refusing transfers to larger schools because of his pleasant attachments there.

Tony is the father of ten children and for many years has lived at 50 St. Margaret Street, Dorchester. His day starts early and ends late as schools are open nearly every night in the week.

Mr. John B. Dacey, principal of the James P. Timilty, Junior High School, made the following statement:

"Tony Cannata is the essence of all that is good. He is the pattern from which every custodian should be developed. The moral character of a custodian is most important and Tony's character is the acme of perfection. The cleanliness of the school, the comfort of the pupils and teachers, and the safety of all have always been uppermost in his mind.

"Tony is small in physical stature, but his heart and soul are those of a physical giant. Few persons can look back and see so many loyal friends, so many well-wishers, as can Tony. At the Timilty School he has been teacher as well as custodian. Just as the Great Teacher taught by example, so Tony by his example taught the pupils of this school cleanliness of body, mind and heart. The life of Anthony Cannata exemplifies the qualities of the ideal citizen; honesty, temperance, industry, charity and tolerance."

CERTIFICATION OF PAYROLLS

Mr. Lee: Mr. Chairman, on this budget matter, you remember

when we had a conference at the Mayor's office, the Mayor suggested some economies in our department, I also suggested some economies at City Hall which led to some correspondence between us, and I hope it has had some effect.

Anyway, we find the Mayor is able to make a smaller budget. I would like to make one more suggestion for the possible consideration of City Hall, and that is the practice which really pertains to some extent to both the School Department and to City Hall but more to City Hall, of having foremen and department heads sign for payrolls before the work is done. That is, you sign a form. The head of a city department signs a payroll form saying: "I hereby certify under the pains and penalties of perjury that the foregoing listed persons performed duties as listed above."

It goes on to say that "I approve same."

Now that is signed in the middle of the week before the week is finished and before the workers can have done their work so that we have perjured payrolls in the whole city and the whole payroll system is founded on certifying to work that has not been done.

Chairman: Mr. Lee, do you refer directly to our school payrolls here?

Mr. Lee: In the schools we don't certify the work has been done. We do pay our payroll, which is made up ahead of time, but at least we avoid misusing our honor.

Chairman: Are you sure it is made up ahead of time? The week doesn't always run from Monday to Friday. I think the answer could come from Mr. Burke. Mr. Burke, when is the pay roll period?

Mr. Burke: Wednesday to Tuesday.

Chairman: Wednesday to Tuesday. I was wondering if you had taken that into consideration.

Mr. Lee: Yes, the payroll is Wednesday to Tuesday, and they begin signing the payrolls around Friday, certifying under the penalties of perjury that the men have worked till the following Tuesday when those days have not yet arrived.

Mr. Burke: And at any time before the payment is made on the following Wednesday we can stop payment.

Mr. Lee: You don't really sign that "under penalties of perjury" on our payrolls, do you?

Mr. Burke: You just sign the requisition. The department head signs it.

Mr. Lee: You do sign it?

Mr. Burke: Yes.

Chairman: Do you sign it ahead of time?

Mr. Burke: Yes. It is the only way to set it up for payment when due.

Chairman: In the event that you had signed it on Monday and someone was out Tuesday, you would adjust it?

Mr. Burke: We would hold the pay. The person wouldn't be paid.

Mr. Lee: But it is not adjusted until afterwards. I mean they are paid.

Mr. Burke: That's right.

Mr. Lee: As if for the work they didn't do. Then the following week they are not paid for work they did do. In other words, you commit perjury twice.

Mr. Burke: Not necessarily. You could stop payment in that week.

Mr. Lee: Sometimes.

Mr. Burke: Any time you wanted to.

Mr. Lee: But usually it doesn't work that way. Usually they are paid even though they haven't done the work that the payroll covers, and then in the next week when they do a full week's work they are paid only in part because of being overpaid the previous week.

Chairman: Mr. Lee, we spend money in April in anticipation of our budget being passed in June.

Mr. Lee: What I am trying to get at is this, Mr. Chairman—that what with City Hall starting to turn toward making payments by check, which expedites things and if the Mayor would like to save a little money, if he would put the signing of payrolls on a more strictly exact basis and not sign a payroll until the work was done, it would have the effect of postponing the payments about half a week.

Do you see what I mean—an average of half a week.

Now if the payroll in the City Hall departments is perhaps a million dollars a week—I suppose it's something like that since it would be \$50,000,000 a year, and I suppose the \$100,000,000 is about half pay roll—and you save half of that by getting on this more businesslike, scrupulous basis of delaying signatures during the remaining months of this year until the work is actually done, then the city would be saving perhaps half a million dollars besides getting on a more businesslike and strictly proper basis.

I mean it really isn't proper to sign under the penalties of perjury certifying that work is done when it hasn't been done. It is not a sound basis for a city administration, and I just thought possibly that suggestion might be communicated to the Mayor as a possibility of becoming more businesslike at City Hall and incidentally—

Chairman: Why don't we make it an inquiry? Miss Reynolds could write to the Mayor and relate the sentiments of Mr. Lee and see what kind of answer we get.

Mr. Musco: Mr. Chairman, before a letter is written to the Mayor—

Chairman: It would be sent to Mr. Fox, wouldn't it?

Mr. Musco: May I suggest that the School Committeeman have a consultation with Mr. Charles Fox, the Administrative Services head, and present the problem to him and then submit a report to us.

Mr. Lee: I will be glad to do whatever you say.

Chairman: Will you do that, Mr. Lee?

Mr. Lee: Yes.

Mr. Musco: Talk with him.

The Committee adjourned.

Attest:

AGNES E. REYNOLDS
Secretary.

ADMINISTRATIVE EFFICIENCY

Mr. Musco: Madam Chairman, the members of the Committee recently received a copy of Superintendent's Circular #239, dated June 15, 1954, entitled "Administrative Efficiency," which was sent to Principals, Directors, and Department Heads.

I think it might be of some value to insert this circular in the records of this meeting.

Miss Fitzgerald: I have no objection to that being printed.

The following is the circular referred to:

As the Executive Officer of the School Committee charged with the responsibility of administering the school department properly and efficiently, subject to the direction of the School Committee, I wish to urge all principals, directors, and department heads in the interest of efficiency and economy, to study and review all requisitions, to adopt efficient methods of school operations so that school costs may be reduced to a minimum, and to eliminate from our school system any possible inefficiency or waste that may exist. I urge you to accomplish the above with the following thoughts in mind:

(1) Progress toward a better educational system for the pupil of tomorrow.

(2) The continued welfare of our loyal employees in all branches of our school system.

(3) Fairness to the tax-payer who supports our school system.

Your cooperation at this time of the year in planning for your school or department for the opening of the new school year in

September will be greatly appreciated.

Mr. Musco: Now, following that, I would like to make this particular comment. We know that Mayor Hynes declared, in his official statement regarding the Boston tax rate, which has been reduced to \$69.80 that

"The expenditures of the municipal government for 1954 indicate an increasingly tighter control consistent with good service. In attaining this reduction in the tax rate, I requested and received the cooperation of the City Council, the School Committee, and department officials, for which I am most grateful."

I wonder if we should not direct the Secretary to send a letter of congratulation to Mayor John B. Hynes for the reduced Boston tax rate and to acknowledge with thanks his recognition of the School Committee's cooperation in attaining this lower tax rate for 1954.

Miss Fitzgerald: Mr. Musco, I think that is a very excellent suggestion. We so instruct Miss Reynolds to write this letter.

COURSE IN CHILD CARE

Mr. Lee: Madam Chairman, could I just pause to comment at this point on the excellent report of the Superintendent which we approved wherein he stated that he was taking steps to set up a committee for the purpose of drawing up a high school course of study in what might be called "How to Bring Up Children," or "Future Mothers of America."

May I also make this comment—that I think that we should pause to say that that is, I believe, the greatest contribution the schools can make to this very distressing problem of youthful lawlessness. I mean it's long-range, and therefore it hasn't perhaps the glamour that some immediate gesture has; but if you want to have good children, the way to do it is to have good mothers who know their business.

And if you have good mothers who have come to their tasks of bringing up their families with an insight and understanding, then I think you could fairly say that no matter how bad conditions are outside the home, in his personality the child will stand up against those conditions and temptations; but if we fail to give our girls the knowledge that should naturally and intuitively be theirs about how to understand and guide the growing child's soul, then the most perfect conditions outside the home won't save that child from a tangled life.

I just wanted to pause to note that I think this report showing the Superintendent's progress in this direction is and should be regarded as a major step, by far the soundest long-range step in dealing with the youth problem of our city.

PERSONNEL ADMINISTRATION

Miss Fitzgerald: Mr. Musco, I have just been glancing at your "Personnel Administration Report."

Do you wish to have this report included in the record of this meeting—your report to the Superintendent concerning Personnel Administration?

Mr. Musco: Yes, I would, as we are very much interested in personnel and the fact that there is a survey now in progress. I would like to present these facts for consideration and study by the Superintendent.

Miss Fitzgerald: If there is no objection, then the report will be printed in full in the minutes of this meeting.

The following is the report referred to:

In keeping with the School Committee's desire to enhance the welfare of our personnel, I present these facts for consideration.

Basically, Personnel Administration must promote the purpose for which any organization exists; and it must serve to the highest possible degree the interests and well-being of all members of that organization.

Applied to this context, public school personnel management should strive, first, to achieve the proper aims of education, and second, to protect and promote proper interests of its personnel in its system.

We realize that;

"Education is universally recognized as a prime responsibility of American society."

For this purpose alone the schools exist; and every school employee shares in it.

We all agree that;

"School Committees and administrations should put the welfare of the pupils above all other considerations."

Teachers and non-academic workers who are in any way connected with the development or education of school policies should do likewise. We also know that;

"The school as an institution has but one purpose... that of facilitating learning" to which all other purposes must be subordinated.

This emphasis on the school's responsibility to the educational progress of the community, as well as to the pupils, is increasingly evident today.

Therefore, our school personnel efficiency must be directed to these same aims.

In view of the pending personnel survey and reclassification plan of our school personnel, it is imperative that management and the workers shall understand each other and engage in co-operative effort of school aims.

In establishing this order of things, the responsibility for tak-

ing the initiative rests with management; because it is a task for leadership as a distinctive function.

This principle originates with the administrative staff which should feel keenly its duty for discovering and correcting maladjustments of personnel and promoting better relations in a better system. Therefore, it is recommended that the Personnel Department of the Boston School System be increased to include a Director of Personnel Relations, with authority, to assist in the increased advisory, morale-building, adjustment and leadership functions of the Board of Superintendents to include all classes of employees, whether of academic or non-academic rank.

It is my request that a study be conducted and submitted to the School Committee before September 1, 1954, as to the advisability and necessity of this important school personnel relations function.

This measure will insure and continue the interest evidenced by the Committee in all the school personnel problems and to guarantee the welfare and maintenance of its employees in the school system after completion of the personnel survey and its acceptance.

Mr. Lee: Mr. Musco, may I just ask: What is your final recommendation so that we may know what we are approving? What is the gist of your final action, if any?

Mr. Musco: To establish and increase the Department of Personnel to include a Director of Personnel to handle both academic and non-academic workers.

Mr. Lee: At the present time what do we have that is nearest to that? How would you designate Mr. Bond?

Mr. Musco: He is the assistant superintendent in charge of personnel.

Mr. Lee: You would have under him a Director of Personnel who would deal with both the academic and non-academic?

Mr. Musco: That's right.

Mr. Lee: Or would you leave the academic where it seems to be now with Mr. Bond and the Board of Examiners, and then have the non-academic personnel under this Director of Personnel?

Mr. Musco: Actually I would leave that in the hands of the Superintendent to make a report to us.

Miss Fitzgerald: He is asking for the Superintendent's report, Mr. Lee. It is Mr. Musco's request that a study be conducted and submitted to the School Committee. This is in no way proposing action in and of itself.

Mr. Lee: I realize that, and I am heartily in favor of the general trend that Mr. Musco is moving to. I am, however, heartily in favor of seeing this where we and others can study it carefully.

POSSIBLE USE OF LAND IN THE FENS FOR NEW SCHOOLS

Mr. Musco offered the following:

ORDERED, That this Committee request the Mayor to transfer to the School Committee from the Board of Parks and Recreation a parcel of land located in The Fens and bounded by Park Drive, Boylston Street, The Fenway, and Agassiz Road, containing approximately 4,805,741 square feet, in order to erect two new schools—Girls' Latin School and Boston Technical High School.

On roll call the order passed by the following vote:

YEAS — Miss Fitzgerald, Mr. Lee, and Mr. Musco—3.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PUBLIC WORKS DEPARTMENT.

Proposals for Sewerage Works in Atwill Road Outlet in Private Land from Richmond Street 290 Feet Southwesterly, West Roxbury.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Atwill Road outlet in private land from Richmond street 290 feet southwesterly, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed marked "Proposal for Sewerage Works in Atwill Road Outlet in Private Land from Richmond Street 290 Feet Southwesterly, West Roxbury," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of WEDNESDAY, AUGUST 11, 1954, with a certified check for TWO HUNDRED (200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

HOSPITAL DEPARTMENT,

BOSTON, July 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Albert D. Howlett Company, 110 Worcester street, Boston, Mass., for furnishing all labor and materials necessary for painting the seventh and eighth floors of the Pediatric Building, Boston City Hospital, at a cost not to exceed the sum of \$3,400.

Because of the emergency nature of this particular painting project, and so that it may be done as expeditiously as possible, informal bids were solicited from three reputable companies engaged in this type of work and the above-mentioned company submitted the lowest bid.

The trustees are of the opinion that nothing would be gained by publicly advertising for bids, and that it would be in the public interest to award the contract, without advertising, to Albert D. Howlett Company, at a cost not to exceed the sum of \$3,400.

Respectfully yours,

President.

BOSTON, July 27, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

SUBJECT: Relocation of English High School in High School of Commerce Building.

DEAR MR. MAYOR:

Under date of June 18, 1954, you approved my letter to you of June 16 in which I asked that you waive the requirements of public advertising for the work necessary to make the High School of Commerce Building available for occupancy by the pupils and staff of English High School with the understanding the work be done on orders based on invitation competitive bids, where practical, with the lowest bidder in each instance receiving the award.

Drawings and specifications of all known work required and normally considered to be in the category of General Contract Work were completed subsequent to the date of your approval and invitation proposals for the work involved were received July 26, as follows:

Brendan Sullivan, \$8,600; Donato Antonellis, \$9,850; John Hynes, \$11,050;

M. Solimando, \$11,787; Michael Barr, \$14,987; P. J. Cantwell & Son, \$15,700.

That the work may be started forthwith, I ask that you supplement your original approval of June 18, 1954, by approving this letter authorizing me to negotiate a contract, without advertising for proposals with Brendan Sullivan, 24 Cambria street, Boston, Mass., in the amount of \$8,600, for the General Contract Work shown on drawings and specifications, the basis for invitation competitive bids.

Invitation competitive bids for the balance of the work in the following categories have been solicited:

Plumbing work, heating and ventilating work, electrical work, construction of foundations, pedestals, masonry, etc., necessary for and including the erection of bronze statues.

Copies of the proposals, when received, will be forwarded to you with my request that you authorize procedure the same as herein recommended for the award of the General Contract Work.

Very truly yours,

JAMES H. MOONEY,
Superintendent of Construction.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial houses, and business firms for furnishing labor, supplies, material, etc. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT. Purchasing Division.

Boston, July 22, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition for one (1) Barber Greene Bucket loader with swivel conveyor, Model No. 543, as per specifications also submitted.

This particular loader is best suited for the type of work performed at the Forest Hills yard. Perkins-Milton Company, Inc., submitted an informal written quotation. Inasmuch as this company is the sole agent for Barber Greene bucket loader, authority is requested to dispense with publicly advertising for prices, and award a contract, without public advertisement, to Perkins-Milton Company, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$10,950, less 2 per cent cash discount for payment within ten days, net, thirty days.

Respectfully yours,

EUGENE K. WELSH,
Acting Purchasing Agent.

Boston, July 22, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted a requisition for one (1) Series F-350, Ford truck, with specifications as set forth on requisition. Immediate delivery of the truck is required.

Bowers Motor Sales, Inc., has submitted an informal written quotation and has informed this office that delivery can be made immediately. Owing to this fact, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Bowers Motor Sales, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be as follows: \$2,337, less allowance on used truck, \$300—\$2,037, less 2 per cent cash discount for payment in 10 days.

Respectfully yours

EUGENE K. WELSH,
Acting Purchasing Agent.

Boston, July 22, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition to this office for 20,000 sets Transcopy paper and five (5) cases Transcopy solution.

Remington Rand, Inc., the manufacturer of the above equipment, has submitted an informal quotation. Inasmuch as this company is the manufacturer, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Remington Rand, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,630.45, net.

Respectfully yours,

EUGENE K. WELSH,
Acting Purchasing Agent.

EXTENSION OF CONTRACTS.

PARKS AND RECREATION DEPARTMENT.

Atlantic Roads Company, Inc., has been granted an extension of time until September 1, 1954, for the completion of the contract for asphalt walks, drainage and grading at the Public Gardens.

PUBLIC WORKS DEPARTMENT.

Approval has been given for an extension of time for the completion of the contract with Colorado Fuel and Iron Corporation, 80 Federal street, Boston, for chain link fence in city yard, Ward 18, at Dana avenue, from May 20, 1954, to July 31, 1954. This extension was requested because the contractor, due to the change in lot line locations from original contract plan and change in location of gates, was delayed in completing the contract.

Approval has been given for an extension of time for the completion of the contract with Rufo Construction Company, Inc., 1 Allen road, Brighton, for bituminous concrete pavement in Garden street, etc., from July 31, 1954, to August 31, 1954. This extension was requested because on June 17, 1954, there was a small cave-in on South Russell street which was promptly repaired and it was deemed necessary to allow sufficient time to elapse to see if there would be any more occurrences of this nature.

Approval has been given for an extension of time for the completion of the contract with John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, for repairs to the Albany Street Disposal Station, to August 31, 1954. This extension was requested because the contractor was required to do certain steel work on week ends and this has taken more time than he anticipated.

Approval has been given for an extension of time for the completion of the contract with Daddario-Piatelli for the building of sewerage works in Section 17, Stony Brook, Hyde Park, from July 30, 1954, to September 30, 1954. This extension was requested because excessive rains prevented the completion of the work.

ADDITIONS TO CONTRACT.

DEPARTMENT OF SCHOOL BUILDINGS.

D. M. McCartin Company has been ordered to make the following additions to the contract for the Edwin P. Seaver School:

Rewash and refinish the following work: Corridor ceiling in basement, boys' play area in basement, girls' play area in basement, corridor, first floor, ceiling, main entrance ceiling, for the sum of \$215, and the amount of \$215 will be added therefore, making the account as follows: contract price, \$4,725; total additions, \$320; amount of contract, \$5,045.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Adams Asphalt Company, Inc., has been directed to omit and substitute the following work under the contract for bituminous concrete pavement and cement concrete cribbing in Brigham street, Ward 1, from Webster street to Ruth street, dated June 14, 1954:

In Brigham street, omit 200 tons of crushed stone ballast in cribbing area; also omit the backfill in the cribbing with the excavated material which was found to be of poor quality, and substitute additional gravel amounting to 370 tons. All this work to be paid for under the proper items of the original contract.

Estimated cost of omitted work, \$700; estimated cost of substituted work, \$647.50; estimated decrease in cost, \$52.50.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

S. J. Tomasello Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Andria road, Ellwell road, Empire street, Eugenia road, Furnival road, George street, Lochland road, Mayflower street, and Solaris road, dated May 24, 1954:

In Lochland road, deliver to city yard 70.1 linear feet of new straight edgestone at \$2.35 per linear foot. Cost of hauling edgestone to city yard to be paid for under Item 5-e of the original contract. Furnish and lay 8 linear feet of 6-inch V.C. drain pipe for house connection to No. 9 Lochland road, including excavation, backfill, labor, and equipment, for \$4.50 per linear foot. Estimated cost of extra work, \$200.74.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

PARKS AND RECREATION DEPARTMENT.

From 500, Automotive Equipment, \$275, to 510, Electrical and Mechanical Machinery and Equipment \$275.

PUBLIC WORKS DEPARTMENT.

Automotive Division.

From 270, Repairs and Servicing of Equipment, \$100, to 431, Boiler Insurance, \$50, 439, Insurance (Not Otherwise Classified), \$50.

SUFFOLK COUNTY.

MUNICIPAL COURT, CHARLESTOWN DISTRICT.

From 110, Personal Services, \$269.50, to 561, Chairs and Desks, \$269.50.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing in William F. McClellan Highway, estimated to be thirty (30) days, parking of vehicles is prohibited in the following street, effective August 2, 1954:

Orleans Street, East Boston.

PROCEEDINGS OF CITY COUNCIL.

RECESSED MEETING.

Thursday, July 22, 1954.

In accordance with the vote to recess taken at the meeting of the City Council on July 19, 1954, the members reassembled in the City Council Chamber at 2 P.M., President WHITE in the chair.

REPORT OF BOARD OF THREE APPRAISERS ON PROPOSED SALE TO SEARS, ROEBUCK & CO.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1954.
To the City Council.
Gentlemen:

At the regular meeting of the City Council held on Monday, July 19, 1954, a resolution was adopted requesting the appointment of three expert appraisers to report by Thursday, July 22, at 2 P.M., on the value of certain city-owned land on Park Drive, Brookline avenue, and the Riverway proposed to be sold to Sears, Roebuck & Co.

In conformity with the resolution I named one appraiser, Mr. Edward F. Cassell; the Chamber of Commerce named one appraiser, Mr. Elliott Henderson; and the Real Estate Board named one appraiser, Mr. Norman W. Kenny.

The expert appraisers so named have viewed the site in question, have conferred, and have agreed on a sale figure of one hundred and fifty-two thousand five hundred dollars (\$152,500). The report of the three appraisers is forwarded herewith.

In view of the fact that the appraisal figure is twenty-seven thousand five hundred dollars (\$27,500) in excess of the figure submitted in my order to your Honorable Body dated June 7, 1954, I respectfully suggest that the pending order be amended to the amount arrived at by the three expert appraisers, to wit, one hundred and fifty-two thousand five hundred dollars (\$152,500), and that, for reasons previously outlined by me, affirmative action thereon be taken by your Honorable Body.

I wish to express my gratitude to Messrs. Cassell, Henderson, and Kenny for complying with the request of the City Council, and for performing a public service at no cost to the city.

Respectfully,
J. B. HYNES, Mayor.

Boston, Massachusetts,
July 22, 1954.

Mayor John B. Hynes,
City Hall, Boston, Mass.

Dear Mr. Mayor:

Although well acquainted with the property which the city is proposing to sell to Sears Roebuck & Co., we have again visited the location yesterday to observe first hand its physical condition and surroundings.

Despite the fact that existing zoning regulation, to which this property is subject, prohibits its use or development for business uses, we have assumed for the purpose of this appraisal that a variance in the zoning can be obtained, which will enable the site to be used for general business and commercial purposes. We proceed on this basis because the property has no use value to the prospective purchaser, Sears Roebuck & Co., unless they are permitted to use it for parking, which is in violation of the existing zoning, and which use will require a zoning variance.

We have considered the following restrictions to which any sale would be subject:

1. Sewer easement running generally parallel to Park Drive and the Riverway beginning at Brookline avenue.

2. Retention by the city of narrow areas around the entire frontages on all four sides, thus making it necessary in reaching the site to cross the city land by means of driveways across this land so retained by the city.

Restrictions which prevent total free use and development of land obviously adversely affect its market value. In reaching our conclusion we have assumed that ready, able and willing buyers are available. The land area involved (which is all filled, being formerly a part of Muddy River so called) contains according to plan presented to us 92,380 square feet with the following frontages: Park Drive, 458.18 feet; Brookline avenue, 187.50 feet; Riverway, 382.11 feet, and frontage of 303.81 feet on the so-called by-pass roadway which extends from Park Drive to the Riverway.

It is our opinion that a substantial sum of money must be expended to make this land suitable for parking and other allied uses, and for grading and surfacing the entire area with a so-called black asphalt top. We have taken into account a number of sizes of sizeable land areas which have taken place over the past ten years, making suitable adjustments with regard to their respective comparability and desirability affecting their use and market value, as well as the factor of time element in making comparisons with the property involved in this appraisal.

We have reached the conclusion that the fair market value of this site at the present time is one hundred fifty-two thousand five hundred dollars (\$152,500).

We wish to make it clear that if we were to value this property based on the existing zoning, namely, for residential purposes, our opinion would result in a figure substantially less.

Very truly yours,
EDWARD F. CASSELL,
ELLIOT HENDERSON,
NORMAN W. KENNY.

Referred to the Executive Committee.

RECESS.

On motion of Councillor McLaughlin, the Council voted at 2.20 P.M., to take a recess for a meeting of the Executive Committee, and that the meeting be held in public in the City Council Chamber to take up the question of the proposed sale of property to Sears Roebuck & Co. The members reassembled in the Council Chamber and were called to order by President WHITE at 5.01 P.M.

EXECUTIVE COMMITTEE REPORT.

Coun. AHEARN, for the Executive Committee, submitted the following:

Report on message of the Mayor and order (referred July 12) for sale of land at Brookline avenue, Park Drive, and Riverway to Sears Roebuck & Co. for \$125,000—recommending the passage of the order in the accompanying new draft:

Whereas, By the provisions of Statute 1951, chapter 199, the City of Boston is authorized to sell to Sears Roebuck & Co. a certain parcel of land situated at Brookline avenue, Park Drive, and Riverway, in the Roxbury district of the City of Boston, hereinafter described; now, therefore, it is hereby

Ordered, That the Mayor of the City of Boston be, and hereby is, authorized to sell at private sale to Sears Roebuck & Co., a New York corporation, having an usual place of business in Boston, for the sum of one hundred fifty-two thousand five hundred (\$152,500) dollars, a certain parcel of land, hereinafter described, and to execute and deliver an instrument conveying all the City of Boston's right, title and interest in said parcel of land. Said parcel of land is bounded and described as follows:

Beginning at a point 15 feet northwesterly of the northwesterly line of Brookline avenue and 80 feet northeasterly from the southwest-erly line of the Riverway; thence running northwesterly and more westerly on a curved line on a radius of 1,888.79 feet and a radius of 385.60 feet, two dimensions, one hundred thirty-two and 75-100 (132.75) feet and two hundred forty-nine and 36-100 (249.36) feet to a point, said line being 80 feet northeasterly from and parallel to the southwesterly line of the Riverway; thence turning and running northwesterly and northeasterly thirty-two and 97-100 (32.97) feet to a point, on a curved line on a radius of 15 feet; thence running northeasterly two hundred nine and 32-100 (209.32) feet to a point, on a curved line on a radius of five hundred forty-nine and 98-100 (549.98) feet; thence northerly on a curved line, ninety-four and 49-100 (94.49) feet to a point, on a radius of four hundred twenty-two and 78-100 (422.78) feet; thence turning and running northeasterly and southeasterly thirty-six and 78-100 (36.78) feet to a point, on a curved line on a radius of 15 feet; thence running southeasterly on a curved line three hundred seventy and 27-100 (370.27) feet to a point, on a radius of 1,794.12 feet, said line being 75 feet southwesterly from and parallel to the northeasterly line of Park Drive; thence running southeasterly on a straight line, seventy-seven and 91-100 (77.91) feet to a point; thence turning and running southwesterly in a straight line parallel to and 15 feet northwesterly from the northwesterly line of Brookline avenue, one hundred eighty-seven and 50-100 (187.50) feet to point of beginning, containing ninety-two thousand three hundred eighty (92,380) square feet of land, more or less, and shown as Parcel 1 on a plan hereinafter mentioned, together with the right to

pass and repass over the areas shown as Parcel 1-A, Parcel 1-B, Parcel 1-C, Parcel 1-D, and Parcel 1-E on the plan hereinafter mentioned.

The above-described premises are to be conveyed subject to the exception and reservation in the City of Boston of the right to maintain, repair and renew sewerage works, within the area marked "Muddy River Culvert," including the structures therein.

The above-described parcels of land, together with the reservation of the easement for sewerage purposes, are shown on a plan marked, "City of Boston, Brookline Ave., Park Drive, Riverway, Roxbury, April 14, 1953, James W. Haley, Chief Engineer, Street Laying-Out Department."

The report was accepted. The order in the new draft was passed, yeas 9:

Yeas—Councillors Ahearn, Foley, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—9.

EXPRESSION OF PURPOSE FOR PURCHASE OF LAND BY SEARS ROEBUCK & CO.

The following was received:

City of Boston,
Office of the Mayor, July 22, 1954.
To the City Council.
Gentlemen:

At the City Council meeting on July 19, 1954, your Honorable Body requested the original of a letter from Sears Roebuck & Co. to the City of Boston concerning the position of that company in the event of eminent domain takings by any public body. I send you herewith, for your files, the original letter dated March 18, 1954 as requested.

I also send you original of letter from the Sears Roebuck & Co., dated May 11, 1953, addressed to the Board of Park Commissioners, which sets forth the intention of the company to landscape the area of land in question and to place shrubbery thereon.

Respectfully,
J. B. HYNES, Mayor.

Sears Roebuck & Co.,
Philadelphia, Pa.
March 18, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Re: Park Land—Park Drive,
Boylston Street, and Riverway,
Boston, Mass.

My dear Mayor Hynes:

Under date of February 18, 1954, the Supreme Judicial Court of Massachusetts declared that the proposed sale or lease to Sears Roebuck & Co. of the land in Boston, included within the description contained in Statute 1951, chapter 199, section 1, was lawful and could not be restrained.

In view of this opinion by the court, it is respectfully requested that your Honor submit an order relative to the sale of this land to the Boston City Council so that this matter may receive immediate consideration.

We wish to make it very clear that our purpose in acquiring this land is solely for the more efficient operation of our retail store on Park Drive in Boston. This land will provide a parking area for our customers at no charge.

In the event that this land at some later date be taken under the power of eminent domain, either by the City of Boston or the Commonwealth of Massachusetts, or any department or agency of either of these bodies, we would not expect to receive, nor accept as compensation for such taking, any moneys in excess of our original cost plus the legal fees and other expenses incurred in connection with the acquisition thereof, and all such sums as the company may have expended in the adaptation of the land to its use as a parking area.

Very truly yours,
SEARS ROEBUCK & CO.,
by L. E. BURKE,
Property Manager.

Sears Roebuck & Co.,
Philadelphia, Pa.
May 11, 1953.

Board of Park Commissioners,
33 Beacon Street, Boston, Mass.

Gentlemen:
Reference is made to our letter of March 19, 1953, addressed to the Mayor of Boston, requesting that action be taken in accordance with the provisions of Statute of 1951, chapter 199, which authorizes the City of Boston to sell or lease to Sears Roebuck & Co. the land situated in the Roxbury district, and bounded by Park Drive, Boylston street, and the Riverway.

In the event that we lease or purchase this land, and provided that the land may be used

for the parking of automobiles, it is our intention to landscape that part of the land which is bounded by the Riverway. The effective use of shrubbery will make this area extremely attractive.

Sincerely yours,
SEARS ROEBUCK & Co.,
by L. E. BURKE,
Property Manager.

Severally placed on file.

WRITTEN REPORT OF THE THREE APPRAISERS OF LAND PROPOSED TO BE SOLD TO SEARS ROEBUCK & CO.

Coun. HAILER offered the following:
Ordered, That his Honor the Mayor be requested to have the board of three appraisers submit a complete written report of their reasons for this appraisal of \$152,500.

VEHICULAR TRAFFIC THROUGH SUMNER TUNNEL IN 1953 BREAKS ALL RECORDS—TOTAL OF 10,835,670 VEHICLES USED TUBES—1,251,698 MORE THAN PREVIOUSLY.

Vehicular traffic through the Sumner Tunnel for the year 1953 was 13 per cent higher than in the year 1952. This was revealed in figures made public from the office of Public Works Commissioner George G. Hyland this week.

According to the Commissioner a total of 10,835,670 vehicles used the tunnel in 1953, to break the previous record of 9,583,972 vehicles established in 1952. The increase in 1953 over 1952 totals 1,251,698 vehicles.

RECENT FEDERAL ACTIONS AFFECTING CITIES.

The Housing Act of 1949, approved on July 15, authorized a uniform 10 per cent payment to cities in lieu of taxes on housing projects, but the independent offices appropriation bill passed on August 15 contains a provision that for the fiscal year ending June 30, 1950, only payments provided for in the original contract between the housing authority and the city are authorized for federal reimbursement.

Federal aid for hospital construction has been approved for nearly 800 projects; more than 600 are general hospitals and the great majority are in towns of under 10,000 population.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

Proposals for Bituminous Concrete Pavement in Ashley Street, Ward 1, from Breed Street to Boardman Street; Orient Avenue, Ward 1, from Walley Street 165 Feet West of Montmorenci Avenue, and Grading and Sodding in Faywood Avenue, Ward 1, from Tower Street 480 Feet West-erly.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for bituminous concrete pavement in Ashley street, Ward 1, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Bituminous Concrete Pavement in Ashley Street, Ward 1, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, AUGUST 19, 1954, with a certified check for THIRTY-THREE HUNDRED (3,300) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Aug. 7.) Commissioner of Public Works.

Duties: Under general supervision, to keep a complete set of double entry bookkeeping records, including General Ledger, Budgetary Control Register, Expense Ledger, and Stock Ledger; to take paid office experience. Substitutions: trial balances, prepare sundry reconciliations, and prepare reports and statements; and to perform such other work in the manner required in connection with the accounting methods of the Commonwealth of Massachusetts.

A thorough knowledge of the basic and general principles of double entry bookkeeping is necessary.

MAYOR HYNES DEPLORES SITUATION DEVELOPED AT CITY HOSPITAL WHEREBY EPIDEMIC OF INFANT DEATHS MOUNTED SO SUDDENLY AND MYSTERIOUSLY—TERMS RECENT DEATHS MOST SERIOUS MATTER—THOROUGH PROBE ORDERED TO FIX BLAME—STEPS TAKEN TO PREVENT RECURRENCE.

Upon August 11 the Mayor issued the following statement:

The death of an infant, or an adult, through negligence, in any one of our city institutions is a grave matter. Multiple deaths because of negligence is a most serious matter. During the first half of this year, at least seven premature infants died at City Hospital as a result of infections. Whether these deaths occurred because of carelessness or negligence or violation of hospital standards is yet to be determined.

The Trustees of the City Hospital were neither informed of substandard conditions in the pediatric ward nor were the trustees informed of the epidemic of deaths until the middle of July. The

BOSTON NEEDS SATISFACTORY ASSESSMENT PLAN—FINANCE COMMISSION, IN COMMUNICATION TO MAYOR HYNES AND COUNCIL, POINTS TO CHALLENGE SITUATION PRESENTS—MAYOR HYNES PRAISED FOR THE SUCCESSFUL EFFORTS THUS FAR MADE, AND PREDICTION MADE FOR MORE SATISFACTORY RESULTS AS ASSESSING DEPARTMENT FUNCTIONS UNDER THE MAYOR'S DIRECTION.

The Finance Commission has presented to Mayor Hynes the following statement calling for a satisfactory assessment plan for city and taxpayers, and praising what has been achieved:

Boston, August 6, 1954.

CITY HOSPITAL OFFICIALS ISSUE JOINT STATEMENT RELATIVE TO OUTBREAK OF INFECTIOUS DIARRHEA IN INFANTS' WARDS—EPIDEMIC NOW DEFINITELY CONTROLLED—NO NEW CASES OR DEATHS SINCE MID-JULY—INVESTIGATION OF CAUSES AND CIRCUMSTANCES OF OUTBREAK IN PROGRESS AND FULL REPORT WILL BE MADE TO MAYOR JOHN B. HYNES AND OTHER INTERESTED OFFICIALS.

The following is a joint statement from Richard J. Condon, President of Board of Trustees and John F. Conlin, M.D., Director of Hospitals and Superintendent of the Boston City Hospital:

The outbreak of infectious diarrhea of the newborn which resulted in the death of seven infants at the Boston City Hospital during July has been definitely controlled. There have been no new cases and no deaths since mid-July.

The epidemic was reported to State Health Department officials, who responded promptly and thoroughly investigated the situation. The wards concerned were immediately closed to new admissions. All recommendations of inspecting and licensing authorities are being complied with.

The entire matter has been under continuous scrutiny by the hospital's Board of Trustees. Last week the trustees directed the hospital staff's Executive Committee to thoroughly investigate all the circumstances of the outbreak and to report concerning professional responsibility. This investigation is in progress.

The wards involved have been thoroughly disinfected, and removable equipment has been sterilized. The contract for complete repainting of the wards and premature nurseries has been let, and the work is expected to be started within a few days. These wards will not be reopened until all requirements of law have been met and the inspecting authorities have been completely satisfied.

Building and Safety Needs Delayed New License.

In response to a direct question concerning the present status of the hospital license, hospital authorities state that it is a matter of public record that the hospital's license had expired on July 9, 1953. It was stressed that the unlicensed status of the hospital was not due to any failure to meet requirements for the care of patients.

The defects which prevented the issuance of the hospital license were all building and safety requirements necessitating the installation of fire doors, stair-rails, etc. This work has been satisfactorily completed, and assurance has been received that licensure requirements have been complied with.

The circumstances preceding the outbreak of diarrhea and the matter of failure to comply with building and safety requirements for licensure were not made known to the trustees prior to mid-July. The trustees took immediate action as soon as the matters were brought to their attention.

The public may be assured that the professional staff and employees of the Boston City Hospital, the city government, and the trustees are fully conscious of their responsibilities to maintain the City Hospital as an institution of unexcelled standards of patient care.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

MAYOR HYNES PRAISES CHAMBER OF COMMERCE FOR ORGANIZING COMMITTEE ON BUSINESS AND INDUSTRIAL DEVELOPMENT—WILL ATTRACT INDUSTRIAL AND COMMERCIAL CONCERNS TO CITY—PLEDGES COOPERATION OF CITY DEPARTMENTS.

Mayor John B. Hynes publicly lauded the Chamber of Commerce for its organization of a Committee on Business and Industrial Development to help attract new industrial and commercial concerns to Boston and to help make Boston even more economically attractive for business firms to remain here. Thomas M. Hennessey, vice-president of the New England Telephone Company, is chairman.

"This is a most worth-while and needed operation," said the Mayor. "Any help the city can obtain in bringing new business here and protecting that which is here is most desirable. I congratulate the Chamber of Commerce for sponsoring this long-range venture and pledge the complete cooperation of the city government. With all that Boston has to offer as an industrial and commercial center, the plan is certain to succeed."

"I am deeply impressed with the personnel of the committee. It is composed of thirty-two of the most able and enterprising business experts in the community, representing all of the principal fields of endeavor. I sincerely thank these experts for the self-sacrifice and civic spirit they are showing by undertaking this most important assignment."

"With plans going forward for the redevelopment of the New York Streets area in the South End and a section of the West End into light industrial and commercial centers; efforts being made to redevelop the Boston & Albany Railroad Yards in the Back Bay; the rezoning of the city rapidly progressing; and the promotion of the city-wide rehabilitation and conservation movement getting under way in all of the residential districts, it is a most timely undertaking."

MAYOR ORDERS PROBE OF CITY HOSPITAL.

(Continued from page 1029.)

trustees are most anxious to discover what caused this so-called epidemic and to that end the trustees have designated the Executive Committee of the professional staff of the City Hospital to make a painstaking and thorough investigation. If a further investigation by state authorities is deemed advisable, I can assure such authorities that whatever information is desired will be forthcoming.

The city officials are gravely concerned that another such epidemic does not occur and steps have been taken to avert such a possibility. If there has been negligence on the part of any employees of the City Hospital, or criminal disregard of accepted health standards, the responsibility for such negligence will be brought out in the investigation now going on. I am particularly desirous of knowing why a situation which re-

sulted in the death of seven infants and the consequent heartbreak to their parents, was not brought to the attention of the trustees and thence to the Mayor until such time as the death toll had amounted to seven infants.

FINANCE COMMISSION URGES NEW ASSESSMENT PLAN FOR CITY.

(Continued from page 1029.)

mission expressed an opinion that "there is hope of results more satisfactory to the taxpayers when the reorganization of the work in the Assessing Department is in full effect." The purpose of this communication is to reveal the situation in respect to property valuations which now exists.

It was the expressed opinion of the Finance Commission as the result of many surveys of Assessing Department practices that a reorganization of the control in that department would facilitate necessary revamping of the procedures, the policies, and the practices in the establishment of the taxable valuations in the city. Now that that reorganization has taken place, the corollary to organization control—the establishment of a satisfactory system of assessment—is ready for a start. Since the pattern is not prescribed by ordinance, the Assessing Department is confronted with the task of formulating such a system.

Throughout many years the Finance Commission has kept before administrators and taxpayers alike certain of the practices and policies in the fixing of the tax rate which the Commission considered to be on the border line of abuse of authority. These concern the determination of individual assessments and the granting of abatements. Now that plans are in the making for the reorganization of the work, generally accepted as vitally necessary, the Finance Commission believes it is timely to make certain observations.

To place the Boston valuation picture in proper perspective, it must be seen in retrospect. To determine the direction which valuations are following, it is necessary to look beyond last year or five years ago. Moreover, the valuations set at tax rate determination time cannot be taken at face value.

The all-time peak in valuation was, of course, in 1930. That was the end of the extraordinary prosperity of the 20's. The consequences to real property of the disastrous depression which began in the fall of 1929 had not been calculated when valuations were fixed in June of 1930. Nevertheless, immediately thereafter property valuations as determined by the assessors began to fall. They continued to fall, year after year, until the lowest total property valuation since 1911 was reached in 1944.

This 1930 peak of valuations in Boston was \$1,972,148,200; the low is generally accepted to have been reached at \$1,442,008,400 in 1944.

The tax rate computations of 1944 contained the sum of \$1,690,586.89 for overlay—refund of taxes assessed which eventually are decided to be overvaluation or illegal valuation. By early 1946 that overlay account became exhausted. Abatements of 1944 assessments granted by the assessors had absorbed it all. A

1944 overlay deficit account began. By the end of 1949 this deficit became \$2,806,386.04.

This means that, adding to the above figure the overlay provided in the 1944 tax levy, to December 31, 1949, abatements of 1944 assessments had risen to \$1,496,972.93. Converting this figure, which is in tax dollars, into valuation figures means that to December 31, 1949, the total valuation on which the 1944 rate had been based was reduced to \$1,349,302,400. This latter figure, therefore, became on December 31, 1949, the total of the 1944 valuation. It has been further reduced by abatements since December 31, 1949. The only difference in years subsequent to 1944 has been that all the figures involved became greater.

For instance, in four months after the 1949 tax bills were payable, abatements granted more than doubled the amount originally set aside for that purpose. In fact, the accumulated overlay deficits had become so great at that time that special legislative authority was sought and obtained to provide a method by which the 1950 taxpayers could be spared the pain of paying in that one year for the excesses in abatements of the previous years. The deficit in the overlay accounts created by abatements in 1949 alone became \$11,333,570.23 in tax dollars on December 31, 1949, of which \$3,118,350.29 was on account of 1949 assessments.

Yet, despite the fact that the first \$2,000,000 authorized by the 1950 special act to finance the deficit had gone into the account by its inclusion in the tax computations of 1950, on December 31, 1950, the account had become a \$12,293,553.33 deficit account. This means simply that, while the \$11,333,570.23 account was being reduced by the first new tax of \$2,000,000, abatements of old taxes continued on the old scale.

Since 1944 was the low point, in this era, of total taxable valuations in Boston, it is a good point at which to begin to show "Whither are we going?" in taxable valuations. In the tax rate computation of 1954 the figure used as total valuation was \$1,566,676,000.

In 1954 the total valuation starts out as \$124,667,600 more than the original valuation in 1944; and it is \$217,373,600 more than the eventual 1944 valuation. In the last ten years, therefore, accepting original valuation figures only, the gain in total valuation in Boston has been 8.6 per cent.

When this small gain in the last 10-year period in total valuation is contrasted with the increase in the assessors' tax warrants in the same period (\$58,043,483.16 in 1944 to \$109,353,981.80 in 1954, an increase of 88 per cent) it is easy to see the reason for the 75 per cent tax rate increase—\$39.90 in 1944 to \$69.80 in 1954. Valuation gains have evidently been insignificant when contrasted with increase in the expenditure requirements.

The gain looks better if the eventual valuation of 1944 is compared with the original valuation of 1954. That was a matter of 16 per cent. However, there is little comfort in this larger figure, because the reduction by abatements will eventually cut that 1954 total back as in other years.

Boston's gain in total valuation has been small, which to a great extent is because of the loss of taxable property by takings for public improvement and

for charitable, educational, and religious purposes, coupled with the apparent unwillingness of owners to replace ancient commercial and industrial properties with new construction of greater taxable value. The present prospects of higher total valuation in Boston are dim.

The figures in respect to valuation heretofore used are of the total valuation on which the tax rate is based. Obviously total valuation has two parts—real property valuation and personal property valuation.

Real property apparently is gradually being less relied upon to provide the funds for city services. Its valuation was at its peak naturally in 1930, when it reached the all-time high figure of \$1,827,460,600. In 1954 it is \$1,432,252,300. The equivalent in tax dollars of the 1930 real property valuation was \$56,285,787. Inasmuch as the total requirements of expenditure in that year were \$76,233,861, real estate bore 73.8 per cent of the tax requirements in 1930.

In 1954 real property valuation for tax rate purposes is \$1,432,252,300. The equivalent in tax dollars is \$99,971,211; and in 1954 the total requirements for expenditures being \$154,819,459, real estate must bear 64.6 per cent of the tax requirements.

Next, in the proportion of real property valuation to the total valuation on which the tax rate is based, it appears also that real property has slowly edged downward.

It is of further interest to note where in the various sections of the city the changes in real property valuation have taken place.

In many wards, particularly in the commercial and industrial heart of the city (Wards 3, 4, 5, and 6), the valuations reached their lowest point about 1944, then moved upward until 1949 or 1950. Thereafter Wards 3 and 4 slid off in valuation; Wards 5 and 6 remained more or less steady.

In many other wards, predominantly residential in character, such as Wards 10, 11, 12, 13, 15, and 19, since 1944 valuations have changed little notwithstanding changing economic factors.

The wards where valuations have increased substantially during the past 15 to 20 years are those which have experienced, by and large, much new construction rather than a revaluation of existing buildings. Wards 18, 20, and 22 illustrate this point.

It is significant that there has been little change in valuation in some wards in 25 years.

The situation the assessors face at this beginning of an effort to install a system which will result in satisfactory valuations poses many problems. One of them is how to reduce the dissatisfaction of property owners with the determined values. That this dissatisfaction is ever increasing is shown in the figures of appeals from Assessors' original determinations. Yet it is greater than these particular figures reveal, because there are many applications for abatement which never reach the Appellate Tax Board.

The number of cases pending at the end of the state 1953-54 year (June 30, 1954) was exceeded only in 1945 and 1946, since the Appellate Tax Board was created in 1930. The volume of valuations involved was the greatest in the entire history of the Board.

In only two years was the number of new cases filed in 1953-54 exceeded, and

never was the valuation involved in the cases filed during that year exceeded.

The relation of the valuations determined in that year by the State Board as overvaluation to the valuation questioned reached a new high per cent—21 per cent.

The number of cases withdrawn from the Appellate Tax Board and settled by the assessors, and the valuation involved in them, were not the highest on record, but were still on the upward trend.

BOSTON PARKS AND RECREATION DEPARTMENT ANNOUNCES INITIATION OF SUMMER DANCE FESTIVAL — 500 YOUNGSTERS TO PARTICIPATE WITH INTERNATIONAL DANCES BEING FEATURED BY VARIOUS PLAYGROUND TRAINED GROUPS.

Boston Park Commissioner Frank R. Kelley has announced that the 1954 Boston Park Recreation Summer Dance Festival will be held on Wednesday, August 18, at 8 p.m., at the Tobin Memorial Recreation Center on Tremont street in the Mission Hill sector of Roxbury.

Over 500 Hub youngsters are now preparing for the Summer Dance Festival on the local Park play areas, under the direction of Dance Instructor Virginia Burkholder. This event will feature international dances, and the youthful participants will be dressed in colorful costumes.

The children from the Allston-Brighton district will present German and Spanish folk dances; the Dorchester youngsters' routines will consist of Scottish steps and Hawaiian "Hula" dances. Polkas and the exciting Italian Tarantella will be displayed by the Roxbury and East Boston performers; a highlight of the evening's entertainment will be the Jamaica Plain, Roslindale, and West Roxbury children's version of the spectacular French "Can Can."

The ever popular "Irish Jig" will be the offering of the Charlestown group; the North End dancers will display their talents in a Greek "Handkerchief Dance"; the Hyde Park performers will offer a touch of the Orient as they do Japanese terpsichorean novelties.

Climaxing the evening's program will be a salute to American dance history with special emphasis on Jazz, Negro, and Indian dances as performed by the highly-talented Boston playground groups.

Recreation Director Patrick J. Ryan urges all parents and friends of youthful dancers to attend this gala event as guests of the Boston Park Recreation Division.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon August 2 the Mayor approved a contract as requested in the following letter:

Boston, July 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of July 10, 1954, the following list of bids was received and publicly opened and read aloud on July 19, 1954, for electrical work at the Boston Trade High School:

Herbert F. Sawyer, Inc., \$3,643; Aetna Electric Company, \$4,448; Stanton Electrical Company, Inc., \$6,300; Kay Electric Company, \$6,539; Dorgan Electrical Company, Inc., \$6,947; Ralph E. Dixon, \$7,990.

You will note Herbert F. Sawyer, Inc., is the lowest bidder. However, we are in receipt of a letter dated July 22 from Herbert F. Sawyer, Inc., stating that because of an error in estimating, their proposal is too low and that they will refuse to sign a contract if one is awarded to them. This will necessarily cause forfeiture of their bid deposit check in the amount of \$350 submitted with their proposal.

I am, therefore, subject to your Honor's approval, awarding a contract

to Aetna Electric Company, 391 Cambridge street, Allston, the next lowest responsible bidder, in the amount of four thousand four hundred forty-eight (4,448) dollars.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

Upon August 2 the Mayor approved a contract with Joseph F. Dwyer for furnishing and installing H.R.T. boiler in the Boston Trade High School. Bids, opened July 29, were as follows:

Joseph F. Dwyer, \$17,400; Eugene Ricciardelli, \$18,829; Haffer-Mandell Company, \$18,890.

Upon August 4 the Mayor approved a contract with Burgess & Blacker Company for roofing and metal work at the William Barton Rogers School. Bids, opened August 2, were as follows:

Burgess & Blacker Company, \$13,200; Richard Moore Company, \$15,920; John J. Hourihan, \$16,776.

Upon August 4 the Mayor approved a contract with M. Solimando for alterations at the Jefferson School. Bids, opened August 2, were as follows:

M. Solimando, \$1,388; Michael Barr, \$1,490; Rossano Construction Company, \$1,621; M. Racioppi, \$1,632; Schwamb Construction Corporation, \$2,090; F. C. Dolan & Sons, Inc., \$2,412.

Upon August 5 the Mayor approved a contract as requested in the following letter:

Boston, August 3, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of July 24, 1954, the following list of bids was received and publicly opened and read aloud on August 2, 1954, for roofing and metal work at the Edward Everett School:

Burgess & Blacker Company, \$12,295; John F. Shea Company, Inc., \$12,300; John J. Hourihan, \$12,437; Richard Moore Company, \$12,900; H. A. Smith Company, \$13,700.

At the time the bids listed above were received on August 2, 1954, bids also were received for roofing and metal work on the William Morton Rogers School building, and the low bidder, Burgess & Blacker Company, was awarded the work in an amount of \$13,200.

The completion date for the work on the William Barton Rogers School building is established as September 10, 1954, and likewise the same date is established for work completion on this building, the Edward Everett School. September 10 is the day following the opening day of the schools for the full sessions, and as this department is making an extended effort to have all work of this nature completed not later than September 10 it seems to me advisable to award the work required on the Edward Everett School building to the second lowest bidder so as to complete it not later than this date.

Consequently, subject to your Honor's approval, I am awarding a contract to John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, in the

amount of twelve thousand three hundred dollars (\$12,300).

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

J. F. Stack & Co.: District 2, \$2,445; District 3, \$3,664; District 6, \$7,267; total, \$13,376.

* Contract awarded.

HOSPITAL DEPARTMENT. Sanatorium Division.

Upon August 2 the Mayor approved a contract as requested in the following letter:

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Sealed proposals for furnishing and installing four new window units in Ward M at the Sanatorium Division, 249 River street, Mattapan, were opened at 12 o'clock noon, on Tuesday, July 20, 1954.

The bids received were as follows:

F. C. Dolan & Sons, \$863; D. A. Rossano Construction Company, \$955; M. Solimando, \$1,145; Parkman Construction Corporation, \$1,185; I. Ginsberg & Sons, \$1,351.20.

At a meeting of the Board of Trustees held Friday, July 23, 1954, it was voted, subject to your approval, to award the contract to D. A. Rossano Construction Company, the lowest eligible bidder, in the amount of \$955.

It may be noted that F. C. Dolan & Sons, filed a bid for this work in the amount of \$863, but disqualified their bid when they failed to file a duplicate bid in the Auditor's office, before the time stated in the advertisement for the opening of proposals.

Respectfully submitted,

MARY MOORE BEATTY, M.D.,
Assistant Superintendent.

AMENDING "PLEDGE TO FLAG"

The Secretary read the following order submitted by Mr. Musco:

ORDERED, That the Regulations are hereby amended as follows:

Section 170, paragraph 2. In the sixth line, insert the words "under God," to follow the word—nation—so that the paragraph shall read as follows:

2. In every classroom the Pledge to the Flag shall be given

at least once a week in the following approved form:

"I pledge allegiance to the Flag of the United States of America and to the Republic for which it stands, one nation, under God, indivisible, with liberty and justice for all."

Mr. Lee: Mr. Chairman, this raises tremendous questions, in my judgment. It raises the whole philosophy of our Republic and our particular Commonwealth. Mr. Museo finds some room for improvement in the present form of the pledge. Others can find room for improvement perhaps even greater. The history of the pledge is rather a strange thing. It was started about the turn of the century by a man out in Melrose or Malden, or somewhere, who was writing a contribution to the Youth's Companion, a popular magazine of that day.

It was at a time when there was tremendous immigration coming to this country. In my judgment the old stock were rather alarmed by that. They didn't quite know what was going to happen. In fact, there were more people living in Boston, I believe, of foreign parentage than of native-born parentage, and I suppose an oath, a ritual to be recited by those children of foreign-born parents in which they pledged allegiance to this Republic, seemed to be a sort of precaution on the part of the old stock lest this country become something wholly different from its former tradition.

I presume that was what was back of the pledge. Certainly in the days of Washington and Lincoln and through the days of Cleveland, there was no such kind of ritual going on.

So I think we had better bear in mind the origin of that pledge. To carry out that point I think the words "I pledge" are peculiar words to use. They are words you use when you become naturalized, when you make a transition; but when you are already here, I don't quite see how you can so readily pledge your approach to that which you have already reached.

Massachusetts

The second point is that it stresses the Federal Republic rather than Massachusetts. I hope our citizens have their first loyalty to Massachusetts, not that the loyalties are in conflict. They are dual loyalties; but at least our Commonwealth is much older than the Republic. At least our Commonwealth, more instrumentally than any other colony, brought about the Republic.

At least, the Federal Constitution is simply a shortening down of the Massachusetts Constitution which was written first and was largely the work of John Adams.

It is very peculiar when you see a Massachusetts flag and an American flag side by side on a

platform and everybody's attention seems to go to the flag of the Federal Republic rather than to the flag of the Commonwealth.

That has been a tendency that I think is very hurtful. In fact, it is contrary to the original concept of the Union. I spoke at a recent meeting of the tremendous centralization of power in Washington. We were very hesitant, of course, to go in on that thing; but we did go along, with a great deal of hesitation, and met on Federal Street, as you know, in about 1788, and did finally, after bitter debate, ratify the Republic and came in as a member of it.

But surely the basic anchor is that which is nearest home, the Commonwealth. We only ceded a very few powers to the Federal Government. The powers you can almost enumerate on your hand—to protect us against foreign foes and to regulate the currency and coin money, and to regulate Interstate Commerce; and after you have said that, you have said about everything. How you get born and how you live and how you get married and how you die is still the concern of the State Government.

I think our children know more about the Federal Government than about our State Government, and I think that is a very bad situation, especially since our State Constitution is very eloquent and very beautiful and was the forerunner of the Federal Constitution, and our State legislative procedures are ahead of any other state—and, I would say, way ahead of the procedures down in Washington.

Now I think we ought to give a good deal of thought to just how we are going to go about making this change.

Chairman: It is already changed, isn't it—

Mr. Lee: No.

Chairman: Hasn't it been changed?

Mr. Lee: No. Congress has passed or is passing some law which is designed to emphasize, I believe, the proper or the best usages in respect to the flag; but it is not a law in the usual sense. It doesn't command anybody to do anything. It doesn't place any penalty if they don't. It is simply a ceremonial aside that is entirely permissive.

That trend towards centralization, I think, is very bad. Responsibility should be on the individual. First comes God, then comes the citizen, and then comes his family, then comes his Commonwealth: and the Federal Republic and United Nations come last.

The world is getting turned upside down. The people are beginning to worship the United Nations and the Republic, and coming down to the Commonwealth and down to their own responsibilities at the end of the column.

So I think there are all those things that ought to be considered. It was Karl Marx who wanted one nation indivisible.

Those are his very words in his Manifesto, because a revolution can only emanate from a center, he said, and you can't allow every village, town and hamlet to stand as an obstacle in the path of the revolutionary movement.

Effect on the Bar

I furthermore say that this particular change breaks the rhythm and the cadence of that pledge. Anything of a sort that involves devotion is mainly a matter of music. If I say, "I look at the mountain" no one is going to get very thrilled, but if I say "I lift up mine eyes unto the hills," which means exactly the same thing, it makes you vibrate inside.

Now you can't put in the words "under God" and keep in the word "indivisible" without breaking up that rhythm and you no longer are having a litany of music for your youngsters but you are having a jumble of sound.

I would suggest having something like this: "I rejoice in the Commonwealth of Massachusetts and in the Republic of the United States where people have no power to ward one another except to do good things for the other and receive the other's dollars in gratitude." That tells the story very completely.

Symbol

If you are going to keep the pledge as it is, which seems to me a bad neglect of the Commonwealth, you should get right down to business and not make so much of the Flag but make more of the Republic. The Flag has no value except as it symbolizes the Republic.

Now, when we can talk about the real thing, I don't see why we talk about a replica or symbol of the real thing. Why doesn't it read, "We pledge allegiance to the Republic of the United States?"

It's the same point as Jesus of Nazareth made if I can remember correctly. He took the Pharisees to task because they regarded it as a legal oath if you swore by the gold on the altar but not by the altar; and Jesus maintained, "Why don't you swear by the altar?" I haven't got the citation exactly in mind. It is somewhere in Matthew. You probably remember it better than I do.

So I think we had better get down to business with the Republic or the Commonwealth. I admit all these matters are far-reaching. I think they are important. They are a definition of our institutions. They are a definition of our system of life.

Individuals

I think it is very queer to say "One nation indivisible." It is not even true. Our nation is divisible into at least forty-eight states, and that is the whole point of the affair.

If I were going to use the word "divisible" or "indivisible," I would say. "One nation divisible into 150,000,000 people, all of whom spent their time doing good things for each other."

I don't know why that "indivisible" comes into a Republic of which the essence is its divisibility into forty-eight states and 150,000,000 people.

I say, therefore, that we are raising here a great many questions. We are dealing with an oath of peculiar background and history—a salute of peculiar background and history and I believe the matter should be put over to a study of some council in our history department; and they can pass on Mr. Musco's suggestion, and pass on some of the points that I brought up, and will perhaps come out with something much more eloquent than either.

Chairman: The question comes on the order of Mr. Musco.

"Under God"

Mr. Ward: Mr. Chairman, the only understanding that I have is that Mr. Musco has brought in a question that was of concern to the Congress of the United States that the pledge of allegiance shall read "under God".

I believe there has been a definite trend in the minds particularly of the American people to go back to God; and I recollect, in going back into the history of the founders of the Republic, that they were very, very concerned that in the Constitution they should go back three or four times to make certain that they were working under Divine Guidance—they were working under God.

Now on or about 1912 they gave God a rain check in all their conferences. In other words, they didn't want God in their conferences. At no time were they allowed to bring God's name into it.

At Yalta God's name was not mentioned because we would offend a few Communists in Russia. We decided—or our Government or the leaders of our Government did—to allow those people to leave God, the Creator of Mankind, out of their deliberations for fear of offending Russia.

I think that this motion to put into the Pledge "under God" is most important and will lead more people back to God; particularly it will bring into the minds of the child that, as we all believe here, there is a God —

Miss Fitzgerald: Well, Mr. Chairman, I want to say that in all of the graduation exercises that I attended I noticed that the school children in saluting the flag used the amendment that Mr. Musco just brings out, and I think that that does call one's attention to this revision, and it follows along with the ideas that Mr. Ward has brought forth: so I hope the Committee will see fit

to put this change into operation.

Chairman: Thank you very much.

Conformity

Mr. Musco: Mr. Chairman, my only purpose in presenting this order was to bring it into conformity with the rest of the nation.

As you know, it was enacted by Congress and signed by the President on Flag Day, June 14th, at five minutes past eight; and of course if our pledge of allegiance is in any way different from that passed by Congress, then I feel that we should correct our pledge which is printed in our Rules and Regulations to conform with the Act of Congress.

Mr. Lee: Mr. Chairman, may I reply both to Mr. Musco and comment upon Mr. Ward's comment?

Mr. Musco has made a very eloquent plea, in my judgment, against the wording of the oath that he recommends. The genius of America is not conformity; that is the genius of Hitler's Germany and Mussolini's Italy and Stalin's Russia.

The genius of America is individuality and differentiation between people and between Commonwealths; and I certainly would hate to see the day that Massachusetts feels that it must get into uniformity with and conformity with the other states.

Now, speaking of Mr. Ward's comments, I entirely agree with him. I think it would be much better to open the schools with a prayer every day. I think God has got a good deal to offer us; but, inasmuch as we created the Federal Constitution and the Federal Government, I think that those instruments have much less to offer us. They are simply our own handiwork.

If the pledge is going to be used in some form such as the present with minor modifications, I would then urge by all means putting in the phrase "under God," and taking out the word "indivisible" which is really ridiculous in view of the essence of our Republic being that it is divisible not only into forty-eight states but 150 million people.

Chairman: The question comes on the motion of Mr. Musco.

Emblem of Faith

Mr. Ward: Mr. Chairman, I would just like to say this briefly. Many people come to the realization that in the Catacombs of Rome a few thousand people in constant prayer to God were able to destroy the greatest nation and the greatest empire since the beginning of time—the Roman Empire—without the use of the atom bomb or the hydrogen bomb, and they were able to destroy that empire simply with the power of prayer and the power of their appeal to God. I think it is going to help this nation. Perhaps we can destroy Russia and its satellites by just these two

words in our pledge of allegiance.

I recognize that Mr. Lee, when he spoke on the Flag was saying that the Flag is an emblem. It is an emblem of our thought and our purpose as a nation. We have no other character than that which we as individuals will give that flag from time to time.

The flag represents the United States of America; and since we salute that flag, and we are saluting that flag in a pledge to what the flag represents, then the pledge of allegiance to the Flag in my mind would be pretty nearly all right. In other words, "under God" would improve it.

Chairman: The question comes on the order of Mr. Musco.

Mr. Lee: Mr. Ward, why not marry the girl? Why just marry the dress?

Mr. Ward: What?

Mr. Lee: Why not marry the girl? Why marry just the dress?

Disposition of the Motion

Chairman: The question comes on the order of Mr. Musco.

Mr. Lee: Mr. Chairman, I move the following amendment: That Mr. Musco's order be amended by striking out the word "indivisible."

Chairman: Question comes on the amendment of Mr. Lee that we strike out the word "indivisible."

On roll call, Mr. Lee's motion to amend failed of passage by the following vote:

YEAS—Mr. Lee—1

NAYS—Mr. Carr, Miss Fitzgerald, Messrs. Musco and Ward—4

Mr. Lee: I have another amendment. I move we strike out the phrase, "I pledge allegiance to" and substitute the phrase "I rejoice in."

On roll call, Mr. Lee's motion to amend failed of passage by the following vote:

YEAS—Mr. Lee—1.

NAYS—Mr. Carr, Miss Fitzgerald, Messrs. Musco and Ward—4.

Mr. Lee: I have a last amendment, Mr. Chairman, and I don't see how anyone at the table can refuse to act favorably on this one. I counsel you to think carefully before you vote.

I move we insert the phrase "the Commonwealth of Massachusetts and the Flag of" after the word "of" in the first line.

Chairman: "Commonwealth of Massachusetts?"

Mr. Ward: How will that read?

Mr. Lee: Then it would be, "I pledge allegiance to the Flag of the Commonwealth of Massachusetts and the Flag of the United States of America and"—and so forth.

Chairman: The Chair hopes that the amendment proposed by Mr. Lee is defeated. I think we should conform with the pledge as it is adopted nationally.

Miss Fitzgerald: Mr. Chairman, in support of your position in this matter, Massachusetts is, after all, a member of the Union of States, the United States of

America, and as such we certainly fought on the Union side in the Civil War. I think most citizens do pledge their loyalty to the United States of America and their loyalty, of course, to Massachusetts as well as the United States of America, so that it seems to me it is implicit, in pledging loyalty to the United States of America or the Flag of the United States of America, one is pledging allegiance to the Commonwealth of Massachusetts.

Mr. Lee: May I ask which is most important in Miss Fitzgerald's mind?

Miss Fitzgerald: The thing which is most important in my mind is the thing which was important to President Abraham Lincoln, and that is the Union itself—the Union of States.

Chairman: Question comes on the amendment of Mr. Lee that we insert the phrase "the Commonwealth of Massachusetts and the Flag of."

On roll call, Mr. Lee's motion to amend failed of passage by the following vote:

YEAS—Mr. Lee—1.

NAYS—Mr. Carr, Miss Fitzgerald, Messrs. Musco and Ward—4.

Mr. Lee: May I call attention—before you vote on the main motion—to my previous suggestion that if you did refer this whole matter to a council of history teachers or those whom the Superintendent wants to name, you would get the benefit of a very learned and vigorous and capable set of men who might well come out with something much better than some minor contributor to the Youth's Companion fifty years ago came out with, and you wouldn't in any way injure your interest because then you could vote down their suggestion if it was any different from your own convictions.

And if they, too, endorsed and recommended the motion you have before you now, you would be as well off as you are at present.

In other words, the delay would be a sensible step. It might make a great difference in the attitude of our children. It might do away with this mania for deferring all our responsibilities to some mystical figure in Washington instead of putting them on our own shoulders and keeping them within our own Commonwealth.

I raise substantial questions, and I do urge that the Committee put this matter over for a report from the Superintendent or those whom he wishes to designate to consider the situation.

Mr. Ward: Mr. Chairman, I would move to put this over if I thought it would add anything to the thoughts in the mind of Mr. Lee. However, the only words that are changed in this entire pledge of allegiance are the two words which Mr. Lee undoubtedly does not oppose—"under God."

Not for fifty years or seventy-five years, but a hundred years, that same pledge of allegiance has been used, or as long as it was established.

Mr. Lee: Fifty years.

Mr. Ward: No educators, no superintendents, no school committees, no teachers have ever come and said this pledge of allegiance is wrong. Nobody has ever brought it up. This is the first time we have discussed it, to my knowledge, since the pledge of allegiance was a part of the curriculum of the schools where it might be improved upon, as Mr. Lee so suggests.

However, when he refers this matter to fifty teachers within the system, they have had opportunities over the period of years to say, "Here, this is wrong, let's make this addition." They have not seen fit to do that.

Therefore, in ordinary circumstances, I would say, Mr. Lee, that I would be glad to postpone anything. Since they have not done it in the past, I don't see why we should postpone this tonight.

Chairman: Question now comes on the motion of Mr. Musco to amend Section 170, paragraph 2 of the Regulations.

Secretary: This is to suspend the rules and pass the order.

Mr. Lee: It takes four votes to suspend the rules?

Secretary: Yes, four votes.

On roll call, the rules were suspended and the order passed by the following vote:

YEAS—Mr. Carr, Miss Fitzgerald, Messrs. Musco and Ward—4.

**PUBLIC RELATIONS
PROGRAM**

Mr. Musco: Mr. Chairman, I have revised my report on increasing the scope of public relations in the Boston Public Schools and would like to submit it to the members of the Committee for their appraisal within the next few weeks.

Mr. Lee: May I ask Mr. Musco whether it is much changed?

Mr. Musco: No, it has not been too much modified. I would like to have it in the public record.

Mr. Lee: I thought your previous form of the report was excellent and should receive our attention.

The following is the report of Mr. Musco, which was ordered spread on the record of this meeting:

I should like to offer the following suggestions and observations concerning the need for broadening the scope of our public relations program in the Boston School Department. These observations were arrived at after careful study and thought. I am doubly aware of this problem of public relations as I face it daily in my business life.

A regular plan of action in any undertaking should begin at the beginning. In presenting this program of public relations we can begin with the existing framework within the Statistics and Publicity Division, expand its program and broaden its scope to include every modern media, technique and method. It is axiomatic that if this program of school public relations is to succeed, its leadership should be recognized as part of the policy making echelon of our school organization.

Modern education, as we know it, is a complex process. It is a far cry from the "Little Red School House" with its one teacher, a few pupils, and a curriculum limited to the three R's, to the present day set-up of modern school buildings, hundreds of teachers, varied curricula, and huge school budgets. Hence, I believe a modern school system needs a broadened public relations program which will lay open the doors and windows of its complex system, so the parents and taxpayers can see the labyrinth of activities taking place within.

It is universally proclaimed by law and tradition that the public schools belong to the people who so generously support them. The schools' welfare and progress, therefore, are determined by the opinions the people have formed of them. It is my firm conviction that if people are kept continuously informed about the purposes, accomplishments, condi-

tions, and needs of the schools and school personnel, they will be more willing to cooperate with and support those charged with their administration.

My conception of school public relations may be defined as that phase of school administration which seeks to bring about the harmonious working relationships between the schools and the various publics which the schools serve.

Private business has realized for years that success comes from courting the good will of the public toward its products and services. In 1953 business enterprises in the United States spent two billion dollars to obtain and keep the good will of the public. Private business has learned that the public must be wooed if they are to be wedded to its products or services. In like manner it has been found desirable to cultivate the good will of stockholders and employees. The need for a modern, well planned public relations program is just as essential in the administration of a school system as it is in the administration of private business. If this principle is sound, then it should be important to our Boston school system which represents a \$28,000,000 public business. Since our public schools are established by the people, are financed by the people, and belong to the people, they have a right to be informed. All the people are stockholders in our school system. We in the school department have a responsibility to render to them "an accounting of our stewardship."

A complete program of public relations, therefore, involves the interrelations of the entire school system and the many local publics. This program should be a special function of the School Committee in which the school system and the local publics both focus, and of the superintendent of schools as the Committee's adviser and executive officer.

The Public Informs the Schools

Attitudes of the many publics toward their schools and their committees vary from enthusiastic cooperation and support, through the neutral territory of tolerance or acceptance, to active hostility.

I sincerely believe that the time is ripe to consider the need for finding out what the public thinks about the schools, a consideration that may prove to be as important as asking the public to understand the schools' thinking. Thus school public relations should be external, as well as internal, to the school system. This phase naturally prompts certain questions: Should we make regular attempts to find out what the public thinks of what the schools are doing; what the public wants, can afford, and will stand for; or will we just trust to luck? Should we make an intelligent attempt to keep an index of public opinion as it pertains to the schools?

There are certain aspects of educational thinking, however, which the general public and the school must arrive at together. While this aspect of the process has been generally overlooked, it could well become the backbone of a sound school public relations program. This program thus becomes a "two-way street." It includes the publics' school relations as well as the schools' public relations.

There are doubtless matters that the public should learn about the schools themselves. There are also matters about which the schools may properly learn from the public. In other words a well planned modern program of school public relations requires a two-way flow—information and interpretation from the schools and constructive criticisms and cooperation from the citizens of the community.

These should be the objective of the Boston School Committee when the members have approved this program.

The Schools Tell the Public

As a general rule, the general public accepts without much opposition or enthusiasm what is going on, trusting that the educators know what they are about.

But public support is needed at critical times. Therefore, the school public relations program should prove an education to the people who receive it. It is a form of adult education, of community service.

The aims of the School Public Relations Program should be:

1. To seek public views concerning schools; what the public wants and can afford
2. To educate the public concerning activities, new programs, accomplishments and needs of the school, school personnel, and students
3. To develop confidence and foster good will between the school and the various publics
4. To promote morale (esprit de corps) among school personnel and student body.
5. To prevent misleading impressions concerning the schools
6. To correct any hearsay or false information concerning the school
7. To prevent or counteract activities of special interest groups.
8. To inform the public or legislative bodies concerning particular school proposals, such as school expansion involving bond issues.
9. To explain reasons for increases, if any, in school budget.

The Technique Employed in Promoting the Program should attempt

1. To represent all important phases of school work.
2. To tell the truth.
3. To present material in an attractive and understandable manner to suit the comprehension and interest of the various publics.

4. To utilize all available media, facilities, agencies and methods of publicizing.

5. To analyze and classify results of opinion surveys.

6. To promote understanding and appreciation by use of a Speakers Bureau.

The Instruments of the Program should be:

1. Pupils who are our best public relations agents
2. School personnel who should prove important cogs
3. Metropolitan daily and weekly newspapers
4. Radio and television
5. Student publications
6. Student activities in school and community affairs
7. School exhibits and demonstrations
8. Community exhibits and demonstrations
9. Promotional work involving special purpose campaigns, such as American Education Week, Junior Achievement, Junior Red Cross, Clean-Up Week
10. School visitations
11. Home and School meetings
12. Periodic distribution of pamphlets, reports, brochures in the homes of school children and to the other publics interested in our schools
13. Opinion surveys
14. Speakers Bureau
15. Use of school plant for community service
16. Participation of school personnel and students in community affairs
17. Wider community use of school audio-visual materials

How to Accomplish Program

A modern type of public relations program for a complex system like the Boston public schools should be well planned. This requirement is just as necessary as the planning of any other phase of school work. It should promote the schools as well as report them. It should be aimed to foster the cooperative development of school and community working together. The efficiency of our schools could be enhanced by a modern program utilizing all the techniques and methods of modern day reporting, promoting and advertising. This program, properly instituted and encouraged, should guide the public into more sympathetic understanding of our schools, purposes, needs and accomplishments. A quotation from Abraham Lincoln is appropriate here: "Public sentiment is everything. With public sentiment nothing can fail; without it nothing can succeed. Consequently he who molds public sentiment goes deeper than he who enacts statutes or pronounces decisions."

Since our broadly conceived program of public relations includes publicity as one of its aspects, we should like to begin

with that program and expand and increase the scope of its work. At present we have a Division of Statistics and Publicity. The Head of the Division is one of the senior members of our administrative force; he possesses the highest educational qualifications; has the professional know-how and vision to establish and administer this modern type program. However, only 30 per cent of his present working schedule is given to publicity. The remainder is given to statistics, research and studies concerned with administration.

It is my thought that this publicity phase should be broadened and the scope enlarged to the broader program of public relations. At the earliest possible moment, therefore, the Head of the Division should be assigned full time to the larger program. It is my further thought that this program should be established at the policy-making level.

No one can expect to render this service except upon the basis of complete acquaintance with the work administered by other departments in the school system. The Head of the Division will get the basis for his work as he sits around the table with the Board of Superintendents and sits in at the School Committee conferences and becomes acquainted with their problems and with their achievements and programs for which he and they are responsible.

A list of the duties of the Head of the Division of Statistics and Publicity deputized to organize and administer this modern program under the direction of the School Committee and Superintendent, would involve:

1. Interpreting school policies and practices.
2. Acting as representative of the School Committee and the Superintendent before legislative bodies.
3. Representing the administration as a speaker at public functions, e. g., veteran groups, service clubs, Chamber of Commerce, Home and School Associations, patriotic and religious meetings.
4. Keeping in constant touch with all media of imparting information, e. g., press and wire services, magazines, radio and television
5. Planning an active school and community cooperation program
6. Suggesting appropriate methods of solving problems affecting entire school system — drop-outs, juvenile delinquency, vandalism

The appraisal of this modern public relations program will be evidenced in the growth in public understanding and appreciation, and improvement in school and community cooperation.

The Committee adjourned.

Attest:

READVERTISEMENT.**CITY OF BOSTON.****FIRE DEPARTMENT.****INVITATION FOR PROPOSALS FOR INSTALLING OF UNDERGROUND CONDUIT AND CONSTRUCTING MANHOLES.**

The Fire Commissioner of the City of Boston, 115 Southampton street, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for installing approximately one thousand fifty (1,050) feet of 3-inch wrought-iron duct in Adams street, Dorchester, construction of two (2) manholes, and the installation of subbase and middle section for two (2) fire alarm boxes. A bond of an approved surety company doing business in the Commonwealth of Massachusetts, in the full amount of the contract, will be required to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at the office of the Fire Commissioner, 115 Southampton street. Each proposal must be signed by the bidder, placed in an envelope, sealed, and marked "Proposal for Installation of Underground Conduit and Construction of Manholes," and left at the office of the Fire Commissioner, 115 Southampton street, before 12 o'clock noon of Friday, August 20, 1954, accompanied by a certified check for three hundred (300) dollars, payable to the City of Boston and to be the property of said city as liquidated damages suffered by said city if, after acceptance of his proposal, the bidder shall fail to carry out said proposal. The proposals shall then and there be publicly opened for reading. Proposals must be made in duplicate, and the sealed duplicate, without check, must be deposited by the bidder with the City Auditor previous to the time for opening the proposals. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, and laborers shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, schedule of which appears in the specifications. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (Ter. Ed.) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing will be required prior to the award of said contract. Plans and specifications may be obtained at the office of the Fire Commissioner, 115 Southampton street, Boston. The Fire Commissioner reserves the right to reject any and all proposals and to award the contract as he deems best.

PUBLIC WORKS DEPARTMENT.

Proposals for Corner Cutbacks at Arlington Street, Ward 5, at Southeasterly Corner of Commonwealth Avenue; Edgewater Drive, Ward 18, at Westerly Corner of River Street; and Franklin Street, Ward 3, at Northwesterly Corner of Congress Street; Sidewalk Narrowing at Beacon Street, Ward 21, Northerly Side, Between Sutherland Road and Approximately 100 Feet Easterly; Sidewalk Narrowing and Construction of Traffic Islands in Gallivan Boulevard, Ward 16, Adams Street to Kenmore Road, and Adams Street, Minot Street to Gallivan Boulevard; Peabody Square, Wards 16 and 17; and Construction of Traffic Islands at Bowdoin Street, Ward 15, at Geneva Avenue; Broadway, Dorchester Avenue, and Macallen Street, Ward 6; and Warren Street, Ward 12, at Blue Hill Avenue.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for corner cutbacks at Arlington street, Ward 5, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Corner Cutbacks at Arlington Street, Ward 5, etc." and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, AUGUST 26, 1954, with a certified check for EIGHTEEN HUNDRED (1,800) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be made in duplicate of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

DANIEL M. SULLIVAN,
Acting Commissioner of Public Works.

DEPARTMENT OF SCHOOL BUILDINGS.

TO PAINTING CONTRACTORS.

INVITATION FOR PROPOSALS FOR FABRICATION AND INSTALLATION OF IRON FENCE AT THE PRINCE SCHOOL, NEWBURY STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for fabrication and installation of iron fence at the Prince School, Newbury street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, August 23, 1954, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

MAYOR HYNES CALLS ON CITY COUNCIL TO AID IN PROVIDING FOR INCINERATORS TO TAKE CARE OF CITY'S REFUSE AND GARBAGE PROBLEMS—PLANS CALL FOR CONSTRUCTION OF THREE PLANTS TO SUBSTITUTE FOR UNSERVICEABLE LAND DUMPS—ASKS FOR PROMPT ACTION—WATERTOWN TO SHARE EXPENSES.

On Monday, August 16, Mayor Hynes presented the following communication to the City Council:

To the City Council.

GENTLEMEN:

The problem of disposal of refuse and garbage in the City of Boston is one of major proportions. Because of the lack of land for so-called land dumping purposes, and also because of the undesirability of land dumps, it is commonly agreed that the solution to our disposal problem is by the construction of modern incinerators.

At the present time, it is contemplated to erect three incinerators to serve the

PREPARATION OF BUDGET FOR 1955 GETS UNDER WAY—CHARLES J. FOX, DIRECTOR OF ADMINISTRATIVE SERVICES, ISSUES DIRECTIVE TO HEADS OF DEPARTMENTS AND BUDGET OFFICIALS WITH INSTRUCTIONS ON PREPARATION FOR PRESENTING NEEDS AND REQUIREMENTS.

The Administrative Services Department, Charles J. Fox, Director, has issued a directive to all heads of departments and budget officials on preparation for presenting the 1955 budget. The directive reads as follows:

BOSTON, August 16, 1954.

To Department Heads and Budget Officials.
Subject: Preparation of 1955 Budget.

The adoption of a budget is basic to an efficient and economical management of public affairs. Estimates are the foundation of the budget. Estimates cannot always be exact, but they can closely ap-

VAST MEDICAL CENTER FOR SOUTH END PROPOSED BY MAYOR JOHN B. HYNES—ASKS PLANNING BOARD TO CONFER WITH HEADS OF CITY AND MASSACHUSETTS MEMORIAL HOSPITALS AND BOSTON UNIVERSITY MEDICAL SCHOOL TO PLAN TO ACQUIRE LAND FOR EXPANSION IN FUTURE YEARS—ALSO FOR RE-ROUTING OF THROUGH TRAFFIC AWAY FROM HOSPITAL CENTER TO HALT DISTRACTIONS HAVING RETARDING EFFECT ON CONVALESCING PATIENTS.

Mayor John B. Hynes has requested the City Planning Board to confer with the heads of the City Hospital, Boston University Medical School, and the Massachusetts Memorial Hospital, all of which institutions are located adjacent to each other in a highly congested area of the South End, with a view toward assuring these famous medical care and training centers adequate land for expansion as the years roll on.

"The time has now arrived," said the Mayor, "when we must recognize that the area in which the City Hospital, Boston University Medical School, and the Massachusetts Memorial Hospital are located is extremely restricted, and as these institutions are permanently anchored in that section of the city we must make plans for their expansion over the next 50 to 75 years. Neither industry nor commerce nor anything else should be allowed to impede the growth and development of these most essential services."

The Mayor, anticipating the completion of the Central Artery, also requested the Boston Traffic Commission to make an immediate study of the entire medical area in the South End with a view toward, if not now, eventually rerouting through traffic away from the front and back doors of these hospitals. "Needless to point out," he said, "motor vehicle horn blowing and the nerve-racking noises that arise out of heavy traffic have a deleterious effect on patients convalescing at hospitals. Efforts should also be made to provide more parking facilities in the vicinity of these hospitals, both for the use of visitors and hospital employees."

Park Department To Aid.

He also requested the Boston Park Department to take immediate steps to plant trees, vines, and shrubbery in the vicinity of the medical center, not only for the purpose of beautifying the area, but for the peace and comfort such improvements would give convalescing patients.

He also suggested to the City Planning officials that they include in their conference the head of the Boston College High School, the pastor of the Immaculate Conception Church, the rector of the Cathedral of the Holy Cross, the chairman of the South End Rehabilitation and Conservation Committee, and the head of the Franklin Square House on nearby East Newton street, all of whose interests have an important stake in the future development of the medical care and training center area.

Already part of the area in the vicinity of the medical care and training center is due for a marked change. The old Boston College High School building and the East Newton street houses owned by the Jesuit order probably will either be razed or rehabilitated, and Boston Univer-

MAYOR HYNES PROPOSES EXPANSION OF MEDICAL CENTER IN SOUTH END.

(Continued from page 1057.)

sity Medical School is planning to break ground next year for the erection of an \$8,000,000 medical school building on the site of the former Home for Catholic Children, which is located on Harrison avenue between the City Hospital and the Massachusetts Memorial Hospital.

"Bostonians realize," said the Mayor, "the importance of this great Boston medical care and training center. Wholly apart from the medical aid provided by the City Hospital and the Massachusetts Memorial Hospital for the people of Boston, Harvard, Tufts, and Boston Medical Schools are using these institutions as training facilities for the physicians and surgeons they give annually to America as well as to all parts of the globe. Together with the Massachusetts General Hospital, Peter Bent Brigham, Boston Lying-In, the New England Medical Center, and other famous Boston medical institutions, they are having a profound influence on the health of the people of the world."

PLANS FOR PREPARATION OF 1955 BUDGET.

(Continued from page 1057.)

proach actual requirements if certain fundamental principles are observed and followed. Good organization, long-range plans, established objectives are fundamental to good estimating for budget purposes. Budget preparation should not be looked on as an annual chore, but should be considered as a continuous effort to perfect the financial administration of the city.

It is, as you know, the aim and desire of this administration to build Boston's governmental structure on sound business and good organization principles. You are, therefore, requested to take the matter of *Budget Preparation* quite seriously and study your particular department or unit, so that the highest type of efficiency will be achieved.

Preparation of the 1955 budget should now become a matter of reducing programs, plans, and objectives to the amount of dollars necessary to carry out these plans and accomplish the objectives.

The preparation of the budget for the year 1955 will be on a time schedule as follows:

September 7 — 10.30 A.M.

Mayor to meet with all city and county department and unit heads in Council Chamber to announce budget policy for 1955.

September 8 — 10.30 A.M.

Director of Administrative Services will meet with budget officers of all city departments in Council Chamber to explain 1955 budget forms and instructions.

September 8 — 2.30 P.M.

Director of Administrative Services will meet with budget officers of all county departments in Council Chamber to explain 1955 budget forms and instructions.

Following these meetings, budget forms and instructions will be distributed in Room 60, City Hall.

November 1.

All budget estimates to be filed with Director of Administrative Services, Room 60, City Hall. Return of estimates on this date required under provisions of section 23 of chapter 3 of the Revised Ordinances.

November 15.

Summary of initial department estimates to be submitted to the Mayor.

November 26.

Department budget analysts' review of estimates to be completed.

November 29 to December 18.

Hearings with department heads and budget officers to be held by Director of Administrative Services. All departments and units will be heard and afforded an opportunity to comment on tentative allowances determined by Director.

December 27.

Director of Administrative Services to submit to Mayor tentative budget program for 1955.

January 3.

Mayor to begin final review of proposed budget allowances.

February 7.

Mayor to submit budget to City Council.

April 7.

Final date for action by the Council on the budget.

This schedule must be adhered to, and the individual cooperation of every department head and budget officer is vitally necessary.

CHARLES J. FOX,

Director of Administrative Services.

MAYOR ASKS CITY COUNCIL AID FOR ERECTION OF INCINERATORS.

(Continued from page 1057.)

City of Boston. Loan appropriations already provided by your Honorable Body will permit of the construction of a 750-ton incinerator in the South Bay area of our city to service those districts the refuse and garbage from which is dumped at the Calf Pasture site in South Boston and at Spectacle Island. The Calf Pasture site can be used but for a limited time in the future. The hauling to Spectacle Island is a very expensive operation. Our present plans call for the construction of the South Bay incinerator so that it will be in operation early in the year 1956.

A second incinerator to provide for the disposal needs of over 200,000 persons who reside in the Dorchester district has been suggested to be erected by the Metropolitan District Commission, on land owned by that body on the marshes on the banks of the Neponset River, off Granite avenue. This site is reasonably remote from any dwellings. It is peculiarly adapted for incinerator purposes in that it provides marsh area for the dumping of incinerator residue, thus re-

claiming waste land. It is apparent that neither the town of Milton nor the city of Quincy desires to join with Boston in the erection of such an incinerator, but regardless of that fact, it is plain that Boston must go forward to provide this means of disposal for the great numbers of residents of the Dorchester district.

400-TON CAPACITY.

This incinerator would have a minimum capacity of 400 tons and cost not more than \$1,500,000. It would be constructed, operated, and maintained by the Metropolitan District Commission, which has authority under chapter 559 of the Acts of 1952 to proceed as soon as approval of the site is granted by the City Council of Boston. To await transfer of this land from the Metropolitan District Commission to the City of Boston would entail at least a year's delay, and such further delay would make more acute our disposal problems in our city. Therefore, I recommend the adoption of an order herewith submitted approving the aforesaid site in the City of Boston for the construction of an incinerator by the Metropolitan District Commission.

To provide for the disposal problems in the Brighton area of the City of Boston, an agreement must be reached with the town of Watertown for the establishment of a Brighton-Watertown Incinerator Authority, under the provisions of chapter 523 of the Acts of 1954.

The problem of disposal of refuse and garbage in the Brighton area is no less serious than that of the Dorchester area. If the aforementioned Act of the Legislature is accepted by your Honorable Body and by the town of Watertown, an Incinerator Authority will be established comprising the Commissioner of Public Works for the City of Boston and the Superintendent of Highways of the Town of Watertown.

WATERTOWN SITE.

The incinerator will be constructed on the site of the existing dump on Grove street in the town of Watertown. The cost of the incinerator will be approximately \$1,500,000, \$1,000,000 of which will be paid by the City of Boston and \$500,000 by the town of Watertown. The cost of operating the incinerator will be based on the percentage of material delivered to the plant by the respective communities. I submit herewith an order for the acceptance of chapter 523 of the Acts of 1954 creating a Brighton-Watertown Incinerator Authority, and I respectfully request its adoption by your Honorable Body.

The need of incinerators for the disposal of refuse and garbage becomes more pressing each month. There have been unavoidable and explainable delays in the construction of such incinerators in Boston. However, we have now reached the point where three incinerators to serve our city can be built. I strongly urge that your Honorable Body give this matter your full attention, and as prompt action as is possible. The attached communications from the Commissioner of Public Works give a full explanation of the subject matter, and the Commissioner will be in readiness to consult with the City Council with respect to any further information desired.

Respectfully,

JOHN B. HYNES, Mayor.

RETIREMENT BOARD ELECTION.

The Boston Retirement Board is sending out notices of election to the State-Boston Retirement System to all employees eligible to vote for three-year membership of the Boston Retirement Board. The notices read:

Under the provisions of subdivision three of section 20 of chapter 32 of the General Laws, the following regulations are hereby determined for the election of a member of the Boston Retirement Board:

Employees of the City or County or Boston Housing Authority who are members of the State-Boston Retirement System on September 24, 1954, may select, by their votes, one of their members to be a member of the Boston Retirement Board for the term of three years beginning October 1, 1954, and ending September 30, 1957.

Ballots will be furnished the members containing the names of candidates who are duly nominated.

Nomination papers may be obtained at the office of the Boston Retirement Board, Room 43, City Hall, after August 23, 1954.

Any member of the State-Boston Retirement System may become a candidate by filing with the Boston Retirement Board official nomination papers signed by 100 or more members of the State-Boston Retirement System and containing the name and department of each signer. No member is entitled to sign more than one nomination paper, and if he signs more than one his signature will be invalid on all of them.

Nominations will be closed on September 10, 1954, at four o'clock p.m., and no nomination papers will be received after that day and hour.

The names of candidates, who are duly nominated, will be printed on the ballot, and the members voting will mark an X against the name of their choice, or may write in an additional name and mark an X against it. If more than one name is marked the ballot will be invalidated.

The ballot must be signed by the voter and filled out with his residence and department, and with further information so far as available from members of the following departments:

- Fire Department—name and number of company.
- Police Department—division.
- Park Department—division or location.
- Public Works Department—division and district.
- Schools—name of school.

The ballots must be received by the Boston Retirement Board, Room 43, City Hall, on or before September 24, 1954, at five o'clock p.m. No ballot mailed or postmarked later than September 23, 1954, will be counted.

The candidate receiving the highest number of votes will be elected.

BOSTON JUVENILE COURT.

Virginia M. Lordan, clerk, from \$43 to \$45.50 a week.

MUNICIPAL COURT, CHARLESTOWN DISTRICT.

July 2, 1951.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Representative Jeremiah F. Brennan, of Charlestown, assumed his duties as clerk of this court on June 30.

He appointed as his first assistant clerk, Mr. James H. O'Donnell, 29 Pleasant street, in this district. Mr. O'Donnell had been acting clerk by my appointment since April, 1953. His salary as acting clerk was \$117.75 per week, in accordance with the Classification and Compensation Plan. In returning to the position of first assistant clerk his salary will be \$98.75 per week, a loss to him of one thousand dollars per year.

During the absence of former clerk James J. Mullen, due to illness, he was in charge of the office from February, 1953, to April, 1953, when I appointed him acting clerk. During this interval he received the pay of a second assistant clerk, viz., \$85.54 per week.

As acting clerk he could have received according to statute, an amount equal to the rate by the day of the salary of the clerk whose place he filled, which at that time was \$127.72 per week. However, he carried on at \$113 per week, the minimum for the position. His services as acting clerk were most commendable.

He has been in the Clerk's Office for a period of thirteen years, serving through the grades from senior clerk to acting clerk. He is thoroughly familiar with each position, and has been of great assistance in training the employees in the various positions. I have always found him to be a loyal, earnest, and efficient employee. He is also a member of the Massachusetts Bar.

For these reasons I most urgently recommend that he be given the benefit of Rule 9-B so that his salary may be set at \$108.50 per week.

Clerk Brennan concurs with me in this recommendation.

Trusting that my recommendation will meet with your approval, I am,

Yours truly,

JOHN F. GILMORE,
Justice.

OVERTIME ALLOWED.

The Mayor has approved the following requests:

HOSPITAL DEPARTMENT.

Lillian Ciccolo, principal clerk, 4 hours at \$2 an hour; Edward Groden, second-class stationary engineer, 8 hours at \$3 an hour; Edward Groden, second-class stationary engineer, 8 hours at \$3 an hour; John Kiely, second-class stationary engineer, 8 hours at \$3 an hour; John Kiely, second-class stationary engineer, 8 hours at \$3 an hour; John O'Sullivan, second-class stationary engineer, 4½ hours.

Sanatorium Division.

The following-named employees who earn over \$77 a week have been allowed an additional day's pay for working on July 4:

Carlo DeFazi, pharmacist; Luke McCarthy, Patrick Murtah, engineers; Joseph Sedar, chef; Katherine Burke, head nurse; Alice DeRoehn, night supervisor of nurses; Mary Flynn, registered graduate nurse; Anne Gilson, Clara Greene, Rose Humiston, Sadie Linn, Mazie MacIntyre, Katherine Norris, Gertrude O'Connell, Johanne Reidy, Mary Rogers, head nurses; Mary Spinale, night supervisor of nurses; Anna Sullivan, Cecelia Sullivan, Mary Tolan, head nurses.

VETERANS' RETIREMENTS.

The Mayor has approved the following veterans' applications for retirement: James J. Fitzpatrick, 21 Whitridge street, Dorchester, machinist, Maintenance Division, Fire Department.

William Elwood, 50 Carleton street, laborer, Highway Division, Public Works Department.

Bernard F. Cunningham, 9 St. Gregory street, Dorchester, highway construction inspector, Highway Division, Public Works Department.

Francis Lawrence Donovan, 6 Shenandoah street, Dorchester, chief housing and sanitation inspector, Bureau of Housing, Health Department.

Julius P. Charbonnier, 443 Main street, Charlestown, laborer, Sanitary Division, Public Works Department.

William J. Williams, 460 Bennington street, East Boston, laborer, Sanitary Division, Public Works Department.

John H. Norton, 567 Ashmont street, Dorchester, district foreman, street cleaning and waste collection, Sanitary Division, Public Works Department.

Charles J. Heirty, 3 Dahlgren street, Dorchester, hoseman, Fire Prevention Division, Fire Department.

Frank H. Gately, 480 La Grange street, West Roxbury, exterior electrical inspector, Electrical Inspection Division, Building Department.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Boston, March 31, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

On March 15, 1954, your Honor granted permission to award a contract in the amount of \$10,880 to American Flour Company for furnishing flour to various city departments from April 1, 1954, to June 30, 1954, inclusive. This company was the low bidder for Item 1 (approximately 1,700 bags bread flour, 100-pound bags) at the price checked on the tabulation of bids attached to my original letter. This tabulation of bids, as well as the contractor's proposal, indicates the American Flour Company's price as 64 cents per bag.

Subsequently, the American Flour Company advised this office, in writing, to the effect that the prices submitted on their proposal for Items 1 and 2 were actually the firm's prices on a "per pound" rather than on a "per one-hundred pound" basis, namely, 64 cents per pound for Item 1 and 55 cents per pound for Item 2.

It is decidedly clear from an examination of the prices submitted by the other two vendors on Item 1 of \$6.42 and \$6.59 per one-hundred pound bag, respectively, that the price of the American Flour Company of 64 cents per 100-pound bag constituted a clerical error of considerable substance. I respectfully submit

that it is not a circumstance of which the city ought to take advantage.

Therefore, in order to take advantage of the lowest price offered for the commodity desired, I should hereby like to revise and supplement my aforesaid original letter by requesting that all proposals on Item 1 of the subject bid be rejected, that further public advertising be dispensed with, and that the contract be awarded to American Flour Company in the sum of \$10,880, with the flour to be delivered in 100-pound bags at a unit price of \$6.40 per 100-pound bag.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, June 21, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This department is in receipt of Requisitions No. 539 and No. 622 from the Penal Institutions Department and a self-explanatory letter, copy attached, requesting immediate delivery of several items of furniture to refurnish officers' quarters which were destroyed by fire on January 1, 1954.

In order to assure adequate sleeping facilities for the officers during the summer weather, immediate delivery must be had.

Informal quotations have been received from several companies. The lowest bidder is John J. McCarthy, doing business as McCarthy Brothers.

Because of the urgent need for this furniture, it is requested that permission be granted me to dispense with advertising and award a contract, without advertising, to John J. McCarthy, doing business as McCarthy Brothers, for miscellaneous bedroom furniture for delivery to the Penal Institutions Department.

Total amount of contract will be \$1,553.39, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, July 28, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In accordance with the provisions of the letter approved by your Honor on January 26, 1954, authority is requested at this time to award a contract, without public advertisement, to the following company for furnishing perishable foods to the various city departments from July 12, 1954, to March 31, 1955, inclusive:

Paul L. Beane, doing business as Paul L. Beane Company, 9 Commonwealth Avenue, Boston, Mass.

Respectfully yours,

EUGENE K. WELSH,
Acting Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, July 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SUBJECT: Relocation of English High School in High School of Commerce Building.

DEAR MR. MAYOR:

Consistent with your approval of June 18, 1954, authorizing me to negotiate

agreements for work involved in making available the High School of Commerce building for occupancy by pupils and staff of English High School, I hereby request that you supplement the original authorization by approving this letter permitting me to negotiate a contract for the electrical work, without advertising for proposals, with Dorgan Electrical Company, 1406 Columbia road, South Boston, Mass., in the amount of one thousand and seventy-five (1,075) dollars.

Invitation bids for the work involved, received July 29, 1954, are as follows:

Dorgan Electrical Company, \$1,075; Emerson Electrical Manufacturing Company, \$1,095; William R. Wheeler, Jr., \$1,125; Kay Electric Company, \$1,125; Ralph E. Dixon, \$1,195.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, August 2, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SUBJECT: Brighton High School Building, Leaded Glass Windows.

DEAR MR. MAYOR:

That necessary repairs of leaded glass windows may be made in the Brighton High School building prior to the opening of classes in September, I write you asking that you waive the requirement of public advertising for bid proposals and authorize me to negotiate a contract with Joseph A. LaRoche, 79 Sudbury street, Boston, Mass., in an amount not to exceed twenty-nine hundred dollars (\$2,900).

The reason for this request is the fact that the work necessary is of a highly specialized type and character, requiring the services of skilled artisans unavailable in the field of general contracting. All the windows requiring repairs are of Gothic design and in many instances include sizable areas of tracery so intricate in design that I find it practically impossible to write a specification sufficiently specific to obtain competitive bids.

Mr. LaRoche, a successor to Vaughan-O'Neill Company and W. H. H. Johnson, has been highly recommended to me through another stained glass window specialist as being the man we should select to do the repair work, work in which he specializes.

Contract costs herein recorded include repair work in window openings of the gymnasium, front wall each side of entrance to gymnasium, cafeteria, rooms to the right of entrance, and assembly—left and right sides.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

FIRE DEPARTMENT.

BOSTON, July 6, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

I am hereby requesting your authorization to dispense with public advertising in the *City Record*, and to award a contract to John Guarino of 2 Lexington street, East Boston, Mass., as architect, for full architectural services in connection with the proposed erection of a training school at Moon Island, Boston Harbor, Mass.

The estimated cost of the work is \$86,000 and the architect is to be paid a fee equal to 6 per cent of the actual total cost of construction.

In view of the professional nature of the service involved, it is not considered that anything would be gained by publicly inviting bids therefor.

Respectfully yours,

FRANCIS X. COTTER,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, July 21, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

A serious situation has arisen due to a partial failure of the water supply to the island. Due to the drop in pressure several buildings are without water on the upper floors which seriously interferes with the care of patients in the affected buildings where hospital wards are located.

To locate and correct the cause of the low pressure will take considerable time.

In order to alleviate conditions in the two buildings where hospital wards are located, we propose to install a booster pump in each building. The P. J. Riley Company of 295 Highland street, Roxbury, are prepared to commence work at once and put these pumps in operation without delay.

Because of the need for haste and as the P. J. Riley Company can deliver and install these pumps without delay we respectfully request permission to award a contract to the P. J. Riley Company, in the amount of three thousand five hundred dollars (\$3,500), without advertising, as an emergency measure. When the need for these pumps no longer exists, they can be installed in the proposed new building in lieu of the pumps that would otherwise be specified.

Respectfully yours,

RICHARD J. CONDON,
President.

BOSTON, July 23, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to N.L.C. Engineering and Equipment Company, 101 Tremont street, Boston, Mass., for furnishing labor and materials necessary for the repair of Ames four-cylinder vertical Unaflo engine No. 48285, Boston City Hospital, at a cost not to exceed the sum of \$6,898.

There is a distinct advantage in having N.L.C. Engineering and Equipment Company perform this work as this company is the agent for the Ames Iron Works, the manufacturer of this engine; furthermore, this firm has performed similar services on other Unaflo engines at the hospital in a most efficient and satisfactory manner, and can complete the aforementioned work in the least possible time.

The trustees are of the opinion, therefore, that nothing would be gained by publicly advertising for bids, and furthermore, that the interests of the city would best be served by awarding the contract without advertising to N.L.C.

Engineering and Equipment Company, at a cost not to exceed the sum of \$6,898.

Respectfully yours,

BOARD OF TRUSTEES,
BOSTON CITY HOSPITAL,
by RICHARD J. CONDON,
President.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, August 11, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your approval to dispense with publicly advertising for bids and to enter into a contract with Mr. Joseph F. Page, 20 Pemberton square, Boston, Mass., providing for the furnishing of engineering services in connection with the proposed construction of a 300-foot addition to the reinforced concrete sea wall, near the men's prison building, on Deer Island, Boston Harbor, Mass.

The construction of such an addition to the sea wall has become a practical necessity in order to prevent future periodic direct and forceful assaults of the ocean's waters upon the aforementioned building and nearby roads which would cause serious and irreparable damage.

The cost of constructing the said addition to the sea wall is estimated to be no more than \$30,000. The engineer will be paid the customary fee of 6 per cent of the total cost of construction.

In view of the professional nature of the services involved, and also in view of the fact that Mr. Page was the engineer in charge of construction of the first section of this sea wall and has full knowledge of the requirements for this project, it is felt that nothing would be gained by publicly advertising for proposals for this work.

Very truly yours,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Barone Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Alberta street, Badger road, Cranmore road, Halsey road, Latin road, and Van Brunt street, dated October 26, 1953:

In Van Brunt street, deliver 70.1 linear feet of new circular edgestone (Va 4), from Van Brunt street to city yard, at \$3.05 per linear feet.

In Halsey road, deliver 41.1 linear feet of new straight edgestone (Va 4), from Halsey road to city yard, at \$2.35 per linear foot.

Cost of hauling above edgestone to city yard to be paid for under Item 5e of the original contract.

Estimated cost of extra work, \$366.47.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Carriere Construction Company has been directed to omit and substitute the following work under the contract for bituminous concrete pavement in Bate-

man street, Deforest street, Grassmere road, Hallron street, and MacDonald street, dated July 6, 1954:

Omit loam furnished, placed, graded and seeded, as follows: Bateman street, 100 square yards; Grassmere road, 220 square yards; Hallron street, 500 square yards, and MacDonald street, 240 square yards.

Substitute artificial stone sidewalks as follows: Bateman street, 900 square feet; Grassmere road, 1,950 square feet; Hallron street, 4,500 square feet, and MacDonald street, \$2,160 square feet.

Estimated cost of substituted work, \$3,625.20; estimated cost of omitted work, \$795; estimated increase in cost, \$2,830.20.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Johnson Service Company for repairs and replacements to automatic control systems in various schools, from July 31, 1954, to September 30, 1954. This extension was requested because of inability to secure necessary materials.

HIGHWAY CONSTRUCTION IN ROXBURY.

The Public Improvement Commission has voted that a public improvement be made, consisting of the laying out and construction of Goldsmith place, Roxbury district, as a public highway, from Ruggles street approximately 258 feet southwesterly, with the name of Ruggles court or some other distinctive name, bounded and described as follows:

The highway named Goldsmith place is hereby laid out, from Ruggles street approximately 216 feet southwesterly, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Lillie G., Eleanor F., William G. Rees, Trustees of the Williams Trust, bounded:

Northeasterly by the southwesterly limit of Goldsmith place, a private way, as it existed prior to this order, 17 feet; northwesterly by the northwesterly line of Goldsmith place as hereby laid out, 29.70 feet; southwesterly by land now or formerly of Elizabeth and Anna Feldberg, 17.11 feet; southeasterly by the southeasterly line of Goldsmith place as hereby laid out, 27.80 feet, containing 489 square feet, more or less.

A parcel of land, supposed to belong to Elizabeth and Anna Feldberg, bounded:

Northeasterly by land now or formerly of Lillie G. Rees *et al.*, trustees, 17.11 feet; northwesterly by the northwesterly line of Goldsmith place as hereby laid out, 76.99 feet; southwesterly by land now or formerly of the Bell Properties, Inc., 18.18 feet; and southeasterly by the southeasterly line of Goldsmith place as hereby laid out, 72.15 feet, containing 1,270 square feet, more or less.

A parcel of land, supposed to belong to Bell Properties, Inc., bounded:

Northeasterly by land now or formerly of Elizabeth and Anna Feldberg, 18.18 feet; northwesterly by the northwesterly line of Goldsmith place as hereby laid out, 15.38 feet; southwesterly by land now or formerly of the Enterprise

Realty Company, Inc., 17.28 feet; and southeasterly by the southeasterly line of Goldsmith place as hereby laid out, 18.73 feet, containing 290 square feet, more or less.

Said Goldsmith place as hereby laid out and ordered constructed is bounded:

Northeasterly by Ruggles street, 17 feet; northwesterly by the northwesterly line of Goldsmith place, as hereby laid out and constructed, by two measurements, 42.29 feet and 217.08 feet; southwesterly by land now or formerly of the Enterprise Realty Company, Inc., 17.28 feet; southeasterly by the southeasterly line of Goldsmith place as hereby laid out by two measurements, 211.10 feet and 42.57 feet.

Voted, That this commission determines that no person sustains damages in his estate by the making of the public improvement, consisting of the laying out and construction of Goldsmith place, Roxbury district, as a highway, approximately 216 feet southwesterly, and ordered constructed, under the order of this commission of July 21, 1954, and awards no damages therefor.

SEWERAGE WORKS IN WEST ROXBURY.

The Public Improvement Commission has ordered that the sewerage works be constructed and does hereby take for its sewerage works the lands, rights and easements, as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly West Roxbury and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Federal road, bounded:

Northeasterly by the southwesterly line of Corey street, 40.44 feet on a curve of 380 feet radius; southeasterly by the southeasterly line of Federal road, 297.76 feet; southwesterly by Federal road, 40 feet; and northwesterly by the northwesterly line of Federal road, 302.77 feet, containing 11,939 square feet, more or less.

The sewerage works to be constructed in said Federal road are as follows: Approximately 150 linear feet of 10-inch sanitary sewer and 10-inch pipe surface drain at an estimated cost of \$1,500.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this commission estimates that the abutting parcels of land situated on both sides of Federal road will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan

marked "City of Boston, Plan No. 1434, Sewerage Works, Federal Road, West Roxbury, June 23, 1954, James W. Haley, Chief Engineer, Survey Division, Public Works Department," and on file in the office of this commission.

STREET EXTENSION IN WEST ROXBURY.

The Public Improvement Commission has ordered a public improvement, consisting of the laying out and construction of an extension of Zeller street, West Roxbury district, as a public highway, approximately 145 feet northwesterly, bounded and described as follows:

The highway named Zeller street is hereby extended approximately 145 feet northwesterly and ordered constructed.

Said highway and the land, exclusive of trees, shrubs standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southeasterly by the northwesterly limit of Zeller street as it existed prior to this taking; northeasterly by the northeasterly line of Zeller street as hereby extended, 140 feet; northwesterly by the northwesterly limit of Zeller street as hereby extended, 40.73 feet; and southwesterly by the southwesterly line of Zeller street as hereby extended, 150 feet.

Trees, shrubs or structures standing upon or affixed to the aforesaid land shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Commission estimates that the abutting parcels of land situated on both sides of Zeller street as extended under this order, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of this department.

PUBLIC WORKS DEPARTMENT.

Proposals for Laying Water Pipes in Groveland Street, Wards 17 and 18, and Such Additional Locations, If Any, in Wards 17 and 18, As May Be Designated by the Commissioner of Public Works.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying water pipes in Groveland street, etc. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Laying Water Pipes in Groveland Street, etc.," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of WEDNESDAY, SEPTEMBER 1, 1954, with a certified check for TWO HUNDRED AND FIFTY (250) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

Proposals for Sidewalk Narrowing in Dorchester Avenue, Ward 17, from Adams Street to Beyond Richmond Street.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sidewalk narrowing in Dorchester avenue, Ward 17, from Adams street to beyond Richmond street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sidewalk Narrowing in Dorchester Avenue, Ward 17, from Adams Street to Beyond Richmond Street," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of FRIDAY, AUGUST 27, 1954, with a certified check for THREE HUNDRED (300) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

INVITATION FOR PROPOSALS FOR ERECTING IRON FENCE AT THE SITE OF THE PRINCE SCHOOL, NEWBURY STREET, BOSTON, MASS.

The Superintendent of Construction of the Department of School Buildings, Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for erecting iron fence at the site of the Prince School, Newbury street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Monday, August 30, 1954, at the office of the Awarding Authority, fourth floor, 26 Norman street, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$200, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract, and sufficient proof of compliance with the foregoing stipulation will be required before commencing performance of this contract.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

PROGRESS AND FUTURE PLANS OF ASSESSING DEPARTMENT SUBSEQUENT TO REORGANIZATION IN JULY MADE PUBLIC BY MAYOR HYNES—REVALUATION OF ENTIRE CITY TO CONTINUE WITH VIEW TO EQUALIZING AND STABILIZING VALUES—SOUND BASIS FOR FINANCIAL STRUCTURE OF CITY OBJECTIVE.

The Mayor has released a preliminary progress report of the Assessing Department indicating the action being taken and proposed for the improvement in methods and procedures in that department:

The following preliminary report is submitted to show progress and future plans of the Assessing Department subsequent to the reorganization of the department on July 1, 1954.

At the outset it should be pointed out that the members of the Board of Assessors in office prior and subsequent to reorganization have recommended and will continue to recommend a revaluation

MAYOR HYNES LAUDED BY BUSINESS FOR PROPOSAL TO CREATE GREAT MEDICAL CENTER IN SOUTH END—CONFERENCE GROUP ORGANIZED TO HELP FURTHER THE ENTERPRISE—SEVERAL COMMITTEES JOIN IN MOVE.

The proposal of Mayor John B. Hynes to have the South End Medical Care and Training Center surveyed by a group of experts with a view toward providing for its expansion over the next 50 to 75 years was lauded in a public statement issued by J. Edward Downes, Jr., Chairman of the South End Neighborhood Rehabilitation and Conservation Committee. The center is composed of Boston City Hospital, Boston University Medical School, and the Massachusetts Memorial Hospital.

"The South End Neighborhood Rehabilitation and Conservation Committee is both honored and pleased," the statement reads, "to have its chairman included as a member of the conference

CORPORATION COUNSEL, AT REQUEST OF MAYOR JOHN B. HYNES, HAS RENDERED DECISION INTERPRETING NEW RETIREMENT PROVISIONS FOR VETERANS IN CITY EMPLOYMENT—PROPOSES CORRECTIVE LEGISLATION TO ELIMINATE INJUSTICES IN LAW AS AT PRESENT OPERATIVE SO AS TO PROVIDE JUSTICE FOR ALL INSTEAD OF INEQUITIES AND FLAWS AT PRESENT OBSERVABLE.

The following communication has been received at the Mayor's office from the Corporation Counsel:

DEAR MR. MAYOR:

This is in reply to your request for my opinion as to the effect of chapter 627 of the Acts of 1954, entitled "An Act Further Defining the Rights and Privileges of Veterans, and Extending Such Rights and Privileges to Veterans of the Korean War," upon the retirement of employees of the City of Boston and the County of Suffolk under G.L. (Ter. Ed.) c. 32, ss. 56 to 60, inclusive, the so-called Veterans' Noncontributory Retirement Law.

At the threshold of the matter lies a question as to the effective date of said chapter 627 of the Acts of 1954. It is provided by Article XLVIII of the Amendments to the Constitution of Massachusetts that "no law passed by the general court shall take effect earlier than ninety days after it has become a law excepting laws declared to be emergency laws and laws which may not be made the subject of a referendum petition, as herein provided." Said Article XLVIII goes on to provide that "a law declared to be an emergency law shall contain a preamble setting forth facts constituting the emergency, and shall contain the statement that such law is necessary for the immediate preservation of the public peace, health, safety or convenience."

The preamble to chapter 627 reads: "Whereas, The deferred operation of this act would tend to defeat its purpose, which is to provide forthwith for certain rights and privileges for veterans, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience." The preamble stands in marked contrast to the emergency preamble involved in *Russell v. Treasurer and Receiver General*, 1954 Mass. Adv. Sh. 571, and the Governor's statement considered in *Prescott v. Secretary of the Commonwealth*, 299 Mass. 191, in that this preamble cannot fairly be said to set forth directly or indirectly any facts constituting an emergency.

Not Emergency Law.

For this reason, it is my opinion that chapter 627 cannot be treated as an emergency law. Since chapter 627 does not relate to any of the matters excluded by said Article XLVIII from being made the subject of a referendum petition, chapter 627 does not come within the second exception from the ninety-day rule. Accordingly, in my opinion, chapter 627 of the Acts of 1954 will not take effect until 12.01 A.M. on September 8, 1954.

MAYOR ISSUES PRELIMINARY PROGRESS REPORT ABOUT ASSESSING DEPARTMENT.

(Continued from page 1081.)

tion of the entire city with a view to equalizing and stabilizing values. The Board believes that a reassessment on an equitable and scientific basis will provide a standard for values presently lacking and a sound basis for the financial structure of the city. The Board is of the opinion that such a revaluation, if approved, should be conducted by a nationally recognized appraisal organization under the direction of the Board of Assessors. Considerable assistance could be provided by present experienced personnel in order to reduce the expense.

The City Council approved a supplemental appropriation on June 7, 1954, for modernization of the Assessing Department, and the Board of Assessors have already put into operation or are in the process of completing several much-needed improvements.

POLL TAX CARDS.

Senior engineering aides and assistant engineers on the Civil Service lists have been interviewed, and four applicants have indicated interest in employment. Necessary papers are being processed. These temporary employees will be used to augment the present Engineering Department employees completing Block Plans (1800) and Land Use Maps (70) necessary for modern assessing.

Poll tax cards (220,000) have been contracted for with Remington Rand Company, with the approval of the Director of Administrative Services; this will result in a saving of time and money and insure greater efficiency in processing the larger revenue-producing bills.

Real property cards (250,000) and personal property cards (100,000) are being compiled in order to provide complete available data on all types of property within the city limits.

Bids have been requested and demonstrations presented on microfilm equipment and request for approval of the purchase of such equipment is being made of the Director of Administrative Services. The acquisition of microfilm will not only preserve ancient records required by law and provide for safe-keeping necessary in this fast-moving age but will also release much-needed floor and storage space for other necessary facilities.

Bids are being requested on legal file cabinets and a central filing system will be installed consolidating in a single location all files necessary for the proper operation of the department.

For the first time, with the splendid cooperation of the Rent Control Board Director and his staff, all rental information submitted and increases granted have been catalogued by this department and an up-to-date list has been compiled by wards for reference in assisting assessors to arrive at a proper valuation of such property.

Assignments of deputy assessors and first assistant assessors are being revised so that each will bear a proportionate share of the work load. The downtown district, for the first time, will be supervised by all five deputy assessors, each assigned to a segment of the business area.

A check-off list is being prepared for use in the field by first assistant assessors. Data obtained in this fashion will be transferred to the permanent real property cards by the clerical force.

Data for an Assessor's Manual for the City of Boston is being assembled and will be published after a series of conferences establishes the final compilation.

PANEL BEING SET UP.

A panel is being set up, consisting of the Board of Assessors, Chairman of the Board of Review, deputy assessors, and several experienced first assistant assessors, to formulate plans and procedures for equalizing land values sadly in need of revision.

All cases of uncollected taxes on which abatements are requested under the provisions of section 8 of chapter 58 and require the approval of the Massachusetts Tax Commission are now referred to the Corporation Counsel for study and recommendation. This procedure was adopted after conference and approval of the Tax Commission.

The recently constituted Board of Review has inaugurated a pretrial system similar to that in effect in the Superior Courts of the Commonwealth. Aggrieved taxpayers, or their legal representatives, whose cases involving valuation of \$100,000 or more are on the fall list of the Appellate Tax Board, are notified that their cases may be presented to the Board of Review on a scheduled date prior to trial. If a settlement is effected the case is so reported to the Appellate Tax Board, thus saving further expense to both parties and relieving the congestion at the ATB.

All cases handled by deputy assessors, involving cases of lower valuations, will also be available for pretrial hearings after the deputy assessors have submitted a report and recommendation to the Board of Review. An assistant corporation counsel will be assigned to the deputy assessors for presentation of evidence to the ATB in the event of trial.

While the number of permanent employees has been slightly reduced, due to deaths and retirements, the payroll for temporary employees has been cut from \$85,706.43 to \$11,900, and the overtime payments have been reduced from \$32,132.53 to \$2,069.69. This results in a cash saving to the city of \$103,869.27.

The Board of Assessors would like to point out that this report is merely preliminary and that many of these plans will require time to put into operation. As the results are accomplished further reports will be submitted to your Honor for your information.

MAYOR HYNES PRAISED FOR PROPOSING GREAT MEDICAL CENTER.

(Continued from page 1081.)

group to study the South End Medical Care and Training Center expansion needs.

"We feel that the program called for by Mayor John B. Hynes will have great value to the people of the City of Boston in terms of improved and expanded medical care. It will serve also to increase the stature of Boston as the leading medical center of the world.

"The Rehabilitation and Conservation Program for the South End will be aided greatly by the city's development

of an improved traffic pattern, a planting program, and by the removal of sub-standard buildings in the course of expansion of medical institutions.

"We shall endeavor to key our program to that developed by the survey so that the new medical buildings will be neighbor to a progressive community interested in maintaining its properties at their highest level. Since the South End will serve as residence to many employed at the medical institutions there will be a demand for high housing standards which will spur the community efforts in the matter of rehabilitation and conservation."

MAYOR PROPOSES CORRECTIVE LEGISLATION REGARDING VETERANS' PENSIONS.

(Continued from page 1081.)

When chapter 627 does take effect, however, it will change the so-called Veterans' Noncontributory Retirement Law in three important respects. First, it will change the definition of a veteran. Any person who does not qualify as a veteran under the new definition, even though deemed a veteran under the law as originally enacted, will not be eligible to be retired under the law, notwithstanding that by reason of his or her coverage under the law as originally enacted he or she may have no retirement rights under any other statute.

Secondly, there is the new provision inserted by section 14 of chapter 627 to the effect that any person whose employment first began prior to January 1, 1946, but who left the service of the Commonwealth or any of its political subdivisions for more than two consecutive years, shall not, on account of such service prior to said two-year period, be subject to the so-called Veterans' Noncontributory Retirement Law.

Finally, since the words "notwithstanding the provisions of any general or special law relating to retirement allowances," which were inserted by chapter 768 of the Acts of 1945 to circumvent the decisions of the Supreme Judicial Court in *Fulton v. Boston*, 267 Mass. 1, are omitted in section 14 of chapter 627, a person qualifying as a veteran under the new definition who is a member of the Boston (4 per cent) Retirement System, established by chapter 521 of the Acts of 1922, will, in accordance with the *Fulton* decision, be entitled on and after September 8, 1954, to no retirement allowance other than that provided for by the Boston Retirement System.

That is to say, as the retiring authority for the City of Boston, on and after September 8, 1954, you will have no power to retire under the so-called Veterans' Noncontributory Retirement Law, as amended, any person who is a member of the Boston (4 per cent) Retirement System.

MANY MAY DISAGREE.

I am not unmindful that there are some whose opinions are worthy of great respect who disagree with me as to the effect of chapter 627 on veterans belonging to the Boston (4 per cent) Retirement System because of the absence of an affirmative statement of a legislative intent to affect such veterans; but "statutes must be interpreted as enacted" (*Morse v. Boston*, 253 Mass. 247, 252),

so that, in conscience, I cannot disregard the deletion by chapter 627 of the very words which gave you power in the case of such veterans. If, as is widely rumored, there was in fact no legislative intent to affect such veterans, the situation should be remedied by corrective legislation.

Lest this communication become as complex as chapter 627 itself, I have tried to confine this communication to generalities, leaving many possible questions concerning details to separate inquiry as they arise, but, for clarity's sake, I might add that persons who are members of the State-Boston (5 per cent) Retirement System or who become such by transfer from the Boston (4 per cent) Retirement System or otherwise between October 1, 1954, and December 31, 1954, both inclusive, will have, so long as G. L. (Ter. Ed.) c. 32, s. 25, subsec. (3), as amended, remains unimpaired, a right to elect to retire under the so-called Veterans' Noncontributory Retirement Law, provided, of course, that they qualify as veterans under the new definition and are not rendered ineligible by the new provision concerning nonemployment for two consecutive years.

Respectfully,

WILLIAM L. BAXTER,
Corporation Counsel.

MAYOR HYNES' STATEMENT — CORRECTIVE LEGISLATION NEEDED.

There seems to be general agreement that corrective legislation at the next session of the Legislature will be instituted and adopted to restore to veterans whatever rights were lost by passage of chapter 627 of the Acts of 1954.

This latter act, passed in the closing hours of the last legislative session, made what now develops as a rather awkward attempt to streamline certain provisions of law concerning veterans. From the information available to me, it would appear that there was no intention of depriving any veteran of any previously established rights or privileges. Whatever the intention, it is clearly ascertainable that certain changes were made in the existing law affecting those rights and privileges.

In my opinion, corrective legislation is in order to eliminate those objectionable provisions which appear in the hastily drawn act of 1954. I shall give such legislation my earnest support.

SEWERAGE WORKS IN WEST ROXBURY.

The Public Improvement Commission has ordered that sewerage works be constructed and takes for its sewerage works the lands, rights and easements bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Newfield street, bounded:

Northeasterly by the northeasterly line of Newfield street, 28.99 feet; northwesterly by the southeasterly line of Brook Farm road, 40.26 feet; southwest by the southwest line of Newfield street, 24.46 feet; southeasterly by a remaining portion of said Newfield street, 10 feet, containing 1,069 square feet, more or less.

A parcel of land, owners unknown, being part of the private way known as Newfield street, bounded:

Northeasterly by the northeasterly line of Newfield street, 346.92 feet;

northwesterly by the southeasterly line of Furbush road, 42.21 feet; southwest by the southwest line of Newfield street, 315.41 feet; southeasterly by the northwesterly line of Brook Farm road, 41.76 feet, containing 13,847 square feet, more or less.

The sewerage works to be constructed are as follows: In Newfield street, 400 lineal feet of 10-inch pipe sewer and 600 lineal feet of 10-inch pipe surface drain, at an estimated cost of \$5,200.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this commission estimates that the abutting parcels of land situated on the northeasterly and southwesterly sides of Newfield street, excluding the parcels at the northeasterly and southeasterly corners of Brook Farm road, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on the plan hereinbefore referred to and on file in the office of said department.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, supply houses, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Boston, August 16, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital uses a substantial quantity of Fenwal laboratory equipment each year. This equipment is distributed in this area by Macalaster Bicknell Parenteral Corporation, 243 Broadway, Cambridge, Mass. At present and in the past we have had the benefit of quantity prices on relatively small orders. By executing a contract for this material, the city will receive the benefit of extra discounts as well as quantity prices on all orders of whatever size.

Inasmuch as the Macalaster Bicknell Parenteral Corporation is the only distributor in this area, no advantage would be gained by publicly advertising for bids. It is therefore requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Macalaster Bicknell Parenteral Corporation, for the period from August 16, 1954, to March 31, 1955.

Approximate total amount of contract will be \$12,000, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

DEPARTMENT OF SCHOOL BUILDINGS.

Boston, August 17, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SUBJECT: Relocation of English High School in High School of Commerce Building.

DEAR MR. MAYOR:

Through the office of the Superintendent of Public Schools I have received a written order necessitating certain alterations to the High School of Commerce Building not contemplated at the time the superintendent was instructed to transfer the staff and pupils of English High School to the High School of Commerce Building.

An estimate in the amount of \$6,551 for the work involved, all as shown on drawing No. 5 entitled "Alterations to High School of Commerce," has been received from Brendan F. Sullivan, the general contractor now doing work of like character in the building. The estimate has been checked and approved by this department.

That the work may be expedited as much as possible and the greater portion of it completed before the opening of school for fall sessions, I ask that you dispense with public advertising and authorize me to negotiate a contract with Brendan F. Sullivan, 24 Cambria street,

Boston, Mass., in the amount of six thousand five hundred and fifty-one dollars (\$6,551).

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, August 23, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of August 2, 1954, you approved my letter of July 29, 1954, listing the bidders on electrical work at the Boston Trade High School in response to an advertisement in the *City Record* of July 10, 1954, and in doing so you approved the awarding of a contract to the second lowest bidder, Aetna Electric Company, whose bid was \$4,448.

Subsequent to your approval contract forms were delivered to the Aetna Electric Company with the request that they sign same; however, they failed to do so and under date of August 10, 1954, informed me of their willingness and ability to sign provided the time of completion of the contract would be extended to suit their convenience. Such extension of time is not feasible as the nature of the work is such that it must be completed by September 7, 1954. Further, they were notified in writing as of August 11, 1954, that if they failed to sign the documents within the 10 days provided in the documents they would forfeit their deposit of \$350 which would become the property of the City of Boston as liquidated damages.

The date of August 18, 1954, the termination of the 10-day period, has expired, and they still have refused to sign the contract. Consequently, I ask your Honor's approval of an award of contract to the Stanton Electrical Company, 18A T Wharf, Boston, in the amount of \$6,300, who in this instance is the next lowest responsible bidder. (Copy of my letter of July 29 attached.)

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

BOSTON, July 29, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

In response to an advertisement in the *City Record* of July 10, 1954, the following list of bids was received and publicly opened and read aloud on July 19, 1954, for electrical work at the Boston Trade High School:

Herbert F. Sawyer, Inc., \$3,643; Aetna Electric Company, \$4,448; Stanton Electrical Company, Inc., \$6,300; Kay Electric Company, \$6,539; Dorgan Electrical Company, Inc., \$6,947; Ralph E. Dixon, \$7,990.

You will note Herbert F. Sawyer, Inc., are the lowest bidder. However, we are in receipt of a letter dated July 22 from Herbert F. Sawyer, Inc., stating that because of an error in estimating their proposal is too low, and that they will refuse to sign a contract if one is awarded to them. This will necessarily cause forfeiture of their bid deposit check in the amount of \$350 submitted with their proposal.

I am therefore, subject to your Honor's approval, awarding a contract to Aetna Electric Company, 391 Cambridge street, Allston, Mass., the next lowest responsi-

ble bidder, in the amount of four thousand four hundred and forty-eight (4,448) dollars.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

PARKS AND RECREATION DEPARTMENT.

BOSTON, August 13, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

On June 29, 1954, this department publicly advertised for proposals for repairing and painting greenhouses at Franklin Park, West Roxbury, Mass. With your Honor's approval, the contract was awarded to the low bidder, Dorchester Plate and Window Glass Company, 270 Adams street, Dorchester, Mass., in the estimated amount of \$11,388. This contract is for the complete reconditioning of four greenhouses, each house 100 feet long by 10 feet wide.

We now find in this range two other greenhouses in a bad state of disrepair. They are the exact size as the ones being repaired and require about the same amount of work to recondition them.

The contractor doing the above specialized type of work is expeditiously performing his work in a satisfactory and workmanlike manner. He has offered to recondition the two additional greenhouses at the same rates that he is being paid for under the advertised contract.

It is our opinion that having a satisfactory contractor who is experienced in this type of work on the job it would be in the best interests of the city to allow him to recondition the two additional greenhouses mentioned above without publicly advertising for the work.

Therefore, in view of all this I respectfully request your permission to award a contract, without publicly advertising, for the repair and painting of growing houses, No. 5 and No. 6, at Franklin Park, West Roxbury, Mass., to Dorchester Plate and Window Glass Company, 270 Adams street, Dorchester, Mass., in an amount not to exceed fifty-eight hundred and thirty-eight dollars (\$5,838), and which is to be based on the same rates as bid in the previously advertised contract, the same to be charged to the regular budget Item 263, Parks and Recreation Department.

Respectfully yours,

FRANK R. KELLEY,
Commissioner.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

P. V. Baione Corporation has been directed to perform the following extra work under the contract for bituminous concrete pavement in Alberta street, Badger road, Cranmore road, Halsey road, Latin road, and Van Brunt street, dated October 26, 1953:

In Cranmore road, deliver 52.7 linear feet of new circular edgestone (Va 4) to city yard at \$3.85 per linear foot.

Cost of hauling above edgestone to city yard to be paid for under Item 5c of the original contract.

Estimated cost of extra work, \$202.90.

S. J. Tomasello Corporation has been directed to perform the following extra

work under the contract for bituminous concrete pavement in Hampstead road, Prince street, St. Rose street, and Weld street, dated July 26, 1954:

In Prince street, remove and relocate and set 6.4 linear feet of edgestone, where directed, at \$2 per linear foot. Remove approximately eight existing gas lampposts, including excavation for shut-off, at \$25 per lamppost.

Estimated cost of extra work, \$212.80.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

FIRE DEPARTMENT.

From Item 100, Permanent Employees, \$300, to Item 560, Office Furniture and Equipment, \$300.

TREASURY DEPARTMENT.

Collecting Division—Water Section.

From Item 100, Personal Services, \$1,250, to Item 275, Repairs and Servicing of Equipment, \$1,250.

SEWERAGE WORKS IN WEST ROXBURY.

The Public Improvement Commission has ordered that sewerage works be constructed and does hereby take for said city for its sewerage works the lands, rights and easements bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Sherman street, bounded:

Northeasterly by the southwesterly line of Hawthorne street, 41.70 feet; southeasterly by the southeasterly line of Sherman street, 156.78 feet; southwesterly by another portion of Sherman street, 40 feet; and northwesterly by the northwesterly line of Sherman street, 145 feet; containing 6,036 square feet, more or less.

The sewerage works to be constructed in said Sherman street are as follows: Approximately 150 linear feet of 10-inch pipe sewer and 10-inch pipe surface drain at an estimated cost of \$1,200.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this commission estimates that the abutting parcels of land situated on both sides of Sherman street will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1432, Sewerage Works, Sherman Street, West Roxbury, June 23, 1954, James W. Haley, Chief Engineer, Survey Division, Public Works Department," and on file in the office of this commission.

Parcel.	Amount.
1. Eligio A. and Elvina C. Colombo..	\$450 00
2. Patrick E. Tangney.....	450 00
Total	\$900 00

Voted, That this commission determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes and the construction of sewerage works in Sherman street, West Roxbury district, under the order of the commission of June 23, 1954, and awards no damages therefor.

Owners unknown, 6,036 square feet, nothing.

EXTENSION OF CONTRACTS.**PUBLIC WORKS DEPARTMENT.**

Approval has been given for an extension of time for the completion of the contract with Rev-Lyn Contracting Company for repairs to Northern Avenue Bridge, over Fort Point Channel, to October 15, 1954. This extension was requested because the contractor was required to make additional steel repairs in the center roadway and was also delayed by poor weather.

SEWERAGE WORKS IN WEST ROXBURY.

The Public Improvement Commission has ordered that sewerage works be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized

in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within thirty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly West Roxbury, and are bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Clarendon avenue, bounded:

Southwesterly by the northeasterly line of Hautevale street, 40 feet; northwesterly by the northwesterly line of Clarendon avenue, 190 feet; northeasterly by another portion of Clarendon avenue, 40 feet; and southeasterly by the southeasterly line of Clarendon avenue, 190 feet, containing 7,600 square feet, more or less.

The sewerage works to be constructed in said Clarendon avenue are as follows: Approximately 180 linear feet of 10-inch pipe sanitary sewer and 10-inch pipe surface drain at an estimated cost of \$1,900.

Betterments are to be assessed for the making of the aforesaid improvement:

Ordered, That this commission estimates that the abutting parcels of land situated on both sides of Clarendon avenue will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1436A, Sewerage Works, Clarendon Avenue, West Roxbury, July 22, 1954, James W. Haley, Chief Engineer, Survey Division, Public Works Department," and on file in the office of this commission.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 16, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair. Absent, Councillor Ahearn. The Reverend Terence L. Connolly, S.J., Librarian of Boston College, was escorted to the rostrum.

INVOCATION

BY REV. TERENCE L. CONNOLLY.

In the Name of the Father, and of the Son, and of the Holy Ghost. Amen.

Bless, O God, we beseech Thee, the deliberations of this Council. May they have their origin in Thy holy inspiration and be carried on by Thy gracious assistance. May their decisions be the decisions of men of integrity, conscious of their obligations to Thee, and to those whose interests and welfare are in their keeping. In this day when principles founded upon Thy unchanged and unchangeable law are fast yielding to expedience, may the work of this Council be such as to renew the faith and trust of our citizenry and weaken the cause of our enemies from without and those who would destroy us from within. For we have lived to see the fulfillment of the ancient prophecy of Micheas (VII, 6) which God incarnate repeated by way of warning to His twelve apostles: "A man's enemies will be the people of his own house." (Mt. X, 36). In this day, O God, instruct the hearts of this Council by the light of Thy Holy Spirit. Teach them to relish what is right and grant them the grace hereafter to rejoice in the consolation of their achievements.

May every member of this Council work in the spirit of that poet of a people who in this day of the disintegration and apostasy of nations, has given to the world an immortal example of integrity, union and religious faith:

"Though riders be thrown in black disgrace,
Yet I mount for the race of my life with pride,
May I keep to the track, may I fall not back,
And judge me, O Christ, as I ride my ride."

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

VETO OF ORDER FOR PAYMENT OF ANNUITY TO CECILIA H. HEFFRON.

The following was received:

City of Boston,
Office of the Mayor, July 29, 1954.

To the City Council.
Gentlemen:

I am returning herewith, disapproved, the order passed by your Honorable Body on June 28, 1954, granting under section 89A of chapter 32 of the General Laws an annuity for the widow of the late Police Patrolman Martin T. Heffron.

My objection to the order returned herewith is that the Medical Board, in reaching the conclusion it did, appears to have relied on the so-called Heart Law (G. L. (Ter. Ed.) c. 32, s. 94, as amended); but substantial doubt has arisen whether that law is applicable in annuity cases under G. L. (Ter. Ed.) c. 32, s. 89A, as amended, first, because the Contributory Retirement Appeal Board has twice ruled, once on January 8, 1954, in Cynthia W. Garvin v. Hingham Retirement Board and again on May 25, 1954, in Ann G. Barrett v. Boston Retirement Board, that G. L. (Ter. Ed.) c. 32, s. 94, as amended, does not apply in accidental death benefit cases under G. L. (Ter. Ed.) c. 32, s. 9, as amended, and second, because on a petition for declaratory relief filed by the Selectmen of the Town of West Springfield against Mrs. Mary T. McCarthy of West Springfield a Justice of the Superior Court sitting for Hampden County has reported to the Supreme Judicial Court the question of the applicability of the so-called Heart Law in annuity cases arising under G. L. (Ter. Ed.) c. 32, s. 89A, as amended. In the circumstances, my recommendation is that the case be remanded to the Medical Board to consider anew after the Supreme Judicial Court has spoken.

Respectfully,

J. B. HYNES, Mayor.

STUDY OF REROUTING OF TRAFFIC IN CITY SQUARE, CHARLESTOWN.

The following was received:

City of Boston,
Office of the Mayor, August 16, 1954.

To the City Council.
Gentlemen:

I transmit herewith communication from the Chief Engineer of the State Public Works Department in regard to your order of June 28, 1954, relative to the rerouting of traffic in City square, Charlestown.

Respectfully,

J. B. HYNES, Mayor.
July 21, 1954.

Mr. W. J. Malloy,
City Clerk.

Dear Sir:

Reference is made to an order of the City Council of Boston, adopted June 28, 1954, requesting the rerouting of traffic in City square, Charlestown, and an immediate study of the problems by this department.

I am advised by the Boston Traffic Commission that upon a completion of an investigation, it was

decided to make Joiner street two way, between the hours of 6 P.M. and 6 A.M., which was the solution to the problem.

If I can be of any further assistance in this matter, please feel free to contact me.

Very truly yours,

H. G. GRAY,
Chief Engineer.

SURVEY OF TRAFFIC CONDITIONS IN OLD HARBOR PROJECT.

The following was received:

City of Boston,
Office of the Mayor, August 16, 1954.

To the City Council.
Gentlemen:

I transmit herewith communications from the Traffic Commissioner and the Chairman of the Boston Housing Authority relative to your order of June 14, 1954, concerning the conducting of a survey of the traffic conditions in the Old Harbor Project in South Boston.

Respectfully,

J. B. HYNES, Mayor.

Boston Housing Authority.
July 30, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Subject: City Council Order of June 14, 1954, on Traffic Conditions at Old Harbor Village.

Dear Mayor Hynes:

As requested by the City Council in its above-referenced order, this Authority has conferred with a representative of the Traffic Commission on the traffic conditions in the public streets in the area.

The number of car owners in the development has increased since the development was originally opened, and in view of this the Authority has agreed to resurvey the area to see if additional parking space can be provided to help in alleviating conditions.

Since this development is owned by the U. S. Government any changes including expenditure of funds will of necessity require its approval.

Very truly yours,

OWEN A. GALLAGHER, Chairman.
Boston Traffic Commission.

July 20, 1954.

Hon. John B. Hynes,

Mayor of Boston.

Subject: Council Order Dated June 14, 1954, Dear Mr. Mayor:

With reference to above-mentioned Council order ordering that the Boston Traffic Commission and the Boston Housing Authority conduct a survey concerning traffic conditions in the Old Harbor Project in South Boston, and that they consider the advisability of making additional streets in the Old Harbor Project public ways, I wish to report that such a survey has been made.

Officials of the Housing Authority and representatives of the Police Department and our department are in agreement that the major problem is parking on both sides of the streets within the project. There are approximately 1,016 units in the area, and it is estimated that about 500 of the tenants own automobiles.

There are many play areas within the project, and some time ago the Traffic Commission, with the Housing Authority, set up a system of one-way streets that practically excludes outside traffic from the area. The problem is entirely an internal one, as is evidenced by the fact that on Sunday, May 30, a child in the project was run over by a neighbor on Sterling Way. The streets approaching Sterling Way are only eight feet wide.

The solution to the problem is to prohibit parking at any time on the streets within the project, and the Traffic Commission is willing to consider this, but, no doubt, the Housing Authority should be given an opportunity in advance to provide off-street parking spaces for the 500 cars which will be dislocated by such a regulation.

Accordingly, if the Housing Authority and the residents wish this regulation to be established, we shall bring the matter to the attention of the Traffic Commission, but it should be known in advance that the cars of residents cannot be placed on the streets outside of the project.

We are certain that there is no outside traffic condition which endangers residents of the project, and the residents themselves must decide whether or not they wish to remove the parking privileges which they now have in the interests of the safety of their children, or whether they wish to continue the present parking arrangements and require that the children use the play areas within the project.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

To the City Council.

Gentlemen:

I transmit herewith communication from the State Public Works Commissioner and the Park

Commissioner in regard to your order of July 12, 1954, relative to continuing the work which was started on the restoration of the John J. Ryan, Jr., Playground in Sullivan square, Charlestown.

Respectfully,

July 20, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

This will acknowledge memo from your office with attached enclosure, City Council order requesting information on the restoration of the John J. Ryan, Jr., Playground, Sullivan square, Charlestown.

This is to inform you that during the erection of the overpass at Sullivan square, and since its completion, I have had several conferences with Commissioner Callahan and Commissioner Volpe relative to the complete restoration of this playground.

Commissioner Volpe, at the last meeting held early in June, promised me that the contract for the restoration would be advertised July 5.

According to publicity releases in the issues of various Boston Sunday newspapers of July 18, work is to start immediately on this project.

Very truly yours,

FRANK R. KELLEY, Commissioner.

Commonwealth of Massachusetts,
Department of Public Works,
July 27, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Mr. Flemming:

In reply to your communication of July 19 forwarding a copy of the City Council order of July 12, I am pleased to advise that this department has advertised for bids on a proposal to construct a field house and play facilities at Sullivan square.

The bids will be opened on Tuesday, August 10, and it is expected that work on this project will be completed before the end of this year.

Very truly yours,

JOHN A. VOLPE, Commissioner.

AVONDALE STREET AND MOTHER JULIA ROAD, DORCHESTER, AS ONE-WAY THOROUGHFARES.

The following was received:

City of Boston,
Office of the Mayor, August 16, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 12, 1954, in regard to surveying the area of Avondale street and Mother Julia road, Dorchester, with the possibility of making each thoroughfare one way for traffic.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
July 26, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to City Council order of July 12, 1954, ordering that the Boston Traffic Commission be requested to survey the area of Avondale street and Mother Julia road, Dorchester, with a view to making each thoroughfare one way, I wish to report that the Boston Traffic Commission discussed this subject at its meeting on July 22.

Consideration was given to the Council order and a petition from residents of Avondale street and St. Gregory street. After an investigation it was found that the pastor of St. Gregory's Church had not signed the petition and is opposed to having Mother Julia road made one way.

Accordingly, the Commission has voted to make Avondale street one way as requested, from St. Gregory street to Richmond street, but has not approved the request to make Mother Julia road one way because this latter street adjoins the church property and the abutter is opposed to that portion of the Council order.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

"STOP" SIGNS AT JUNCTION OF WHITFIELD STREET AND ASPINWALL ROAD, DORCHESTER.

The following was received:

City of Boston,
Office of the Mayor, August 16, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 12, 1954, concerning the installing of "Stop" signs at the junction of Whitfield street and Aspinwall road, Dorchester.

Respectfully,

J. B. HYNES, Mayor.

Boston Traffic Commission,
July 29, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

In response to Council order dated July 12, 1954, requesting that a "Stop" sign be erected at the junction of Aspinwall road and Whitfield street, I wish to say that an inspection has been made of this area by our engineering staff.

As you know, the State Department of Public Works has set up certain standards for "Stop" signs, and each city and town must conform to the warrants established by the state.

The purpose of these standards is to prevent "Stop" signs from being placed promiscuously and in such a large number that motorists would come to disregard them completely. The theory is that the fewer the signs the more effective such signs will be.

In the matter of warrants for "Stop" streets, a large volume of vehicular traffic must be shown by traffic counts; likewise, a large number of pedestrians spread out through the day, not just during one or two hours of the day. Then, again, sight distance is a factor which favors "Stop" signs at blind corners rather than open intersections. Finally, the accident record has to be consulted, and the sum total of all these factors used as a basis for final approval.

We do not have such restrictions on the placement of "Slow" signs or "Children" signs, but recently a number of "Stop" signs recommended by our department have been disapproved by the Commonwealth, and for that reason we are now required to establish all the facts necessary for a "Stop" sign installation before making application to the state.

I regret to report that the intersection in question does not meet the warrants above described in one or more factors, and our engineers have reported accordingly. Thus I find myself unable to send you a favorable answer in response to this order.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

TRAFFIC LIGHTS IN AREA OF WHITFIELD STREET AND TALBOT AVENUE, DORCHESTER.

Gentlemen:

I transmit herewith communication from the Traffic Commissioner relative to your order of July 12, 1954, concerning the surveying of the area of Whitfield street and Talbot avenue, Dorchester, with the view to arranging for the installation of traffic signal lights at this location.

Boston Traffic Commission,
August 5, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

With reference to Council order dated July 12, 1954, that a survey be made of the area of Whitfield street and Talbot avenue, Dorchester, with a view to arranging for the installation of traffic signal lights for the safety of pedestrian and motor traffic alike, I wish to report as follows.

Whitfield street is one way from Talbot avenue to Park street in a northerly direction, so that traffic enters the intersection on Whitfield street from the south only.

Our engineers have observed this area, and it is their opinion that the low accident record here does not warrant the installation of traffic signals and that there are several more hazardous intersections on Talbot avenue where signal lights might prove more advantageous, particularly at Franklin Field and near Welles avenue, where the roadway is much wider and traffic much faster.

At the present time we have no money available for the installation of traffic signals.

Respectfully yours,

WM. ARTHUR REILLY, Commissioner.

Hon. John B. Hynes,
Mayor of Boston.

Dear Sir:

Your memorandum of June 29, 1954, transmitting to this department the City Council order of June 28, 1954.

"Ordered, That the Health Commissioner of the City of Boston be requested, through his Honor the Mayor, to investigate the health menace at Stony Brook, between American Legion Highway and Neponset avenue, to determine what action should be taken to alleviate this health problem."

has received the attention of our Section of Environmental Sanitation, Bureau of General Sanitation.

An inspection has been made of Stony Brook as noted in the City Council order, and we found that this section needs cleaning of rubbish, empty tin cans, and brushwood; the guard rails over culvert at Walk Hill street need repairing, and the guard rails over culvert at Canterbury street are missing.

Inasmuch as Stony Brook is under the jurisdiction of the Sewer Division of the Public Works Department, a reference noting the conditions stated above has been forwarded to the Public Works Department.

RETIRED VETERANS' CLASSIFICATION AND SALARY CHANGE.

To the City Council.
Gentlemen:

Respectfully,

J. B. HYNES, Mayor.

City of Boston,
Law Department, August 10, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

One of the periodical procedures of this department is to check the disposition of correspondence received. Such a check has brought to light that I have not as yet replied to the order passed by the City Council on March 8, 1954, reading as follows:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to prepare a ruling covering the cases of veterans who have been retired from city service after April, 1952, whose classification was changed, and for this change in salary they have received a lump-sum payment in December of 1952, but no increase has been reflected in the amount of their monthly pension payments."

I take the question to relate to any veteran retired between April 1, 1952, and December 3, 1952, under G. L. (Ter. Ed.) c. 32, ss. 56, 57, or 58 (all as amended by St. 1950, c. 608), which severally fix for a veteran retired thereunder a retirement allowance equal to a specified percentage of

"the highest annual rate of compensation, including any bonuses paid in lieu of additional salary or as a temporary wage increase in addition to his regular compensation, and including any allowance for maintenance, payable to him while he was holding the grade held by him at his retirement." (Underscoring supplied.) The December, 1952, lump-sum payments to which the City Council's order refers resulted from the city's establishing in that month a Compensation Plan for employees holding positions covered by the Classification Plan established by the State Director of Civil Service with the approval of the State Civil Service Commission on July 22, 1952. Any such lump sum payment to a veteran retired before December 3, 1952, was not payable to such veteran while he was holding the grade held by him at retirement; for his right thereto cannot be said to have vested until the establishment of the Compensation Plan on December 3, 1952. Accordingly, in my opinion, any such lump-sum payment could not properly be included in computing the amount of retirement allowance payable under any of the statutes cited.

Respectfully,
WILLIAM L. BAXTER,
Corporation Counsel.

APPOINTMENT OF COMMISSIONER RE MAINTENANCE AND REPAIR COST OF CHELSEA BRIDGES.

The following was received:

City of Boston,
Office of the Mayor, August 9, 1954.
To the City Council.
Gentlemen:

I transmit herewith a communication from the Commissioner of Public Works in which he calls attention to the completion of the Andrew P. McArdle Bridge, formerly known as the Meridian Street Bridge.

Under the terms of the legislation for the construction of this bridge, provision was made that commissioners be appointed by the Supreme Judicial Court to fix the responsibility of cities, towns, and street railway companies in respect to the maintenance and repair cost of this structure. Before such a commission can be appointed it is necessary that an order authorizing such a commission be adopted by your Honorable Body and approved by the Mayor.

Therefore, I forward such an order herewith and respectfully request approval thereof by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
July 30, 1954.

Hon. John B. Hynes,
Mayor of Boston.
Dear Mr. Mayor:

By an act of the Legislature — chapter 581 of the year 1911, as amended by chapter 178 of the Acts of 1941 and as affected by section 4 of chapter 785 of the Acts of 1951 — the City of Boston was authorized to construct, reconstruct, and repair certain bridges over navigable water.

In accordance with the provisions of the original act and the subsequent legislation mentioned, new bridges have been erected at two of the locations mentioned, namely:

Chelsea Street, between East Boston and Chelsea, which was built by the city some years ago.

Meridian Street, between East Boston and Chelsea, now being built under the direction of the Department of Public Works by the authority given in the 1951 act and expected to be completed and open for use within a month.

The latter bridge, incidentally, is to be known as Andrew P. McArdle Bridge, the name having been given to it by chapter 84 of the Acts of 1951.

Ownership of these bridges and the responsibility for maintenance and repair rests with the City of Boston, but there is provision in the existing law for a determination by commissioners to be appointed by the Supreme Judicial Court as to the cities, towns, and street railway companies which shall contribute, and also as to the proportions each shall contribute, towards maintenance and repairs of these structures.

So that the city may take the first step required — that is, to apply to the court for the appointment of the commissioners — the Corporation Counsel has at my request prepared the attached order which I respectfully submit to your Honor with the recommendation that it be presented to the City Council for passage by that Body.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the Corporation Counsel of the City of Boston be, and he hereby is, authorized and requested to apply in the name and behalf of the City of Boston to a justice of the Supreme Judicial Court for the appointment of commissioners under chapter 581 of the Acts of 1911 (as amended by chapter 178 of the Acts of 1941 and as affected by section 4 of chapter 785 of the Acts of 1951) to decide in accordance with the provisions of said chapter 581 of the Acts of

1911 (as amended by said chapter 178 of the Acts of 1941 and as affected by section 4 of chapter 785 of the Acts of 1951) what cities, towns, and street railway companies shall contribute, and in what proportions they shall contribute, to the cost of the maintenance and repair of the Chelsea Street Bridge between East Boston and Chelsea and the new Meridian Street Bridge between East Boston and Chelsea.

TRANSFER OF APPROPRIATION TO REAL PROPERTY DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, August 16, 1954.
To the City Council.
Gentlemen:

In the supplementary budget an appropriation was provided for major repairs on the west elevator in City Hall. This project will be started as soon as the necessary equipment and parts are secured.

It has been suggested that before the work actually begins, arrangements should be made to include provision for changing the operation of the elevator to automatic push-button operation. To provide for this feature will involve an additional appropriation of \$5,800.

In my opinion, provision for automatic operation will be a decided advantage to all officials and employees who are called upon to work beyond regular working hours or on Saturdays, Sundays, or holidays. This improvement is in line with facilities available in many office buildings for after-work-hour elevator service.

In order to provide the additional funds required, I submit herewith an order providing for the transfer of \$5,800 to the Buildings Division of the Real Property Department. I respectfully recommend the adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Reserve Fund, \$5,800, to the appropriation for Real Property Department, Buildings Division, 2, Contractual Services, \$5,800.

Referred to the Executive Committee.

APPROPRIATION FOR PUBLIC WORKS DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, August 16, 1954.
To the City Council.
Gentlemen:

Recently 50,000 feet of undeveloped land formerly under the jurisdiction of the Public Works Department and facing Soldiers Field road in Brighton was sold at public auction for \$41,000. This area was formerly used as part of the Brighton District yards which contained in excess of 92,000 square feet. With the sale of a portion of this land to private enterprise, there remains approximately 42,000 square feet available for use as a district yard.

The Commissioner of Public Works is desirous of improving this latter area by razing the existing unsightly wooden buildings and replacing them with a modern structure for the garaging of snow removal and other equipment used by the various services in the Brighton section throughout the year. It is estimated that such improvements will cost in the neighborhood of \$25,000.

I feel that allotting this amount from the proceeds of the sale is justifiable; consequently, I submit herewith an order providing for the appropriation from the special account, "Sales of City Property," of \$25,000, to be used by the Commissioner of Public Works as aforesaid described.

I respectfully recommend the adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That under the provisions of section 63 of chapter 44 of the General Laws, the sum of \$25,000 be, and the same hereby is, appropriated from the special account, "Sales of City Property," to be expended under the direction of the Commissioner of Public Works, for construction of departmental buildings.

Referred to the Committee on Appropriations and Finance.

APPROPRIATION FOR HOSPITAL DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, July 26, 1954.
To the City Council.
Gentlemen:

The Trustees of the City Hospital desire to award a contract for the construction on the roof

of the Pediatrics Building of a new premature baby nursery. The anticipated cost of this construction is \$130,000, of which amount \$90,000 has been appropriated on previous occasions and is available for use. Because of the character of the new nursery, a federal grant of \$40,000 has been applied for, and the trustees have every reason to believe that the application will be approved at some subsequent date.

To award the contract, however, and thus permit construction to proceed, it is necessary under existing law that the full amount involved in the construction be in possession and available for use. Since the time when the federal grant will be available is indefinite, the trustees have requested that an appropriation equivalent to the grant be provided from available funds, so as to permit the awarding of the contract and the starting of the construction work. Under such an arrangement, the federal grant when received would be credited to the general revenue of the city.

I feel, because of the nature of the project, that it is desirable to proceed at once with the construction of a new nursery. I therefore submit herewith an order providing for the appropriation of the additional amount from the special account, Sales of City Property.

I respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That the sum of forty thousand dollars (\$40,000) be, and the same hereby is, appropriated from the special account, Sales of City Property, to the credit of Hospital Department, Installations, Alterations and Repairs.

Referred to the Committee on Appropriations and Finance.

APPROPRIATION FROM PARKMAN FUND INCOME.

The following was received:

City of Boston,
Office of the Mayor, July 26, 1954.
To the City Council.
Gentlemen:

I am in receipt of the attached communication from the Commissioner of Parks and Recreation, requesting the appropriation of \$28,000 from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887.

The 1954 budget estimates for the personal service requirements of the Park Department included an estimate of the total yearly income from the George F. Parkman Fund. The budget allowances made provision for the appropriation of this income as it accrued for the purpose of defraying the cost of work actually performed on the Common and Parks in Existence on January 12, 1887.

I submit herewith an order appropriating the sum of \$28,000, the accrued income now available from the Parkman Fund, and respectfully recommend its immediate passage by your Honorable Body.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Park Department, July 20, 1954.
Hon. John B. Hynes,
Mayor of Boston.

Dear Sir: I respectfully request that you ask the City Council to transfer from the income of the George F. Parkman Fund the sum of \$28,000 which is now available, to be expended under the direction of the Commissioner of Parks and Recreation as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance and	
Improvement of	\$28,000

When making up the budget estimates for the year 1954, a sum equal to the total yearly income of the George F. Parkman Fund was deducted from Item 100, Permanent Employees, with the understanding that this deduction was to be replaced by the total yearly income of said Parkman Fund for 1954, to be transferred as it accrued from time to time during the year to the regular maintenance appropriation of the Parks and Recreation Department.

Respectfully yours,
FRANK R. KELLEY, Commissioner.

Ordered, That the sum of twenty-eight thousand dollars (\$28,000) be, and hereby is, appropriated from the income of the George F. Parkman Fund, to be expended under the direction of the Commissioner of Parks and Recreation, for the Maintenance and Improvement of the Common and Parks in Existence on January 12, 1887, as follows:

Common and Parks in Existence on	
January 12, 1887, Maintenance and	
Improvement of	\$28,000

Referred to the Committee on Appropriations and Finance.

APPROVAL OF SITES FOR INCINERATORS.

The following was received:

City of Boston,
Office of the Mayor, August 16, 1954.
To the City Council.
Gentlemen:

The problem of disposal of refuse and garbage in the City of Boston is one of major proportions. Because of the lack of land for so-called land dumping purposes, and also because of the undesirability of land dumps, it is commonly agreed that the solution to our disposal problem is by the construction of modern incinerators.

At the present time, it is contemplated to erect three incinerators to serve the City of Boston. Loan appropriations already provided by your Honorable Body will permit of the construction of a 750-ton incinerator in the South Bay area of our city to service those districts the refuse and garbage from which is dumped at the Calf Pasture site in South Boston and at Spectacle Island. The Calf Pasture site can be used but for a limited time in the future. The hauling to Spectacle Island is a very expensive operation. Our present plans call for the construction of the South Bay incinerator so that it will be in operation early in the year 1956.

A second incinerator to provide for the disposal needs of over 200,000 persons who reside in the Dorchester district has been suggested to be erected by the Metropolitan District Commission, on land owned by that body on the marshes on the banks of the Neponset River, off Granite Avenue. This site is reasonably remote from any dwellings. It is peculiarly adapted for incinerator purposes in that it provides marsh area for the dumping of incinerator residue, thus reclaiming waste land. It is apparent that neither the Town of Milton nor the City of Quincy desire to join with Boston in the erection of such an incinerator, but regardless of that fact, it is plain that Boston must go forward to provide this means of disposal for the great numbers of residents of the Dorchester district. This incinerator would have a minimum capacity of 400 tons and cost not more than \$1,500,000. It would be constructed, operated, and maintained, by the Metropolitan District Commission, which has authority under chapter 539 of the Acts of 1952 to proceed as soon as approval of the site is granted by the City Council of Boston. To await transfer of this land from the Metropolitan District Commission to the City of Boston would entail at least a year's delay, and such further delay would make more acute our disposal problems in our city. Therefore, I recommend the adoption of an order herewith submitted approving the aforesaid site in the City of Boston for the construction of an incinerator by the Metropolitan District Commission.

To provide for the disposal problems in the Brighton area of the City of Boston, an agreement must be reached with the Town of Watertown for the establishment of a Brighton-Watertown Incinerator Authority, under the provisions of chapter 523 of the Acts of 1954.

The problem of disposal of refuse and garbage in the Brighton area is no less serious than that of the Dorchester area. If the aforementioned act of the Legislature is accepted by your Honorable Body and by the Town of Watertown, an Incinerator Authority will be established comprising the Commissioner of Public Works of the City of Boston and the Superintendent of Highways of the Town of Watertown. The incinerator will be constructed on the site of the existing dump on Grove Street in the Town of Watertown. The cost of the incinerator will be approximately \$1,500,000, \$1,000,000 of which will be paid by the City of Boston and \$500,000 by the Town of Watertown. The cost of operating the incinerator will be based on the percentage of material delivered to the plant by the respective communities. I submit herewith an order for the acceptance of chapter 523 of the Acts of 1954 creating a Brighton-Watertown Incinerator Authority and I respectfully request its adoption by your Honorable Body.

The need of incinerators for the disposal of refuse and garbage becomes more pressing each month. There have been unavoidable and explainable delays in the construction of such incinerators in Boston. However, we have now reached the point where three incinerators to serve our city can be built. I strongly urge that your Honorable Body give this matter your full attention, and as prompt action as is possible. The attached communications from the Commissioner of Public Works give a full explanation of the subject matter, and the commissioner will be in readiness to consult with the City Council with respect to any further information desired.

Respectfully,
J. B. HYNER, Mayor.

City of Boston,
Public Works Department,
July 28, 1954.

Hon. John B. Hyner,
Mayor of Boston.
Dear Mr. Mayor:

The disposal of garbage and rubbish collected in the Dorchester area has reached the critical stage, due to the scarcity of adequate dumping locations. There is only one area available in Dorchester for the dumping of refuse, and this area has been under the control of a contractor for many years past. The dump is located on the banks of the Neponset River, near Calhoun Boulevard, in the area through which the proposed Southeast Expressway will pass. It is maintained as an open dump as dis-

tinguished from the so-called sanitary land-fill type of dump), and it is being filled at such a rate that its life as a dump will not extend beyond two or three years. All of these factors lead to the inescapable conclusion that Boston must, before the end of the current year, start construction of an incinerator in Dorchester to provide a sanitary method of disposing of garbage and refuse that will satisfactorily solve the problem in the Dorchester area for many years to come.

West Roxbury is the only area in the City of Boston where adequate, sanitary and economical garbage and rubbish disposal facilities exist. In that district, we have many acres of land available at Gardner Street, near the Newton line, for the dumping of refuse. We are filling abandoned gravel pits, dangerous water holes and marshland that will be eventually reclaimed and made suitable for development. The West Roxbury area, therefore, not only provides an adequate site for the dumping of refuse for many years to come, but it also has the decided additional advantage of reclaiming land that is currently unsuitable for development. The so-called sanitary land-fill method of disposing of garbage and rubbish is far less costly than incineration if the earth fill, which is used to cover the refuse, is available at, or near, the site of the dump. Many thousands of yards of the finest sand and gravel are available at the Gardner Street dump for cover material, with the result that the operation of the dump is conducted in a most sanitary manner, without the creation of any inconvenience or nuisance to anyone. However, as stated, West Roxbury is the only area in the city where adequate and sanitary dumping facilities exist, and where it should not be necessary to adopt incineration for many years to come.

At the present time, reasonably satisfactory progress is being made, after considerable delay, to provide for the construction of a 750-ton incinerator in the South Bay area to service the districts now included in the DeMatteo disposal contract, which provides for dumping refuse at the Calf Pasture site and Spectacle Island. We expect to advertise for bids for the incinerator equipment within six or seven weeks, and for construction of the building some time during the closing months of the year. If everything proceeds as scheduled, I am hopeful that this incinerator will be in operation by January 1, 1956, and not later than April 1 of that year.

Under the provisions of chapter 523 of the current Acts of 1954, a regional incinerator authority will be set up to construct and operate an incinerator in Watertown for the use of Watertown and Brighton. Such an arrangement will prove advantageous to both Watertown and Boston, as it has been conclusively shown that each community can effect a substantial saving through the construction and operation of one incinerator for the joint use of both communities, as compared with the cost that would result if each community constructed and operated its own incinerator. The regional school system has proved economical to the smaller communities of the state, and there is no reason why adjacent communities should not construct and operate regional incinerators for the use of two or more towns. Chapter 523, however, is subject to acceptance, before the end of the year, by a majority of the Town Meeting Members of Watertown, and by vote of the City Council of Boston, approved by your Honor. A special Town Meeting to act on the matter is scheduled in Watertown for September or October. I am hopeful that Watertown will accept the act, thereby solving the problem that exists in Brighton, due to the unavailability of dumping sites in that section. Under a separate communication, I will send to your Honor, for transmittal to the City Council, an order providing for the acceptance of the act by Boston.

With the construction of the 750-ton South Bay incinerator and the construction of the Watertown incinerator, the problem of garbage and rubbish disposal in Boston will be solved with the exception of the Dorchester area with its population of 200,000 people.

In a report that was prepared for the M. D. C. by the consulting engineering firm of Thomas Worcester, Inc., and printed as House Document No. 2360, it was recommended, in part, that an incinerator be constructed on the banks of the Neponset River off Granite Avenue, in Milton, for the use of a section of Dorchester, Milton, 90 per cent of Quincy, and 25 per cent of Braintree. An informal hearing, at which I was present, was held at Quincy City Hall on Tuesday night, December 1, 1953, to discuss the recommendation and determine, in a general way, whether the above-referenced communities were in favor of the acceptance or rejection of the recommendation, which the M. D. C. is authorized to carry out, under the provisions of chapter 539 of the Acts of 1952, as amended by chapter 495 of the current Acts of 1954. It was apparent to me that representatives of the City of Quincy and the Town of Milton did not look with favor towards the recommendation, as presumably they felt that they could solve their own problems without getting involved in the construction and operation of an incinerator by the M. D. C., which would be used, as stated hereinbefore, by the latter-referenced two communities and a substantial part of the Dorchester section of Boston. At the suggestion of President Della Chiesa of the Quincy City Council, it was agreed that a committee, comprised of officials of Quincy, Milton and Boston, should be appointed to investigate the

matter further. Commissioner Greenough of the M. D. C., who was present at the meeting, readily assented to the suggestion, and it was agreed that the committee would hold meetings with representatives of the M. D. C. to act on the acceptance or rejection of the recommendation contained in the Worcester report. I agreed to serve as a member of the Boston Committee, and City Council President Francis X. Ahearn designated City Councillor William F. Hurley to also serve as a member to represent the Boston City Council. The first and only meeting of the committee was scheduled for Monday, July 19, at Commissioner Greenough's office. I was present at the meeting, but no one representing Quincy or Milton appeared, and I was informed that neither community was interested in entering into an agreement with the M. D. C., whereby the latter would operate and construct an incinerator for the joint use of Quincy, Milton and the Dorchester section of Boston. Upon being informed of the attitude of the officials of Quincy and Milton concerning the problem of incineration, I felt that it would be desirable to have the M. D. C. construct an incinerator in the Dorchester area for the disposal of all garbage and rubbish collected in that district. Mr. Greenough reacted favorably towards this suggestion and, therefore, it was agreed that the engineers of the M. D. C. and this department would jointly select a satisfactory site and obtain your Honor's approval and the approval of the Boston City Council to the site, as required under the provisions of chapter 539 of the Acts of 1952, as amended.

As you well know, there are very few locations in Dorchester in which an incinerator can be constructed. I have surveyed the area over the years, and I feel that the most desirable site for an incinerator is the area of marshland owned by the Metropolitan District Commission, and located on the Boston side of the Neponset River and known as the Neponset River Reservation. The M. D. C. also is favorable towards this site, as the area is reasonably remote from any residential development, and the present marshland will make an ideal dumping site for the disposal of the residue resulting from the burning of the refuse material. The marshland unquestionably, at the present time, provides breeding areas for mosquitoes and other insects and is totally unsuitable for development. The cost of filling the area with anything except the residue from an incinerator would be prohibitive, and it is reasonable to assume, therefore, that the many acres of marshland comprising the Neponset River Reservation will never be improved unless filled with residue. Therefore, this site not only has the advantage of providing an ideal location for the erection of an incinerator, but it also has the advantage of providing an ideal dumping location for the incinerator residue, and the reclaiming of many acres of undeveloped land.

While, normally, I feel that the City of Boston should construct and operate its own incinerators in cases where they are to be used by Boston alone, I feel that the Dorchester incinerator should be constructed and operated by the M. D. C., in view of the fact that the proposed site is owned by the M. D. C. and actual construction can be started before the end of the current year, if the necessary approval is obtained from the City Council at an early date. If Boston were to attempt to have this land transferred from the M. D. C. and construct its own incinerator, I feel that the project would be delayed at least one or two years, and we cannot afford any such delay in providing for an incinerator for the Dorchester area. The proposed incinerator will probably be of a minimum 400-ton capacity and cost in the vicinity of \$1,200,000 to \$1,500,000. If the incinerator is constructed by the M. D. C., rather than by the City, our bonded indebtedness would decrease accordingly, which is another factor in favor of having the M. D. C. construct the incinerator. My prime purpose, however, in having the M. D. C. construct the Dorchester incinerator is based on a probable saving of one or two years in the completion of the project, and also because the site selected is owned by the M. D. C., and it provides not only an ideal location for the incinerator, but also provides for a dumping location for the residue for many years to come, and the reclaiming of many acres of objectionable marshland. The M. D. C. has the authority, under the provisions of chapter 539 of the Acts of 1952, as amended, to initiate steps to provide for the construction of the incinerator as soon as the necessary approval of the site is granted by the City Council and your Honor.

I cannot emphasize too strongly the absolute necessity of starting the construction of an incinerator in the Dorchester area during the current year. A modern incinerator does not, in any way, constitute a nuisance, because, as you well know from personal visits that you have made to modern incinerators in other cities, they are positively odorless and practically smokeless.

In connection with the general problem of incineration in Boston, I wish to incorporate in this communication the following pertinent excerpts taken from a letter of June 14, 1950, that Health Commissioner John H. Chusley sent to me:

"As a result of the study which has been made, it is concluded that incinerators may be operated in the City of Boston without creating a health hazard or causing a nuisance. As the present method of collecting and disposing of

refuse in the City of Boston is a problem which could develop into a health hazard and cause a nuisance because of the impending shortage of dumping areas and in order to minimize the risks existing at the present time, it is essential that additional disposal procedures be planned now.

"In planning a location for an incinerator, it is desirable that the plant be located in an area where there is a sparsity of dwellings and where there is only a limited amount of business activity. An industrial manufacturing locale or an area where it appears that there will be no expansion of business or of residences for a period of many years would be preferable. These recommendations are made with the realization that in certain cities of the nation, perfectly engineered incinerator plants are being operated in close proximity to both business establishments and dwellings without causing any health hazards or nuisances.

"It is reiterated that incinerators may be constructed, maintained and operated in the City of Boston without causing a health hazard or creating a nuisance.

The site selected in Dorchester, and shown as Area A on the accompanying plan, is, as stated, reasonably remote from any residential development and will effect an improvement in the area and will not, in any way, be detrimental. We are providing for the construction of an access road, as shown on the accompanying plan, from the site of the incinerator to Granite avenue, which, as you well know, is a main highway and is used daily by passenger cars and trucks of all descriptions. Area A, in my opinion, is the best site in Dorchester on which to construct an incinerator, and as a matter of fact, its location was approved as a suitable area for the disposal of refuse under the sanitary land-fill method by Deputy Commissioner Clarence I. Sterling of the State Department of Public Health in a communication that he sent to me under date of June 10, 1953, at my request. The incineration of refuse is far more sanitary than the land-fill method of disposal and, therefore, if the State Department of Public Health is willing to go on record as favoring the Neponset River Reservation as a suitable site for a land-fill dump, I am certain that they also will approve the site as a suitable location for an incinerator.

The disposal of garbage and rubbish in the Dorchester area is serious, and we cannot afford to delay in providing for its solution. If we do not act on this important matter this year, we might wake up some morning and find that we have no dump for the garbage and rubbish produced in Dorchester, the largest single area in the City. I feel that the method proposed in this report is the most practical and sensible one to adopt, as it provides a complete answer to our problem.

Therefore, I respectfully recommend that the accompanying order, authorizing the construction of an incinerator in Area A, as shown on the accompanying plan prepared by this department, be submitted to the City Council for approval, in accordance with the provisions of chapter 559 of the Acts of 1952, as amended by chapter 495 of the Acts of 1954.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That the land shown as the hatched area on the plan filed with the City Clerk and entitled "City of Boston, Public Works Department, Southerly Incinerator, Proposed Site No. 1, Scale: 1 Inch to 200 Feet, July, 1954, George G. Hyland, Commissioner of Public Works," be, and the same hereby is, approved as a place in the City of Boston for the construction of an incinerator by the Metropolitan District Commission under section 9A of chapter 92 of the General Laws, as amended.

City of Boston,
Public Works Department,
July 29, 1954.

Hon. John B. Hynes,
Mayor of Boston.

Dear Mr. Mayor:

Under the provisions of chapter 523 of the current Acts of 1954, the Brighton-Watertown Incinerator Authority is created. The act substantially provides for the following:

1. The Authority shall consist of the Commissioner of Public Works of the City of Boston and the Superintendent of Highways of the Town of Watertown, or such other officers designated to have charge of the disposal of refuse and garbage in the above-referenced two (2) communities.

2. The Authority is authorized to acquire, by purchase or otherwise or through eminent domain proceedings, in accordance with the provisions of chapter 79 of the General Laws, part of the land constituting the site of the existing dump on Grove street in the Town of Watertown as said Authority may deem necessary for carrying out the provisions of the act, but in no event more than ten (10) acres.

3. The Authority is authorized to construct, maintain, and operate, on the land so acquired, a refuse disposal incinerator for the disposal of refuse and garbage produced in the Town of Watertown and in the Brighton District of Boston.

4. The Authority is authorized, for the purpose of constructing the incinerator and making any

major alterations and for the establishment of a working capital fund, to borrow, from time to time, from the City of Boston and the Town of Watertown, not in excess of \$1,000,000 from Boston, and not in excess of \$500,000 from Watertown. (Incidentally, we estimate the population of the Brighton district at 71,733 (65.7 per cent) and the population of Watertown at 37,329 (34.3 per cent).

5. The Authority is required to repay every loan made to it by Boston and Watertown in the same installments and with the same interest rates applicable to the loans issued by Watertown and Boston. Incidentally, the City of Boston and the Town of Watertown, under the provisions of the act, are authorized to borrow, from time to time, such sums as may be necessary to loan to the Brighton-Watertown Incinerator Authority, with the understanding that the loan shall not be for periods in excess of twenty years.

6. The Authority is required to keep a daily record of the amount of refuse and garbage deposited in the incinerator by the City of Boston and by the Town of Watertown, and to apportion the cost of maintaining and operating the incinerator on the basis of the percentage of material delivered to the plant each month by Watertown and Brighton. In other words, if Boston delivers two thirds of the material, it will be required to pay two thirds of the cost of maintenance, operation, etc. (This is the fairest and most equitable method of apportionment, as it is based on usage.)

7. The City of Boston and the Town of Watertown will be required to pay monthly, to the Incinerator Authority, the cost of maintenance and operation (including administrative expenses) for the preceding month, based, as stated hereinbefore, on the volume of refuse hauled to the incinerator by each of the two communities. The administrative expenses of the Authority, during each month, shall also include the installments due on the principal and interest on debt accruing during such month.

8. The act shall not take effect until its acceptance by the City of Boston by vote of the City Council, approved by your Honor, and by the Town of Watertown by a majority of the Town Meeting Members present and voting at an annual or special town meeting. Such acceptance must occur during the current year.

It unquestionably is in the best interests of both Watertown and Boston if the above act becomes effective before the end of the current year, because we have conclusively proved to our satisfaction that it is much more economical if the Brighton district and the Town of Watertown jointly use a single incinerator, rather than if Watertown constructs an incinerator for its use only, and Boston constructs one for the use of Brighton only.

The acceptance of chapter 523 unquestionably is in the best interests of the City of Boston and, therefore, I respectfully submit, for transmittal to the City Council, an order prepared by the Law Department, providing for the acceptance of the above-referenced act.

I also submit herewith, two copies of chapter 523 for your perusal and examination, and also for the examination of members of the City Council.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Ordered, That chapter 523 of the Acts of 1954, entitled "An Act Creating the Brighton-Watertown Incinerator Authority and Defining Its Powers and Duties," be, and the same hereby is, accepted.

Referred to the Executive Committee.

REPORT OF FINANCE COMMISSION ON ASSESSMENTS.

The following was received:

City of Boston,

Finance Commission, August 6, 1954.

To the Honorable the Mayor and City Council.

In its recent analysis of the tax rate computations of 1954, the Finance Commission expressed an opinion that "there is hope of results more satisfactory to the taxpayers when the reorganization

of the work in the Assessing Department is in full effect." The purpose of this communication is to reveal the situation in respect to property valuations which now exists.

It was the expressed opinion of the Finance Commission as the result of many surveys of Assessing Department practices that a reorganization of the control in that department would facilitate necessary revamping of the procedures, the policies, and the practices in the establishment of the taxable valuations in the city. Now that that reorganization has taken place, the corollary to organization control—the establishment of a satisfactory system of assessment—is ready for a start. Since the pattern is not prescribed by ordinance, the Assessing Department is confronted with the task of formulating such a system.

Throughout many years the Finance Commission has kept before administrators and taxpayers alike certain of the practices and policies in the fixing of the tax rate which the Commission considered to be on the border line of abuse of authority. These concern the determination of individual assessments and the granting of abatements. In addition, an expert in that field, retained by the Finance Commission, revealed that the department was not well equipped to make satisfactory determination of taxable value. He made many recommendations in that regard. Now that plans are in the making for the reorganization of the work, generally accepted as vitally necessary, the Finance Commission believes it is timely to make certain observations.

To place the Boston valuation picture in proper perspective it must be seen in retrospect. To determine the direction which valuations are following it is necessary to look beyond last year or five years ago. Moreover, the valuations set at tax rate determination time cannot be taken at face value.

The all-time peak in valuation was, of course, in 1930. That was the end of the extraordinary prosperity of the 20's. The consequences to real property of the disastrous depression which began in the fall of 1929 had not been calculated when valuations were fixed in June of 1930. Nevertheless, immediately thereafter property valuations as determined by the Assessors began to fall. They continued to fall, year after year, until the lowest total property valuation since 1911 was reached in 1944.

This 1930 peak of valuations in Boston was \$1,972,148,200; the low is generally accepted to have been reached at \$1,442,008,400 in 1944. Nevertheless, contrary to the general belief, the figure used originally as the official total 1944 valuation did not long remain as the official valuation for the year 1944. It went into the records as the valuation figure used for tax rate purposes in that year; but eventually the valuations involved were adjusted downward several million dollars as the following illustration shows.

The tax rate computations of 1944 contained the sum of \$1,690,586.89 for overlay—refund of taxes assessed which eventually are decided to be overvaluation or illegal valuation. By early 1946 that overlay account became exhausted. Abatements of 1944 assessments granted by the assessors had absorbed it all. A 1944 overlay deficit account began. By the end of 1949 this deficit became \$2,806,386.04. This means that, adding to the above figure the overlay provided in the 1944 tax levy, to December 31, 1949, abatements of 1944 assessments had risen to \$4,496,972.93. Converting this figure, which is in tax dollars, into valuation figures means that to December 31, 1949, the total valuation on which the 1944 rate had been based was reduced to \$1,349,302,400. This latter figure, therefore, became on December 31, 1949, the total of the 1944 valuation. It has been further reduced by abatements since December 31, 1949.

This experience in connection with 1944 taxes illustrates what has happened in every year in regard to the assessments on which the tax rate was based. The only difference in years subsequent to 1944 has been that all the figures involved became greater.

For instance, in four months after the 1949 tax bills were payable, abatements granted more than doubled the amount originally set aside for that purpose. In fact, the accumulated overlay deficits had become so great at that time that special legislative authority was sought and obtained to provide a method by which the 1950 taxpayers could be spared the pain of paying in that one

year for the excesses in abatements of the previous years. The deficit in the overlay accounts created by abatements in 1949 alone became \$11,333,570.23 in tax dollars on December 31, 1949, of which \$3,118,350.20 was on account of 1949 assessments.

Yet, despite the fact that the first \$2,000,000 authorized by the 1950 special act to finance the deficit had gone into the account by its inclusion in the tax computations of 1950, on December 31, 1950, the account had become a \$12,293,553.33 deficit account. This means simply that, while the \$11,333,570.23 account was being reduced by the first new tax of \$2,000,000, abatements of old taxes continued on the old scale.

Since 1944 was the low point, in this era, of total taxable valuations in Boston, it is a good point at which to begin to show "Whither are we going?" in taxable valuations. In the tax rate computation of 1954 the figure used as total valuation was \$1,566,676,000. How much this will eventually be written down when the abatements are all in is speculation at this time, but there is no doubt that, to a great extent, what happened in 1944, as illustrated above, will be repeated in connection with 1954.

In 1954 the total valuation starts out as \$124,667,600 more than the original valuation in 1944; and it is \$217,373,600 more than the eventual 1944 valuation. In the last ten years, therefore, accepting original valuation figures only, the gain in total valuation in Boston has been 8.6 per cent.

When this small gain in the last ten-year period in total valuation is contrasted with the increase in the assessors' tax warrants in the same period, \$58,043,483.16 in 1944 to \$109,333,984.80 in 1954, an increase of 88 per cent, it is easy to see the reason for the 75 per cent tax rate increase—\$39.90 in 1944 to \$69.80 in 1954. Valuation gains have evidently been insignificant when contrasted with increase in the expenditure requirements.

The gain looks better if the eventual valuation of 1944 is compared with the original valuation in 1954. That was a matter of 16 per cent. However, there is little comfort in this larger figure, because the reduction by abatements will eventually eat that 1954 total back as in other years.

The first answer to the question "Whither are we going?" therefore is that, accepting the gain as shown by use of the original valuation, it would appear that in the last ten years Boston has not kept pace with other leading cities of the country in gain in property valuation. To 1953 New York has gained 25 per cent; Chicago 81.3 per cent; Philadelphia 37 per cent; Detroit 63 per cent; Los Angeles 99.9 per cent; Cleveland 97.4 per cent; St. Louis 31 per cent; Baltimore 63 per cent. In fact, in the 16 largest cities of the country, the average gain in the total valuation has been 53 per cent, in contrast with Boston's 8.6 per cent gain.

Boston's gain in total valuation has been small, which to a great extent is because of the loss of taxable property by takings for public improvement and for charitable, educational, and religious purposes, coupled with the apparent unwillingness of owners to replace ancient commercial and industrial properties with new construction of greater taxable value. The present prospects of higher total valuation in Boston are dim.

The figures in respect to valuation heretofore used are of the total valuation on which the tax rate is based. Obviously, total valuation has two parts—real property valuation and personal property valuation. It is interesting to note the trend in each of these categories.

Real property apparently is gradually being less relied upon to provide the funds for city service. Its valuation was at its peak, naturally, in 1930 when it reached the all-time high figure of \$1,827,460,600. In 1954 it is \$1,432,252,300. The equivalent in tax dollars of the 1930 real property valuation was \$56,285,787. Inasmuch as the total requirements of expenditure in that year were \$76,233,861, real estate bore 73.8 per cent of the tax requirements in 1930.

In 1954 real property valuation for tax rate purposes is \$1,432,252,300. The equivalent in tax dollars is \$99,971,211; and in 1954, the total requirements for expenditure being \$154,819,459, real estate must bear 64.6 per cent of the tax requirements.

Perusal first of the following table shows how, viewed at five-year intervals, since 1930 the relation of the tax levy to the total requirements has been slanting downward:

YEAR	Real Estate Valuation	Equivalent in Tax Dollars for That Year	Total Requirements for That Year	Real Estate Tax as Per Cent of Total Requirements
1930	\$1,827,460,600	\$56,285,787	\$76,233,861	73.8
1935	1,517,386,700	56,143,308	73,717,858	76.2
1940	1,362,131,500	55,302,539	80,227,778	68.9
1944	1,314,718,800	52,457,280	76,649,720	68.4
1950	1,429,900,000	90,083,700	130,369,601	69.1
1954	1,432,252,300	99,971,211	154,819,459	64.6

Next, in the proportion of real property valuation to the total valuation on which the tax rate is based, it appears also that real property has slowly edged downward. The following table illustrates it:

PER CENT OF TOTAL VALUATION REPRESENTED BY REAL ESTATE VALUATION AND PERSONAL PROPERTY

YEAR	Real Estate Valuation	Per Cent of Total	Personal Property Valuation	Per Cent of Total
1930.....	\$1,827,460,000	92.66	\$144,687,600	7.34
1935.....	1,517,386,700	91.96	132,613,300	8.04
1940.....	1,362,131,500	91.84	121,103,000	8.16
1944.....	1,314,718,800	91.17	127,289,600	8.83
1950.....	1,429,900,000	91.22	137,600,000	8.78
1954.....	1,432,252,300	91.42	134,423,700	8.58

It is of further interest to note where in the various sections of the city the changes in real property valuation have taken place. The following table gives that picture:

The table supports the following observations:

1. In many wards, particularly in the commercial and industrial heart of the city (Wards 3, 4, 5, and 6), the valuations reached their lowest point about 1944, then moved upward until 1949 or 1950. Thereafter, Wards 3 and 4 slid off in valuation; Wards 5 and 6 remained more or less steady.

2. In many other wards predominantly residential in character, such as Wards 10, 11, 12, 13, 15, and 19, since 1944 valuations have changed little notwithstanding changing economic factors.

3. The wards where valuations have increased substantially during the past 15 to 20 years are those which have experienced, by and large, much new construction rather than a revaluation of existing buildings. Wards 18, 20, and 22 illustrate this point.

4. It is significant that there has been little change in valuation in some wards in 25 years. This feature is demonstrated particularly in the attached table (added), which lists the valuations by ward in each year since 1930.

The situation the assessors face at this beginning of an effort to install a system which will result in satisfactory valuations poses many problems. One of them is how to reduce the dissatisfaction of property owners with the determined values. That this dissatisfaction is ever increasing is shown in the figures of appeals from assessors' original determinations. Yet it is greater than these particular figures reveal, because there are many applications for abatement which never reach the Appellate Tax Board.

The number of cases pending at the end of the state 1953-54 year (June 30, 1954) was exceeded only in 1945 and 1946 since the Appellate Tax Board was created in 1930. The volume of valuations involved was the greatest in the entire history of the Board.

In only two years was the number of new cases filed in 1953-54 exceeded, and never was the valuation involved in the cases filed during that year exceeded.

The relation of the valuation determined in that year by the State Board as overvaluation to the valuation questioned reached a new high per cent — 24 per cent.

The number of cases withdrawn from the Appellate Tax Board and settled by the assessors, and the valuation involved in them, was not the highest on record, but was still on the upward trend.

Appended is a table which shows the real estate valuation fluctuations by ward and section of the city since the high point of city valuation in 1930.

POWERS OF CITY COUNCIL ACTING AS COUNTY COMMISSIONERS.

The following was received:

Commonwealth of Massachusetts,
Department of Attorney General,
July 20, 1954.

Hon. Walter J. Malloy,
City Clerk.

Dear Sir:

This will acknowledge receipt of copy of the order of the City Council requesting me to define the powers of the Boston City Council acting as County Commissioners.

Doubtless the Council is unaware that I am authorized by law to furnish advice and render opinions only to state officers, boards and commissions relative to state matters.

May I take the liberty of suggesting that this matter be taken up with the Corporation Counsel who doubtless will be able to render properly and efficiently the information you request.

Very truly yours,
GEORGE FINOOLD,
Attorney General.

APPROVAL OF CONSTABLE'S BOND.

The constable's bond of Wilfred H. Morette, having been duly approved by the Collector-Treasurer, was received and approved.

REPORT OF COMMITTEE ON CONFIRMATIONS.

Coun. McCORMACK, for the Committee on Confirmations, submitted the following:

1. Report on appointment by the Mayor (referred July 19) of Ira A. Litvin as constable with authority to serve civil process upon filing of bond, for term ending April 30, 1955—recommending that appointment be confirmed.

2. Report on appointment by the Mayor (referred July 19) of Allan F. Knowlton and James H. Thurston as Weighers of Coal for term ending April 30, 1955—recommending that appointments be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councillors Haller and McLaughlin. Whole number of ballots, 7, yeas 7, and the appointments were confirmed.

REPORT OF COMMITTEE ON CLAIMS.

Coun. PIEMONTE, for the Committee on Claims, submitted the following:

Report on petition of Patrick J. Coyne (referred July 22) for retirement as a veteran—recommending passage of the accompanying order:

Whereas, Patrick J. Coyne, employed in the service of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, has made application to be retired under the provisions of section 57 of chapter 32 of the General Laws, as amended; and

Whereas, The said Patrick J. Coyne has submitted to the City Council satisfactory evidence that he is a veteran as defined in section 56 of chapter 32 of the General Laws; that he has been certified for retirement for disability by the duly authorized medical board; that he has been in the service of the county at least ten years; that he is incapacitated for active service; and that his total income from all sources, exclusive of his retirement allowance and of any sum received from the government of the United States as a pension for war service, does not exceed one thousand dollars; and

Ordered, That under the provisions of section 57 of chapter 32 of the General Laws, as amended, Patrick J. Coyne, employed in the service of the County of Suffolk as correction officer in the House of Correction, Penal Institutions Department, be, and hereby is, retired by the Mayor and City Council, acting as county commissioners, at an annual pension of two thousand three hundred and eighty-four dollars and fifteen cents, being 58 per cent of his highest regular rate of compensation.

The report was accepted and the order was passed.

NAMING OF SQUARE IN HONOR OF ANTHONY J. CORLITO.

Coun. PIEMONTE offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to name the square at the corner of Margaret street and Shenef street, Boston, in honor of

T Sgt. Anthony J. Corlito, who lost his life in Germany in September of 1944, while in the service of his country.

Passed under suspension of the rules.

NAMING OF SQUARE IN HONOR OF ISADORE J. ACCARDI.

Coun. PIEMONTE offered the following:

Ordered, That the Committee to Memorialize Veterans be requested, through his Honor the Mayor, to rescind the order adopting the naming of the square at the corner of Henchman and Charter streets, Boston, in honor of Isadore J. Accardi, who lost his life in France on July 13, 1944, and that the square at the corner of Unity and Charter streets be so named.

Passed under suspension of the rules.

ADOPTION OF POST AUDIT AS PROPOSED BY FINANCE COMMISSION.

Coun. PIEMONTE offered the following:

Whereas, The Griffenhagen report made to the Finance Commission on the financial departments of the City of Boston expressed concern over the present method of auditing and recommended a post audit directly responsible to the City Council; and

Whereas, The Finance Commission accepted this report and made such recommendations; and

Whereas, The Boston Municipal Association endorsed such recommendations; now, therefore, be it

Resolved, That the Mayor be requested to arrange for the adoption of the method for a post audit as proposed by the Finance Commission.

The resolution was adopted under suspension of the rules.

President WHITE in the chair.

APPEARANCE OF CHAIRMAN OF BOARD OF ASSESSORS AT EXECUTIVE MEETING.

Coun. PIEMONTE offered the following:

Ordered, That the Chairman of the Board of Assessors of the City of Boston be, and is hereby, invited to attend the executive meeting of the Boston City Council for the following purposes:

1. To discuss the policy of the City Board of Assessors in relation to decisions on valuations of the newly created Board of Review.

2. To discuss the policy of the City Board of Assessors in relation to decisions on valuations by the Appellate Tax Board.

3. To discuss the policy of the Board of Assessors in fixing assessments for 1954 on properties on which they themselves had voted an abatement in the preceding year or this year.

4. To discuss the policy of the Board of Assessors in fixing assessments for 1954 on properties on which the Tax Appellate Board had made a finding in the preceding year and/or this year.

Passed under suspension of the rules.

RECESS.

On motion of Councillor Piemonte the Council voted to take a recess at 4:01 P.M. subject to the call of the Chair, and that the Chair-

man of the Board of Assessors be invited to attend the meeting of the Executive Committee. The members reassembled in the Council Chamber and were called to order by President WHITE at 6:32 P.M.

EXECUTIVE COMMITTEE REPORTS.

Coun. McCORMACK, for the Executive Committee, submitted the following:

The Executive Committee submitted and recommended passage of the following order requesting the appearance of the Assessor of Taxes and the other officials of the department at the Executive Committee meeting August 30, 1954.

Ordered, That the Assessor of Taxes, the Chairman of the Board of Review, and the Executive Secretary of the Assessing Department be invited to be present at a meeting of the Executive Committee of the Council, August 30, 1954, to discuss procedure to be followed in their respective boards with regard to assessments, abatements, and notice to the petitioners and their attorneys with regard to their decisions on abatements voted.

The report of the committee was accepted and the order was passed.

Adjourned at 6:31 P.M., on motion of Councillor McCormack, to meet on Monday, August 23, 1954, at 2 P.M.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

SEWERAGE WORKS IN WEST ROXBURY.

The Public Improvement Commission has ordered that sewerage works be constructed and does hereby take for said city for its sewerage works the lands, rights and easements bounded as follows:

A parcel of land, owners unknown, being part of the private way known as Brownson terrace, bounded:

Northerly by another portion of Brownson terrace, 40 feet; easterly by the easterly line of Brownson terrace, by two measurements, 90.44 feet on a curve of 168.50 feet radius and 70 feet; southerly by the southerly line of Brownson terrace, by two measurements, 109.96 feet on a curve of 70 feet radius and 97.90 feet on a reversed curve of 300 feet radius; westerly by the westerly line of Brownson terrace, 147.93 feet on a curve of 35 feet radius; northerly by the northerly line of Brownson terrace, by three measurements, 27.79 feet on a curve of 30 feet radius, 58 feet on a curve of 340 feet radius, and 47.12 feet on a curve of 30 feet radius; westerly by the westerly line of Brownson terrace, by two measurements, 70 feet and 68.97 feet on a curve of 128.50 feet radius, containing 16,085 square feet, more or less.

The sewerage works to be constructed in said Brownson terrace are as follows: Approximately 375 linear feet of 10-inch pipe sewer and 10-inch pipe surface drain at an estimated cost of \$5,500.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this commission estimates that the abutting parcels of land situated on both sides of Brownson terrace will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said parcels in the amount hereinafter respectively set against it; said parcels and the supposed owners thereof being shown on a plan marked "City of Boston, Plan No. 1437, Sewerage Works, Brownson Terrace, West Roxbury, July 28, 1954, James W. Haley, Chief Engineer, Survey Division, Public Works Department," and on file in the office of this commission.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

Proposals for Corner Cutback at Rutherford
Avenue, Ward 2, at Westerly Corner of
Chapman Street.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for corner cutback at Rutherford Avenue, Ward 2, at westerly corner of Chapman Street. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Corner Cutback at Rutherford Avenue, Ward 2, at Westerly Corner of Chapman Street," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of THURSDAY, SEPTEMBER 9, 1954, with a certified check for FOUR HUNDRED (400) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

DAMAGE TO CITY BY HURRICANE ESTIMATED AT \$300,000 BY MAYOR HYNES — PRAISES NEWSPAPERS AND OTHER INFORMATION FACILITIES FOR AID IN AVOIDING DANGERS OF PANIC AND FEAR — URGES CITIZENS TO USE CARE IN USE OF FOODS TO PRESERVE HEALTH — SERVICES SOON TO BE RESTORED.

In commenting on the effect of the hurricane on Boston and its citizens, Mayor Hynes said:

It was Boston's good fortune not to be hit a direct blow by the hurricane. Although the storm caused considerable damage to property throughout the city, the number of fatalities and injuries was comparatively slight in our city.

I wish to commend our Boston newspapers for the remarkable coverage they gave, both before and during the storm, and especially do I wish to congratulate the radio stations, which gave up-to-the-minute developments of the progress and force of the hurricane. Undoubtedly, the

NEW ROUTINE FOR PURCHASE OF SUPPLIES BY CITY DEPARTMENTS HAS BEEN DEvised AND PROMULGATED BY DIRECTOR CHARLES J. FOX OF ADMINISTRATIVE SERVICES DEPARTMENT — GREATER EFFICIENCY, LOWERING OF COSTS, AND MORE ACCURATE INFORMATION AS TO NEEDS CONTEMPLATED.

A new routine for the purchase of office supplies has been devised by the Administrative Services Department, Charles J. Fox, Director, and information has been distributed to all heads of departments. The plan contemplates greater efficiency and more accurate information as to needs and costs. The notices issued read as follows:

EXPENDITURES FOR VETERANS' BENEFITS FOR MONTH OF JUNE SHOW DECREASE OF OVER \$21,103 FROM THOSE OF THE SAME MONTH OF 1953 — SHOWN IN REPORT OF COMMISSIONER VICTOR C. BYNOE TO MAYOR JOHN B. HYNES — 1,466 CASES AIDED, CONSISTING OF 2,726 INDIVIDUALS — 156 CASES CLOSED.

Veterans' benefits expenditures for the month of June, 1954, show a decrease of \$21,103.33 from those of the same month in 1953. This was made known in the report of Commissioner Victor C. Bynoe to Mayor John B. Hynes. The report also shows that there were 1,466 cases aided in June, representing a total of 2,726 individuals who benefited through the facilities of the Veterans' Services Department. There were 156 cases closed out due to employment or unemployment compensation.

The complete report reads as follows:

Boston, August 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Veterans' Services Department for the month of June, 1954.

MAYOR HYNES PRAISES BOSTON NEWSPAPERS, RADIO, AND OTHER INFOR- MATION FACILITIES FOR HURRICANE COVERAGE.

(Continued from page 1109.)

newspapers and radio outlets, operating under abnormal conditions, are responsible for the saving of many lives and much property.

The damage to public properties in the city is confined mostly to loss of irreplaceable trees, broken windows, blown-off roofs, and similar damage. The cost for repairs will be in the neighborhood of \$300,000. Because of emergency equipment, there was no panic or confusion in the various institutions of the city.

The aftermath of a storm such as the one which visited New England on August 31 can be responsible for further death and sickness. I therefore implore all householders and dealers in foodstuffs to protect foods from contamination. It is better to throw away any milk, meats, or vegetables which are on the danger line because of the lack of refrigeration than to eat such foods, which might cause serious sickness. I have been assured by the Boston Edison officials that everything humanly possible is being done to restore full electric service. The full working force of the Edison is engaged in restoring service and is being supplemented by 45 additional crews of repairmen from out of state. Within 48 hours it is expected that full service will be restored to all of Boston. While awaiting restoration of service, I suggest to all householders that great care be observed in the use of candles, kerosene lamps, or other means of light or heat.

The Fire Department of the City of Boston, while quite busy, did not have any large fires to contend with. For this we are most grateful. The Fire Department stood ready to put its full complement of men on an emergency 24-hour basis in the event of need. The Boston Police Department did a magnificent job in diverting traffic away from clogged roads and broken wires and in keeping traffic moving. The example of the Police Department eliminated any possibility of panic in our city.

Within a day or two the ravages of the storm will have disappeared. Full telephone and full electric service will be available, and danger of infection will have passed. In the meantime, I request all our citizens to be patient and to exert extraordinary precautions against the danger of fire or contamination.

MEMORANDUM TO ALL DEPART- MENT HEADS.

CITY OF BOSTON,
MAYOR'S OFFICE, August 27, 1954.

GENTLEMEN:

The Mayor has agreed with the leaders of the annual "Jimmy Fund" campaign to distribute "Jimmy Fund" coin boxes throughout the city departments in places that will give all city employees who wish an opportunity to make a small donation.

The total proceeds of the "Jimmy Fund" go toward aiding the Children's Cancer Research Foundation through whose efforts thousands of children are now being annually restored to health.

The boxes are in the custody of John V. Sullivan, at Room 37, City Hall. It would be most helpful if you would be

so kind as to have a representative of your department pick up a sufficient number of them to accommodate your department needs.

The boxes should be in place for donations by Tuesday, August 31, and collected on Friday, September 10. All boxes should be returned to John V. Sullivan not later than September 10.

FOR THE MAYOR,

PAUL HINES,
Chairman, Box Committee.

BULLETIN FROM DIRECTOR OF ADMINISTRATIVE SERVICES ON PURCHASE OF SUPPLIES.

(Continued from page 1109.)

Bulletin No. 4.

CITY OF BOSTON,
ADMINISTRATIVE SERVICES DEPARTMENT,
ROOM 60, CITY HALL,
August 30, 1954.

TO: DEPARTMENT HEADS:

PURCHASE OF OFFICE SUPPLIES.

In order that city and county departments may take advantage of reduced costs through quantity purchasing, an inventory of office supplies has been established by the Purchasing Division. Enclosed herewith is a list of the items presently in stock and the price per item at actual cost. As additional items are added to the inventory, or as prices change, revised lists will be sent to you.

Also enclosed herewith is a sample office supplies requisition form which is to be used *only for the requisitioning of items on the price list*. Use the regular purchase requisition form for items not included in this price list. Office supplies requisition forms may be ordered from the Purchasing Division, Printing Section.

The procedure to be followed in ordering office supplies included in the price list is as follows:

1. Complete the office supplies requisition form in duplicate.

2. Bring or send the original to the Purchasing Division, Printing Section, 174 North street, together with a completed departmental standard invoice form, using the price list to determine the total cost. The name to be inserted in the space provided for vendor's name will be "Office Supplies Account."

At your discretion, you may have the supplies picked up by a department employee at the address referred to above, or you may have the supplies delivered to your department.

3. Retain duplicate of this requisition for your department files.

4. Appropriation code must be completed.

CHARLES J. FOX, *Director*,
Department of Administrative Services.

ADMINISTRATIVE SERVICES DEPARTMENT.

BOSTON, August 26, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

At a recent meeting of the Administrative Services Board a lengthy discussion was held and consideration was given to the subject of operation costs of the printing plant, which, it was agreed, appeared to be excessive in making comparisons with operation costs of other municipal printing plants.

Both the Chairman and Mr. Moran, the Purchasing Agent, as a result of visits to the municipal printing plant in Detroit, expressed the belief that a survey of our own municipal printing plant by the supervisor of the Detroit plant should prove constructive and beneficial. Mr. Moran pointed out that a similar survey of the municipal printing plant in Cleveland had been made by the Detroit official with satisfactory results.

At the end of the discussion it was voted that Mr. Harry P. Vannatter of Detroit be employed to make a survey of the printing plant at a compensation

of \$100 per day plus one round-trip first-class railroad fare from Detroit and a subsistence allowance of \$12 per day, the total expenditure not to exceed \$1,300. for the completion of the said survey.

Mr. Vannatter would commence his work on or about September 20, 1954, and his survey would embrace the following points:

1. A survey of the work now being produced.

2. A survey of the machinery now being used to ascertain whether or not an exchange of these machines for more modern equipment would be beneficial.

3. A survey of the personnel situation with a view to attaining greater production.

4. A study as to the feasibility of utilizing off-set presses.

It was the opinion of the Board that this proposed survey would be an important factor in future plans for the reduction of operating costs in the printing plant.

Respectfully yours,

LAWRENCE W. COSTELLO,
Administrative Secretary.

AUDITING DEPARTMENT.

BOSTON, July 15, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested for the award of a contract, without advertising, in the amount of \$4,357, to Remington Rand, Inc., for the rental of one Type 3200 alphabetical tabulator. This machine is needed in connection with the preparation of payroll checks. No advantage would be gained by public advertising, inasmuch as Remington Rand, Inc., is the sole manufacturer of this piece of equipment, which will be in addition to other Remington Rand tabulating equipment now owned by the City of Boston. The contract covers the period from July 15, 1954, to March 31, 1955, with mutual covenants to execute a renewal contract to include the period commencing March 31, 1955, and ending July 14, 1955.

Respectfully,

JOSEPH P. LALLY,
City Auditor.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, August 23, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

That heavy machinery, requiring the specialized services of riggers possessing winches, rigging, etc., necessary to move the machinery, may be moved from the Brandeis Vocational High School building to school buildings of the public school system prior to the date of school opening, September 9, 1954, I ask that you waive the requirement of public advertising and authorize me to negotiate a contract with A. A. Litchfield & Son, Inc., 173 Medford street, Charlestown, Mass., in the amount of \$1,800.

The equipment to be removed is from the machine shop—sixth floor, the wood-working shop—sixth floor, the sheet metal shop—fifth floor, the print and electrical shops in other parts of the building, and from the automobile shop in the basement.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 23, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair. Absent Councilors Ahern, Foley, Hurley.

The Reverend Martin U. McCabe, St. Patrick's Church, Roxbury, was escorted to the rostrum.

INVOCATION BY REVEREND MARTIN U. MCCABE.

I have taken for the opening prayer something a little new, perhaps. I have translated the Hymn at Prime Divine Office that the priest says every morning. Most of you have heard the priest read the office, and its prayers are allocated to certain parts of the day.

The Latin word of "prime" means "first." It is the first hour of the day, and it is the prayer that indicates the dedication of the day. I figured that was very appropriate for a meeting of this type.

I will first read the Hymn at Prime, it is very short, and then the little prayer.

Now in the sun's new dawning ray,
Lowly of heart, our God we pray
That He from harm may keep us free
In all the deeds this day shall see.
May fear of Him our tongues restrain
Lest strife unguarded speech should stain.
His favoring care our guardian be
Lest our eyes feed on vanity.
May every heart be pure from sin
And folly find no place therein.
Scant need of food, excess denied
Wear down in us the body's pride
That when the light of day is gone,
And night in course shall follow on,
We, free from cares the world affords,
May chant the praise that is our Lord's.

O Lord God Almighty, Who hast brought us to the beginning of this day, defend us in the same by Thy power that we may not fall this day into any sin, but that all our thoughts, words and works may be directed to the fulfillment of Thy will.

O Lord God, king of heaven and earth, vouchsafe this day to direct and sanctify, to rule and govern our thoughts, words and deeds in Thy law, and in the works of Thy commandments that now and ever we may, by Thy help, attain salvation and freedom. O Savior of the world, may the Almighty Lord order our days and actions in His peace.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

DEATH OF DR. ALCIDE DeGASPERI.

Coun. McCORMACK offered the following: Whereas, On Thursday last the brave and noble heart of Dr. Alcide DeGasperi stopped beating at 2.30 A.M., and today, Monday, August 23, 1954, in Rome, the body of one of the world's truly great men is to be buried in the Basilica of St. Lawrence; and

Whereas, This enlightened statesman and staunch friend of the United States of America stood foremost in the ranks of those who struggled courageously against the advance of the scourge of godless communism that has engulfed so many nations in this decade—a man whose career and character epitomized and summarized all the great ideals of our Western civilization; so much so that his seventy-three-year life span will forever serve as a beacon light of hope and salvation to men of good will everywhere; therefore be it

Resolved, That the Boston City Council, in meeting assembled, and in the name of all the citizens of the City of Boston, hail the accomplishments of Dr. Alcide DeGasperi, whose standard of devotion and loyalty to God and democracy will forever remain unfurled on high; and send our individual and collective heartfelt condolences to the widow and family of Dr. DeGasperi and the great Italian nation on their personal and national loss of a beloved leader.

The resolution was adopted by a unanimous rising vote.

JAMES E. GILDEA,
Collector-Treasurer of the City of Boston.

PROCEEDINGS OF SCHOOL COMMITTEE.

July 1, 1954

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 10:09 o'clock P. M., the Chairman presiding.

Present: Mr. Carr, Miss Fitzgerald, Mr. Lee, and Mr. Musco.

POSSIBILITY OF USE OF PARK DEPARTMENT LAND FOR SCHOOL PURPOSES

Mr. Lee: Mr. Chairman, I would like to pick up a matter which came up at the last meeting, which I think this Committee has got to follow if it is going to be effective: and that is the question Mr. Musco brought up, and which we concurred in, to ask the Park Department to turn over certain lands in the Fens for the building of a high school.

Now there has been an outburst of opposition to that by the Boston Society of Landscape Architects, and supported by two newspapers, I think, and discussed by three; and it seems to me that we should, if we are serious in wishing to see a high school there, make a brief reply to the opponents of our idea. Otherwise I am quite sure it is going to be snowed under. I would like to use about four minutes doing that.

Chairman: Go right ahead.

Mr. Lee: The position of the Boston Society of Landscape Architects that we must keep that part of the Fens which is now used for private gardens by individual citizens as an open landscape without any school building on it, I think, is in the nature of preserving a thing to death.

It reminds me of the time when I was in the garment business—believe it or not, Mr. Chairman—and my competitor had a sign on his store window saying: "We keep the best," and I put up a sign saying: "We sell it."

And I think the Boston Society of Landscape Architects is trying to keep that area where it is not getting used by the public—somewhat like a friend of mine, a farmer named Perkins, down in Maine, who had a granddaughter, and they always gave her a flour sack to sleep in instead of a nightgown.

Now her aunt used to give her a nightgown every Christmas but the grandparents felt that she shouldn't use a beautiful garment like that for ordinary wear, and so she would sleep in the adapted flour sack every night, and then she would outgrow the nightgown given on an earlier occasion. So the matter went on until she was finally married. I hope then that the situation improved.

Getting back to the Fens, I think that the idea of putting Boston's best dress in the back drawer where you don't use it is a mistake. Now these people

would preserve the Fens, but they would preserve it in the closet where few people go, whereas putting a high school out in that location would bring many people to it, and that would be using the dress in the way that would be of some service.

Chairman: Mr. Lee, do you believe that this association has the same parcel of the Fenway in mind for preserving that we have for building the school on?

Mr. Lee: I would suppose they did.

Chairman: In the reports that I read it did not seem as though they were speaking about the same parcel at all which was spoken of here before this Committee. We spoke of a parcel of land there, and Mr. McMackin outlined the bordering streets, and I would say it is unsightly as it stands now. It is just the remnants of old war gardens.

Isn't that where the school site is proposed, Mr. McMackin?

Mr. McMackin: That is what we had in mind.

Chairman: From the newspaper reports of the desires of this organization for the preservation of our parks, I don't believe they have the same section of the Fenway in mind that we have.

Miss Fitzgerald: Mr. Chairman, I have never heard of an area whose property valuations would decrease with the erection of a beautiful modern school building. I would think that an area like the Fens could have an additional attraction to the houses around there and to the area around there.

I am sure that if it ever became possible for us to build a school there we would build a beautiful school, and we would maintain it beautifully; and I am sure that the youngsters of Boston would have the opportunity of going there, and would appreciate that opportunity of going to school in beautiful surroundings. I think it would be a tremendous lift to the real estate of the surrounding area.

Mr. Lee: I suppose, Mr. Chairman, along that line it might be argued that a high school on Boston Common would be a usurpation of very much valued open space; but where you are on the fringes of the city, almost out to the Brookline line—and beyond you in one direction, at least, are garages, and such like, and not a very heavily settled neighborhood—and you want to attract people out there in order to get the place used, then, unlike Boston Common or Central Park, it would seem to me that Miss Fitzgerald is on good ground. A high school would bring people out, and you get much more use out of it.

Chairman: I think it is wholly dependent on which side of the street you sit. One of our Boston newspapers ably pointed out a contradiction in policy either of the Park Department or elected public officials, when these offi-

cials advocated the relinquishing of an attractive parcel of Park Department land for parking spaces; and then, on the other hand, these same people oppose the relinquishing of park property that is not half as well preserved for school purposes.

I would like to see us get that location, and I hope, as you have said, Mr. Lee, that we will pursue the thing and finally culminate it in the erection of a high school in that district.

Mr. Lee: There was one other particular point I wanted to bring up.

Chairman: The man who made the original proposal hasn't said a word about it!

Mr. Lee: Under the present, existing policy, with the acquiescence of the Boston Society of Landscape Architects, we are bottling up that area, and in a very literal sense. The fact is that Muddy River is a mile and a half long from where it pours into the Charles River, when you go upstream from there toward Latin School—up about as far as the locker building for the Fens Stadium—and it is extremely beautiful in spring and summer. I have canoed up there a great deal myself, and it could be developed much more highly.

But when Governor Dever put in the highway along the shore of the Charles River, he made the bridge so low you can't get a boat in or out. Now we are talking about introducing high school crew racing!

Chairman: Years ago they called that portage!

Mr. Lee: Certainly you have a portage problem now. You have several high schools there already, plus the possibility of others; and we have been discussing the introduction of crew racing for high schools. It would certainly be a very beautiful experience, in keeping with the highest tradition of education in both Old World and New World colleges, if the youngsters from those schools could get into a longboat and row down the Muddy River and out into the Charles and up to Harvard and back as their workout before the races.

It is really a lovely section; and, oddly enough, just as Landscape Architect Arthur Shurcliff, one of the members of the Boston Society of Landscape Architects, was building his "Canoeway," which he himself named, from the Hatch Memorial Concert Shell along the Beacon Street side of the Charles River up to Exeter Street, the Metropolitan District Commission was closing off Muddy River by the low bridge. Yet Mr. Shurcliff and I had discussed using the canoes, which he hopes to see here on the "Canoeway," to go way up under Harvard Bridge and up into Muddy River, so a person could have a really pleasurable voyage up from the Concert Shell almost to Boston Latin School.

So it seems sort of odd that while the Commonwealth was investing money to create a canoe-way on the Back Bay shore of the Charles River, they were investing other money in shutting off an already beautiful canoe-way. There is no reason why the Muddy River shouldn't have as much boating as Central Park does.

I suppose the conclusion I am coming to is that we might ask the Superintendent, or the Superintendent through our Public Relations Director, Mr. John Sullivan, to try, in the first place, to correct any misapprehensions as to location, which you brought up, Mr. Carr, in the minds of the newspaper editors and the Society of Landscape Architects, and then to bring up some of these other considerations we have raised here to the effect that we are not trying to injure a park but bring more people to it.

Perhaps Mr. Sullivan will get around to renaming Muddy River. We might change the last three letters, Mr. Musco, or give it some other appropriate title.

Mr. Musco: Mr. Chairman, so that we can be better understood in this problem and let the public know of our proposal, and so that our intentions are not misinterpreted, we may certainly note, first, that there have been several editorials in the Boston newspapers during the past few days relating to the acquisition of park land in the Fenway area for the sites of two new high schools for Boston — namely, the Boston Technical High School and the Girls' Latin School.

I agree with the general thought expressed that land for recreational activities is vital to the welfare of our present and future recreational programs.

I do wish, Mr. Chairman and Members, however, that there be further exploration and evaluation of this land in the Fenway. I have personally visited the site which we have mentioned in our discussions, with Mr. Leo Daley, the Assistant Superintendent, and with Mr. Joseph McKenney, the Director of Physical Education.

This particular area is not being used for recreational purposes or activities. We do need two new high schools. Boston Technical High School is overcrowded. Mr. Walter Durnan, the head master, has stressed several times that the present structure, five stories high, should be replaced.

I understand that approximately 500 Grade 9 and 10 boys from Boston Technical High School will occupy 16 rooms in the Theodore Roosevelt Junior High School building located on School Street near Egleston Square. Mr. Durnan further tells me that there is a waiting list for boys who wish to enter the school.

We know how fervently the representatives of the Girls' Latin School desire to have their school

in the Fenway area. Mr. McCoy, their head master, states that starting in September, 1954, a two-platoon system for pupils will have to be put into effect. The problem of housing will increase there next year.

I believe that if we can secure this land and erect these two new buildings, we can improve our recreational facilities. I would advocate the finest of recreational appointments contiguous to these schools. These facilities might be used not only during the school year but during the vacation periods. We have a deplorable situation for our high school athletic teams.

Boston Latin School must travel several miles out to Baker Field in West Roxbury. English High School travels every day to Billings Field in West Roxbury. Boston Technical High School, in order to secure playground accommodations, has to send its boys every afternoon to the playground at Cleveland Circle, near the Chestnut Hill reservoir.

The High School of Commerce is obliged to send its boys to Smith Field in Brighton.

I think that if we had athletic fields not only for practice purposes but for use by all of the pupils, we would be taking a progressive step. Such a step would be possible in my opinion if we utilized the areas proximate to the proposed school sites.

I recall at the last meeting that we asked for use of land from Harvard University which is behind the planned relocation of English High School in the present High School of Commerce building, on Avenue Louis Pasteur—near the Harvard Medical School. The people of Boston have stressed, and we are their representatives, that they definitely wish these high schools located in the central section of the city.

To purchase land for these schools would be prohibitive. I still think it is possible to have the new schools; and, as I have said earlier, improved recreational facilities contiguous to them.

I wonder, Mr. Superintendent, if a comprehensive study might be made of all factors involved in the proposals made by this School Committee?

Chairman: Mr. Musco, just for the purposes of the record, I believe at the last meeting there was a letter that we received informing us that Harvard has agreed —

Secretary: No. We passed an order asking Harvard if they would give us the use of that land, and I wrote them, and I have not yet heard from them.

Chairman: Have you got that order now? I thought that indicated that Harvard was willing.

Secretary: I know they are willing.

Chairman: I thought that indicated that Harvard was willing to allow us to use it.

Secretary: I don't think the order indicated it, but Mr. McKenney indicated that they were, from a conference.

Chairman: That we will receive use of that property there?

Mr. Daley: I think Mr. McKenney's conferences with the representatives of Harvard University have been most favorable.

Chairman: And that land is over in back of the High School of Commerce?

Mr. Daley: Right in back of it, yes.

Mr. Lee: Mr. Musco, is it a fair interpretation or perhaps an extension of your remarks to say that you think that, after due study, this proposition of ours or of yours might be pictured as developing the main area for recreation, not only with play fields, but with the use of those waterways? I am directing the attention of the editors and the landscape architects to the necessity of raising that new, low bridge that now cuts off boating between the Muddy River and the Charles River. We are picturing a big recreational center on water and on shore, making it more of a recreational area than it is now, along with making it more of an educational site.

Is that going in the same direction as your remarks?

Mr. Musco: Mr. Chairman, I think the School Department can use this site to great advantage because of the great need for two new high schools. I believe, also, that we can add to our recreational facilities, and I know everybody on the Committee is very much interested in that.

I believe, too, that we can develop an area that has been undeveloped for a good many years, and I see no reason why our cause is not a just one and a good one for the education of the students and also for the beautification of this City in that particular location.

Chairman: Any further comments on this matter?

Mr. Lee: Are we leaving it with Mr. Musco's request for a report? I think we should have both. We should immediately bring the attention of interested editors and landscape architects to the exact location we had in mind and to our desire for an extension rather than a decrease of recreational use; and then we should have a further study, as Mr. Musco has in mind, as to the building's exact location, so as to visualize the precise use, so that if people want to criticize they will know just what they are criticizing — perhaps some sketches, Mr. Musco, of what our proposal is.

Chairman: So that they will get the proper picture of it.

APPROVAL OF MINUTES

The reading of the minutes of the meeting of June 15, 1954, was omitted, the Committee approving them as printed.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 46

SATURDAY, SEPTEMBER, 11, 1954.

No. 37

DAMAGE TO BOSTON BY HURRICANE OF LAST WEEK ESTIMATED AT \$1,263,865, ACCORDING TO FIGURES GIVEN MAYOR HYNES BY HEADS OF DEPARTMENTS MOST SERIOUSLY AFFECTED — THIS DOES NOT INCLUDE DAMAGES TO TREES ESTIMATED TO COST \$500,000 MORE.

The hurricane of last week will cost the city approximately \$1,263,865, according to reports from heads of various departments, affected by the blow, to Mayor Hynes:

That figure is exclusive of an additional \$500,000 estimated as the cost of replacing trees destroyed by the hurricane and this year's Dutch elm blight.

The break down of hurricane cost estimates follows:

School Buildings, \$230,000; Park Department, \$482,000; Police Department, \$3,500; Fire Department, \$15,000; Boston City Hospital, \$29,690; Long Island Hospital, \$36,255; Mattapan Sanatorium, \$86,000; Public Works Department, \$335,500; Library Department, \$4,370; Civil Defense, \$9,200; Penal Institutions Department, \$19,100; Real Property, \$13,250.

BUSINESSMEN, CITY OFFICIALS, AND COMMUNITY LEADERS CONFER WITH MAYOR HYNES ON LONG-RANGE PLANS FOR SOUTH END MEDICAL CARE, TRAINING AND RESEARCH CENTER — ELBOW ROOM AND BREATHING SPACE FOUND GREATEST NEED.

Long-range plans to cope with the development of the South End Medical Care, Training and Research Center over the next 25- to 50-year period have been initiated at a meeting of city officials with the heads of the famous South End medical institutions and other leaders with important interests in the South End, held at the Massachusetts Memorial Hospital. The conference was sponsored by Mayor John B. Hynes.

Present were: Dr. Philip D. Bonnet, superintendent, Massachusetts Memorial Hospital; Dr. J. M. Faulkner, dean of the Boston University School of Medicine; Dr. John F. Conlin, superintendent

APPLICATIONS FOR CONSTRUCTION WORK FOR FIRST EIGHT MONTHS OF 1954 AMOUNTED TO \$20,271,865 — REPORT TO MAYOR JOHN B. HYNES BY BUILDING COMMISSIONER SHOWS DECREASE FOR SAME PERIOD OF 1953 TO BE \$5,854,069 OR ABOUT 22 PER CENT DROP — NEW CONSTRUCTION OF ALL TYPES NUMBERED 563 PARCELS — 4,658 ALTERATIONS AND REPAIRS.

According to the report to Mayor John B. Hynes by the Building Commissioner applications for construction work, including repairs and alterations, for the first eight months of 1954 amounted to \$20,271,865. This is a decrease from the year 1953 of \$5,854,069 or about 22 per cent.

This represents a total of construction work of 12,288 pieces though there was an increase of 1,076 parcels. New construction for the period amounted to 563 parcels of all types and 4,658 parcels of alterations and repairs.

The principal projects included the alteration of a store at 453 C street, South Boston, at \$75,000; a new storage project at 327 Forest Hills street, at a cost of \$70,000; a rectory at 132 Gove street, for the Archdiocese of Boston, at a cost of \$62,000, and a warehouse at 9 Travis street.

There were 42 amusement, recreation places, theaters, etc., at an estimated cost of \$385,392; alterations, etc., for 56 parcels, including two churches, at a cost of \$761,933; 1,168 one-family dwellings at a cost of \$4,530,623; 938 2-family dwellings; 131 dwellings and store combinations; 362 multifamily dwellings, some of them including stores; 29 educational buildings and schools; 72 garages and repair shops; institutions and hospital asylum buildings and storage warehouses.

There were 430 new habitations erected, or for which permits have been issued; 435 accommodations provided for in new construction, and 317 accommodations provided for by alterations and remodeling. Thirty-three habitations were taken down and 77 eliminated by demolition.

The following statement by WARDS shows the number and estimated cost of new buildings for purposes of habitation for the erection of which applications were filed with the Building Department during the

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKELL DOLE.

BUSINESSMEN AND COMMUNITY LEADERS CONFER WITH MAYOR.

(Continued from page 1137.)

ent, Boston City Hospital; Rev. Mortimer H. Gavin, S.J., Immaculate Conception Church Jesuit Community; Thomas F. McDonough, chairman, City Planning Board; William Arthur Reilly, chairman, Traffic Commission; J. Edward Downes, Jr., South End Neighborhood Rehabilitation and Conservation Program; Kane Simonian, head of the Boston Urban Redevelopment Program; John L. Grandin, Jr., and Mrs. Grace B. Howard, Franklin Square House; Thomas E. McCormack, director of City Planning, and Col. Paul Hines, coordinator of the Boston Neighborhood Rehabilitation and Conservation Program.

Following the suggestions made recently by Mayor Hynes the group discussed all facets of South End conditions with a view toward providing elbow room and breathing space for the City and Massachusetts Memorial Hospitals and the Boston University School of Medicine, all of which are located within the highly-congested area lying between Harrison avenue and Albany street and Massachusetts avenue and East Newton street.

Among the subjects discussed were: needed land for expansion; traffic relief; parking facilities for employees, visitors, physicians and surgeons; improved lighting; improved police protection in the vicinity of the center and Franklin Square House; reduction in number of South End lodging houses; neighborhood sanitation and beautification and reduction of number of barrooms in South End.

Doctor Conlin, in commenting on needs of the City Hospital, stated that the hospital is currently so overcrowded it is bulging at the seams. Some of the buildings, he said, are obsolescent, if not obsolete. He said that pursuant to instructions of the Mayor and the trustees of the hospital he is now making a complete survey of the needs of the institution for the next five years.

CONTRACTS AWARDED.

Permission to award the contracts for work, materials, and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

DEPARTMENT OF SCHOOL BUILDINGS.

Upon September 2 the Mayor approved a contract with Abbott Iron Works, Inc., for erecting new iron fence at the site of the Prince School. Bids, opened August 30, were as follows:

Abbott Iron Works, Inc., \$2,928; P. J. Dinn & Co., \$3,300; Ri-Co Iron and Metal Works, Inc., \$3,855; Providence Wire Works, Inc., \$3,900; Anchor Post Products, Inc., \$3,988; Industrial Welding Company \$4,367; Aetna Iron Works, Inc., \$4,500.

PUBLIC WORKS DEPARTMENT.

Upon August 31 the Mayor approved a contract as requested in the following letter:

BOSTON, August 31, 1951.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR SIR:

Your approval is respectfully requested to the award of a contract for corner cutbacks at Arlington street, Ward 5; Edgewater Drive, Ward 18; Franklin street, Ward 3; sidewalk narrowing at Beacon street, Ward 21; sidewalk narrowing and construction of traffic islands in Gallivan Boulevard, Ward 16; Peabody square, Wards 16 and 17; and construction of traffic islands at Bowdoin street, Ward 15, at Geneva avenue; Broadway, Dorchester avenue, and Macallen street, Ward 6; and Warren street, Ward 12, at Blue Hill avenue, to John J. Amara & Sons, 1019 Hyde Park avenue, Hyde Park, the lowest bidder, at an estimated cost of \$34,123.90. The work to be done under this contract is to be completed December 31, 1954. The following bids were received August 26, 1951, after advertising in the *City Record* August 14, 1951:

John J. Amara & Sons, \$34,123.90; John J. Botti, \$35,819.50; P. V. Barone Corporation, \$41,455.60; Charles Todesca, \$45,451.50; Rufo Construction Company, \$57,032.52.

Respectfully yours,

GEORGE G. HYLAND,

Commissioner of Public Works.

Upon September 7 the Mayor approved a contract with Z & S Construc-

tion Company, Inc., for laying water pipes in Groveland street, Wards 17 and 18, and such additional locations, if any, in Wards 17 and 18, as may be designated by the Commissioner of Public Works, at an estimated cost of \$4,372.50. The work to be done under this contract is to be completed December 31, 1954. The following bids were received September 1:

Z & S Construction Company, Inc., \$4,372.50; Roslindale Contracting Company, \$4,602.50; J. D'Amico, Inc., \$7,045.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing sewing supplies for Boston public schools. Bids, opened Friday, July 9, were received from the following concerns:

Farley Harvey Company, W. Warren Thread Works, Inc., J. G. Bowden & Sons, Inc., Coats and Clark's Sales Corporation, Sparrow Chisholm Company, Taylor, Symonds Company, Windsor Button Company, American Thread Company, Reade Supply Company, Colonial Needle Company, Daniels Nathanson Company, Durbrow & Hearne Company, Economy Bias Binding Company, Gledhill Brothers, Inc, Industrial Garment Company, Koplou Trimming Company, Newark Dressmakers Supply Company, John C. Meyer Company, Paragon Mills, Inc., Singer Sewing Machine Company.

Awards were made to the lowest responsible bidders, as follows:

W. Warren Thread Works, Inc., \$2,332.45.

Farley Harvey Company, \$977.33.

J. G. Bowden & Son, Inc., \$977.31.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, industrial groups, and contractors for furnishing labor, materials, and supplies. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

BOSTON, April 26, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Authority is requested to award a contract, without public advertisement, to Union Oil Company, of Boston, for making emergency deliveries of No. 6 fuel oil to the various city departments from May 1 to May 17, 1954, inclusive, pending the award of contracts on the publicly opened bids.

Approximate emergency deliveries will be 1,014.74 barrels at \$2.366 per barrel, making the approximate total amount of the contract \$2,400.88, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, August 18, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

The Public Works Department has submitted a requisition for two (2) Taller & Cooper four contact treadles, 9 feet long, for the Summer Tunnel.

Taller & Cooper, Inc., the manufacturer of the above treadles, has submitted an informal quotation. Inasmuch as this company is the manufacturer and the

only source of supply, authority is requested to dispense with publicly advertising for prices and award a contract, without public advertisement, to Taller & Cooper, Inc. It is my opinion this way the best interests of the city will be served.

Approximate total amount of contract will be \$1,500, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON CIVIL DEFENSE.

BOSTON, September 2, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MAYOR HYNES:

I am hereby requesting permission to award a contract, without advertising, in an amount not to exceed four thousand dollars, to the R. G. Mearn Company, 363 Albany street, Boston, for the purchase of chain saws, two-man saws, axes, and other equipment for rescue and emergency use.

This equipment will supplement civil defense rescue equipment already in use.

It is my belief that no great advantage will be gained by advertising and the needless delay that would result is not in the interest of public safety.

I hope that this request will meet with your approval.

Respectfully submitted,

JOSEPH L. MALONE, *Director,*
Boston Civil Defense Department.

HOSPITAL DEPARTMENT.

BOSTON, August 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Harper Metals, Inc., 64 Rogers street, Cambridge, Mass., for furnishing and installing one Harper dental tank complete, with one half horsepower refrigeration unit, brackets, shelving inserts, and ventilator, Dental Department, Dowling Building, Boston City Hospital, at a cost not to exceed the sum of \$2,772.

There is a distinct advantage in having Harper Metals, Inc., perform this work as the same type of equipment was furnished and installed by them in another part of the hospital and has proved most satisfactory, furthermore, the aforementioned company can complete this work in the least possible time.

The trustees are of the opinion that nothing would be gained by publicly advertising for bids, and that it would be in the best interest of the city to award the contract, without advertising, to Harper Metals, Inc., in a sum not to exceed \$2,772.

Respectfully yours,

BOARD OF TRUSTEES,
BOSTON CITY HOSPITAL,
by RICHARD J. CONDON, *President.*

BOSTON, August 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Remington Rand, Inc., 857 Commonwealth avenue, Boston, Mass., for furnishing all labor and materials necessary for the expansion, correcting of errors, combining and banding of duplicates, verifying

sequence, and inserting the necessary guides in Soundex File Sections N through R, and Sections X, Y, and Z (excluding Sections S, T, U, V, and W). Out-Patient Department, Boston City Hospital, at a cost not to exceed the sum of \$1,500.

The Remington Rand firm has been selected to perform this work as they evolved and originally installed this system at the hospital, and this firm has performed the same type of services on other sections of this file in 1952 and 1953.

The Remington Rand Company performs its work with particular efficiency and, furthermore, can carry out these services promptly and without unnecessary disruption of office routine, for, as indicated, it is the original designer of the Soundex file system.

The trustees are of the opinion, therefore, that nothing would be gained by publicly advertising for bids for the aforementioned special services.

Respectfully yours,

BOARD OF TRUSTEES,
BOSTON CITY HOSPITAL,
by RICHARD J. CONDON,
President.

BOSTON, August 30, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

We respectfully request your permission to dispense with publicly advertising for bids, and to award a contract to Boston Edison Company, 39 Boylston street, Boston, Mass., for furnishing all labor and materials necessary for repairing motor generator in the basement of the Medical Building, Boston City Hospital, at a cost not to exceed the sum of \$1,700.

Because of the emergency nature of the work involved, and because the aforementioned firm furnished and installed the generator, they are particularly well equipped to furnish service and parts necessary for the repairs as efficiently and promptly as possible.

Under the circumstances outlined above it is felt that public advertising would not be of any avail to the city in this particular instance.

Respectfully yours,

BOARD OF TRUSTEES,
BOSTON CITY HOSPITAL,
by RICHARD J. CONDON,
President.

PUBLIC WORKS DEPARTMENT.

BOSTON, August 20, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Under date of June 16 of the current year, a contract was awarded to Charles Todesca, of 100 Roslindale avenue, Roslindale, in the amount of \$16,177.50, for removing brick sidewalks in designated streets in the South Boston section and replacing them with artificial stone. Publicly advertised bids, in connection with the above-referenced contract, were opened on Thursday, May 27, and Mr. Todesca submitted the low bid.

Within the past two or three years, we have concentrated on replacing brick sidewalks in the South Boston district with cement concrete, and the results have been most beneficial to the district. At the present time, all of the brick sidewalks on P street have been eliminated, with the exception of several sections in the area between East Fourth street and East

Sixth street. In addition, the present brick sidewalks in E street are in a very poor condition and should be replaced with cement concrete in the section between Broadway and West Seventh street. It is my unqualified opinion that it would be in the best interests of the city to have existing brick sidewalks on P street and E street removed and replaced with cement concrete under the provisions of the above-referenced contract, and I so recommend.

The present sidewalk work being done in the South Boston area by Mr. Todesca is very satisfactory, and the unit prices are most attractive to the city and, as stated, were obtained as the result of publicly advertising for bids last May. Therefore, no advantage would accrue to the city by publicly advertising for proposals at this time for the necessary sidewalk improvements in P street and in E street.

I respectfully request, therefore, your authority to dispense with advertising and to amend the current contract awarded to Charles Todesca, so as to include the replacing, with artificial stone, of the existing brick sidewalks in P street, from East Fourth street to East Sixth street, and in E street, from Broadway to West Seventh street, with the understanding that the work will be done in accordance with the pertinent provisions of the current contract and at the unit prices included in said contract, and with the further understanding that the cost of the work provided in the original contract, plus the cost of the work proposed under the above-referenced amendment, will not exceed 25 per cent of the original proposal, which is the limit established under the provisions of Article 3 of the current contract.

It is also to be understood that the proposed work in P and E streets will include related improvements where necessary, such as the resetting of existing edgestone, excavation for the adjusting of water and sewer services, and related work of this nature.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Charles Todesca has been directed to perform the following extra work under the contract for artificial stone sidewalks in Emerson street, Vinton street, West Seventh street, and West Sixth street, dated June 16, 1954:

In Emerson street, rebuild one catch basin at corner of L street, including labor and materials, for the sum of \$60. Estimated cost of extra work, \$60.

TRAFFIC COMMISSION RULINGS.

Voted. That as urgently required by considerations of public safety and convenience, during the period of roadway resurfacing, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective August 30, 1954:

Summit Street, Hyde Park.

From Williams avenue to Milton line.

Washington Street, Hyde Park.

From Dana avenue to Neponset avenue.

PROCEEDINGS OF CITY COUNCIL.

Monday, August 30, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 P.M., President WHITE in the chair, and all the members present. Father Simeon Capizzi, of St. Anthony's Shrine, Arch street, Boston, was escorted to the rostrum.

INVOCATION BY FATHER SIMEON CAPIZZI.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

Almighty and eternal God, look down, we beseech Thee, upon the members of this assembly gathered together to fulfill the duties of their office. Fill their hearts with the virtue of charity that they may realize that under Thy fatherhood, all men are brothers, and that they are their brother's keepers. Out of love for Thee and out of love for their fellow man, may they carry out their duties in accordance with Thy divine will.

Grant unto them the help of Thy heavenly grace. Bestow upon them Thy blessings, and also bestow Thy blessings upon those whom they serve. Amen.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the Flag.

APPOINTMENT BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointment for the term ending April 30, 1955:

Constable with authority to serve civil process upon filing of bond for the term ending April 30, 1955: George M. Romanos, Jr., 37 St. John street, Jamaica Plain.

Referred to the Committee on Confirmations.

RECREATIONAL NEEDS OF LITTLE LEAGUES IN BOSTON.

The following was received:

City of Boston,
Office of the Mayor, August 30, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Parks and Recreation relative to your order of May 24, 1954, concerning the opinion of the various Little Leagues in the City of Boston as to the recreational needs of their communities.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Parks and Recreation Department,
August 26, 1954.

Harold B. Fleming,
Chief Clerk, Mayor's Office.

Dear Sir:

Some few weeks ago an order was filed in the City Council by Councillor Foley requesting that the Parks and Recreation Commission talk with officials of the Little League as to the particular recreation needs of their communities.

At a recent meeting of the Parks and Recreation Commission, it was voted that the Director of Recreation submit a report in relation to this order.

The Director of Recreation has submitted the report and upon the unanimous vote of all the members of the Parks and Recreation Commission at their last meeting, I am attaching herewith a copy of the director's report in regard to this matter.

Very truly yours,
FRANK R. KELLEY, Commissioner.

City of Boston,
Parks and Recreation Department.

1. In order to first understand "who we are asking to do what" these facts are submitted:

Little League Baseball was organized in 1939, in Williamsport, Pennsylvania, by Carl E. Stotz. It is stated as a private nonprofit organization and is incorporated as "Little League Baseball, Inc." and financed by a fee for the privilege of sponsorship from the United States Rubber Company. The national office for the organization is Little League Baseball, Inc., 384 Williams street, Williamsport, Pennsylvania. "Little League Baseball is Big League Baseball adapted to the mental and physical capacities of boys 12 years of age and under." This quote is from their organization manual.

2. The request is therefore that the Parks and Recreation Commission request a private corporation to determine the recreational programs available in Boston for boys under 12 years of age.

3. In 1931 there were 531 teams playing organized baseball in the Boston Park Department program, from youngsters under 12 years of age, up through manhood. In 1954, a fair estimate of the number of youngsters, teen-agers, and adults playing "Boston Park Baseball and Soft-

ball" would be close to ten thousand (10,000) persons. All of these people are playing on teams that have a "Volunteer Manager." The major difference between a Boston Park League team and a Little League team is the policy that "Character before Skill" prevails. Every boy, regardless of how well he plays has a chance to enjoy himself as part of the team.

4. One of the foremost recommendations of the "Bennett Report on Recreation in Boston 1948," which was the result of a study by eighty (80) prominent Boston Citizens headed by Robert Cutler, was that in substance, "That Boston's recreation, both public and private, should become more closely knit, for better service to the general public." This we have endeavored to do.

This team work is not fully perfected, but is well on its way. All parties have contributed and have worked together, these are too numerous to list, yet could be summed up into the following groups: Settlement Houses, Neighborhood Houses, Catholic Youth Organizations, Boy Scouts of America, Girl Scouts of America, Y.M.C.A., Public Schools, Parochial Schools, Boys Clubs, Jewish Boys Club, Girls Clubs, and, of course, our own Public Recreation Program that caters to the unaffiliated and unorganized.

All of these organizations are interested in youth programs in recreation and are vitally interested in programs that cater to the Little League Age Group.

5. It is the opinion of the Director of Recreation, that if the Board of Parks and Recreation were to comply with this order, that the "Volunteer Managers," in paragraph No. 3 and all the experts in the field of Recreation and Social Service, connected with the many organizations listed in paragraph No. 4, would feel that we have little, if any confidence in them and I am sure our contribution, to the "team-work" would be qualified and open to question.

Placed on file.

MOTION FOR RECESS.

Coun. PIEMONTE moved at 2.25 P.M., that the Council take a recess at 3 P.M., for the purpose of going into Executive Committee to hear the Chairman of the Board of Assessors, the Chairman of the Board of Review, and the Executive Secretary of the Board of Assessors in reference to recommendations of the Council adopted at its meeting of August 16, 1954, and that a representative of the Boston Municipal Research Bureau be invited to attend to present their studies and that the Executive Committee consider any other matters pending before it.

The motion was carried.

MOTION FOR THE NEXT MEETING.

Coun. HURLEY moved that, when the Council adjourn, it be to meet again on Monday, September 20, 1954, at 2 o'clock P.M. After a recess the motion was lost.

RECESS.

At 3 P.M., in conformity with a motion previously passed, the Council recessed for the purpose of going into Executive Committee. The members reassembled in the Council Chamber and were called to order by President WHITE at 6.10 P.M.

During the recess President WHITE presented to the members of the City Council, Mrs. Joseph Spurlock, City Councillor from Fort Worth, Texas. President WHITE and Mrs. Spurlock made a few brief remarks.

DEVIATION IN ASSESSMENT FROM DECISIONS OF BOARD OF REVIEW.

Coun. PIEMONTE offered the following:

Whereas, The Chairman of the Board of Assessors stated at a hearing of the Executive Committee held this afternoon, August 30, on the policy to be followed by the Board of Assessors in the future in reference to assessments on real estate that "He will follow the decision of the Board of Review and will give our reasons in writing in the event we deviate."

Resolved, That his Honor the Mayor instruct the Board of Assessors to file with the City Clerk immediately after such action where there has been any deviation in the assessment from the decision of the Board of Review together with their reason in writing and a copy of the same in each instance be printed in the Boston "City Record."

The resolution was adopted under suspension of the rules.

PUBLIC HEARING ON SECURITY MEASURES AT CHARLES STREET JAIL.

Coun. FOLEY offered the following:

Ordered, That the City Council acting as the Board of County Commissioners hold a public hearing relative to security measures prevailing at the Charles Street Jail and the recent jail delivery at that institution on Thursday, September 2, 1954, at 11 A.M.

Coun. PIEMONTE moved that the order be amended by adding the words "That said meeting be held in the Council Chamber and that the Sheriff and District Attorney of Suffolk County be invited to attend." The motion to amend was lost. Councillor Piemonte moved reconsideration of the foregoing vote. The motion to reconsider was lost.

Coun. HURLEY moved that the order be amended to read "Friday, September 17, 1954, at 11 o'clock A.M., at the City Council Chamber, and

that Sheriff Sullivan and District Attorney Byrne be invited to attend." The motion was carried.

The order as amended was passed under suspension of the rules.

Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 1,926.

The Superintendent of Police is hereby directed to make the following details in connection with the State Primaries on Tuesday, September 14, 1954.

1. The necessary number of patrolmen from the several police divisions to attend the several polling places in this city on State Primary Day, to preserve order and protect voters in the full exercise of their rights.

2. Three patrolmen for duty in the office of the Board of Election Commissioners, 111 City Hall Annex, on arrival of ballots for the State Primary at 10 A.M., Monday, September 13, 1954, such details to continue until all ballots cast at the Primaries have been received.

3. One patrolman for duty in parking area surrounding City Hall Annex from 1 P.M., Monday, September 13, 1954, to properly place "No Parking" signs and to keep the entire area clear for the following morning, so that 24 trucks coming to the Election Commissioners' office for ballots at early hours will be able to park without interference or delay.

4. One superior officer for duty at City Hall Annex, to supervise the police detail for motor trucks from 5 A.M., Tuesday, September 14, 1954, until relieved.

One patrolman from 4 P.M., on the same date, until relieved, for duty at the same place, to keep clear the approaches to the office of the Board of Election Commissioners for motor vehicles returning from the polling places with ballot boxes, etc.

5. One sergeant for duty at basement vault of Board of Election Commissioners from 8 P.M. on Tuesday, September 14, 1954, until such time as all returns from the 303 precincts are in.

6. Twenty-four sergeants, one to a motor vehicle, to report at the office of the Board of Election Commissioners in ample time to be prepared to leave that office for their respective destinations, according to the following schedule, in such vehicle with ballot boxes, ballots, etc., and deliver such ballot boxes, ballots, etc., to the police officer detailed in each precinct.

SCHEDULE FOR HOURS OF DEPARTURE OF SERGEANTS SO DETAILED FROM OFFICE OF BOARD OF ELECTION COMMISSIONERS ON MORNING OF SEPTEMBER 14, 1954.

(One motor vehicle for each of the 22 wards, excepting Ward 18, Hyde Park, and Ward 20, West Roxbury, for which two trucks, each have been engaged.)

Wards 1, 5, 6, and 7, 6.15 A.M.

Wards 2 and 3, 6.45 A.M.

Ward 4, 6.30 A.M.

Wards 11 to 17, inclusive, and 21 and 22, 5.45 A.M.

Wards 18, 19, and 20, 5.30 A.M.

7. For proper coordination in the delivery of ballot boxes, ballots, etc., by the sergeants, as herein set forth, to the police officers detailed at the various precincts, it is of the utmost importance that such sergeants leave City Hall Annex on time as per schedule.

8. One patrolman to report at each of the 303 precincts, as hereinafter set forth, on Tuesday, September 14, 1954, to receive ballot boxes, ballots, etc., from the sergeants detailed on motor trucks. Regardless of the use of voting

machines in some precincts, a ballot box will be delivered to each one as usual, and it is essential that officer be there to receive it.

Attention is called to the necessity of having officers, so detailed, to report at their posts on time, so that there will be no delay in the opening of any polling place.

One patrolman shall be assigned outside each polling place, to report at 6 P.M. and remain until close of the polls at 8 P.M. Officers assigned to duty outside the polls are to enforce the law which prohibits the distribution of campaign literature within 150 feet of the entrance to a polling place.

Ward 22, Precincts 10 to 12, inclusive, and Precincts 15 and 16, 6.40 A.M.

Ward 22, Precincts 13 and 14, 7 A.M.

9. The detail of patrolmen at the various precincts will continue until the ballots are counted and the results declared. The officers are then to bring the ballots and returns to the Election Commissioners' office.

10. Cards with the ward and precinct number and location of voting booth printed thereon will be forwarded to the several police divisions, on which the Division Commander will write the name, the division number and the number of the officer detailed at the time stated on the morning of September 14, 1954, at the voting booth of each respective precinct on his division. This card, to be given to the officer so detailed

at the voting booth, will be retained in his possession until delivery by him to an employee of the Board of Election Commissioners, who will arrive accompanying a sergeant on motor vehicle from the Election Commissioners' office on the morning of September 14, 1954, with the ballot boxes, ballots, etc., as hereinbefore stated.

This card, when returned by such employee to the office of the Election Commissioners will be its receipt that the ballot boxes, ballots, etc., have arrived at their proper destination.

11. On receipt by the patrolman from the sergeant, detailed on motor vehicle, as herein provided, of registering ballot box, ballots, voting lists and such other documents as may have been received from the Election Commissioners, the patrolman detailed at polling place will deliver same to the warden or clerk of the precinct, allowing no person to take or handle them before such delivery, and hand the key of the registering ballot box to the warden. On delivery of the ballots to the warden, the patrolman will take from him a receipt for the same, which receipt will be returned to the Election Commissioners.

12. After the warden has opened the box and allowed the election officers and the public to see that it is empty, the box is to be again locked and the key given to the patrolman who is to retain it until after the polls have closed except that, if the ballot box clogs, the key to the box should be turned over to the warden so that he may open the box to press the ballots down. If this is not done there is a danger that some of the ballots may become mutilated. (After the warden has pressed the ballots down, he will relock the box and return the key to the patrolman.)

13. The patrolman will obtain from the warden copies of poster, which will be sent to the latter, in relation to smoking and the use of liquor in polling places, and post same in conspicuous places where they may be easily read. Tacks will be sent for the purpose.

14. The warden will deliver to the patrolman detailed at the polling place for his use at that place a copy of the descriptive voting list, which must be returned to the warden at the close of polls.

15. When the polls are opened, the patrolman will mark in the place indicated on tag attached to the key the figures which the register shows before any ballots are cast.

16. At 8 o'clock P.M., Tuesday, September 14, 1954, when the polls close, one sergeant will report in each of the 22 wards (excepting Ward 18, Hyde Park, and Ward 20, West Roxbury, for which wards two sergeants and two motor trucks, each, are provided), to meet motor vehicle at last point of morning distribution; thence to proceed to each of the several precincts in his respective ward, and receive registering ballot box (which must be locked) and key thereof, voting lists envelope, signed by the warden and other election officers, receipt for ballots, unused ballot box, sealed and certified (containing unused and spoiled ballots), stamps for marking spoiled ballots and check lists, and carry them to the Election Commissioners' Office and deliver same to some member of the Board of Election Commissioners.

17. When the polls are closed, the patrolman will mark on the same tag the figures which the register shows after

all ballots have been cast. He will then hand the key to the warden, who will open the box and take out all the ballots to be sorted and counted. The warden will then cause the voting lists, including the list used by the police officer, to be sealed in an envelope and the envelope certified by the signatures of the warden and other election officers and the same returned to the Election Commissioners. The patrolman will not allow this envelope to be put into the ballot box. The sergeant who will report on motor vehicle will retain this envelope until delivery at the office of the Election Commissioners. The unused and spoiled ballots are then to be put into the box for unused ballots and the box sealed and certified, to be delivered to the office of the Board of Election Commissioners.

18. When returning from polls, all motor vehicles must drive to the easterly side of City Hall Annex, Court square, where ballot boxes will be conveyed by chute to the basement.

19. It is important that the patrolman sees that the voting lists envelope is signed by the warden, clerk and all the inspectors. The patrolman will also see that the special book for signatures of voters is returned in the registering ballot box.

20. In case a patrolman is detailed to relieve another after the close of the polls the commanding officer will see that he is properly instructed as to the duty of bringing official return, the box of ballots cast, and the press return to the Election Commissioners' office as soon as they are delivered to him by the election officers.

21. When the ballots have all been counted, the ballots thus counted, in their separate party boxes, the tally sheets and nothing else, shall be placed by the warden in the leatheroid box sent for that purpose, which must be sealed and signed by all the election officers. The patrolman will particularly see that this box is properly sealed and that all the election officers have signed their names to the certificate on the box. The patrolman will then bring the box, official return, record book and press return to the City Hall Annex, Court square, and deliver same to the Election Commissioners.

The patrolman is directed not to allow the official return, press return or record book to be placed in the leatheroid box with ballots cast, but are to be returned by the officer to the Board of Election Commissioners.

22. While the polls remain open, an officer of rank will visit the polling place in each division at stated intervals, to be designated by the captain, and in case of any disturbance will report the fact to the commanding officer of the station house without delay. If additional men are needed beyond the number available in that division the officer in charge will communicate immediately with headquarters.

He shall remind the officer and the warden on duty at the polls, that the official return, press return and record book are not to be placed in the leatheroid box, but shall be safely delivered to the Election Commissioners with the leatheroid box.

23. Attention is called to the fact that the polls at the State Primaries on Tuesday, September 14, 1954, shall open at 8 o'clock A.M., and close at 8 o'clock P.M.

24. Commanding officers of divisions will see that the officers detailed for duty on State Primary Day are furnished with a copy of circular issued by the Board of Election Commissioners entitled: "Instructions to Police Officers on State Primary Day."

25. Voting machines will be used in the following precincts at the coming City Election:

Ward 1, all precincts.
Ward 2, all precincts.
Ward 3, all precincts.
Ward 4, all precincts.
Ward 5, all precincts.
Ward 6, all precincts.
Ward 7, all precincts.
Ward 8, all precincts.
Ward 9, all precincts.
Ward 10, all precincts.
Ward 11, all precincts.
Ward 12, all precincts.
Ward 13, Precincts 3, 4, 5, 6, 8, 15, and 16.
Ward 14, all precincts.
Ward 15, Precincts 3, 9, 10, 12, and 13.
Ward 16, Precincts 1, 5, 6, 10, 12, 13, 17, and 20.
Ward 17, Precincts 2, 3, 4, 6, 7, 8, 9, 11, 14, 15, 17, 18, and 20.
Ward 18, Precincts 1, 2, 5, 6, 9, 11, 12, 13, 14, 18, and 19.
Ward 19, Precincts 3, 5, 6, 9, 10, 11, 12, 13, 15, 16, and 17.
Ward 20, Precincts 5, 8, 9, 12, 13, 16, 17, 18, 19, and 20.
Ward 21, all precincts.
Ward 22, Precincts 1, 2, 3, 4, 5, 7, 8, 10, 14, and 16.

Officers assigned to duty in these precincts should be apprised of the procedure to be followed. When the warden has set up the machines for voting and the polls are declared open, he will give keys of each machine in the precinct to the police officer. The police officer will have custody of these keys until the close of the polls. Since the law requires that a ballot box be furnished for challenged ballots, the officer will also have the custody of the ballot box key during the polling hours. At the close of the polls, the officer will return keys to the warden. On SHOUP machines keys No. 2 and No. 3 will be automatically locked into the voting machine; Key No. 4 will be given to the police officer to return to City Hall. On automatic machines keys No. 2 and No. 3 will be given to the police officer to return to City Hall. These keys are to be enclosed in a sealed envelope signed by all election officers. Since the procedure is most important, the officer will check the envelopes—one for each machine—to be certain that they are in proper order. These envelopes are not to be placed in the leatheroid box but are to be taken in hand by the police officer and delivered to the clerk at the check-in desk in the Election Department. If any challenged ballots are cast in the precincts where machines are used, the police officer will have the ballots to return, but in any event he will return to City Hall Annex the box sent to the polling place for ballots cast, and the envelopes containing the keys.

IMPORTANT NOTES.

A. Officers shall strictly enforce the law pertaining to smoking. Smoking is prohibited within the confines of the polling places, during the entire day, while the polls are open, as well as after they are closed.

As polling places and their approaches and exits are, in many instances, in buildings used for places of religious worship, to say nothing of the danger to valuable property from careless persons, the importance of these instructions is apparent.

B. During the hours from 6 o'clock P.M. to 8 o'clock P.M., there has been a large increase in the number of persons who congregate outside the polling places. This makes it disagreeable to voters who are entering and leaving the polling places. Officers shall exert every effort to relieve this congestion.

Officers are reminded that it is the privilege of the voters to watch the count of the votes cast. It is understood that no disturbance or crowding is to be permitted and that the voters are to remain outside the rails.

C. Officers shall handle ballot boxes with great care.

D. At the close of the polls all persons waiting to vote, including any who might be in line at the entrance to the polling place, are to be placed in line by the warden and given cards bearing their names. The police officer is to stand at the end of this line to be certain that no additional persons are permitted to join it. All voters in the line are to be permitted to cast their ballots, whether by paper ballots or by machine.

E. Attention is called to chapter 129, Acts of 1952, which permits a candidate running on "stickers" (or his representative) to distribute such "stickers" adjacent to or in the building where the polling place is located or at the entrance to, but not in, the room where the polling takes place.

F. Corrected books showing the locations of the polling places will be sent to each division. You will note that in many instances precincts have been combined in one building, but the number of precincts is 303. This total includes 73 paper ballot precincts and 230 voting machine precincts.

G. Commanding officers shall direct all officers detailed at the polling places in the various precincts to report promptly, according to schedule.

H. Officers shall be informed that in many instances there are two precincts located in the same building, as follows:

BOSTON HOUSING AUTHORITY.

INVITATION FOR PROPOSALS FOR PAINTING 56 WOOD FRAME HOUSES.

The City of Boston, acting by and through the Boston Housing Authority, Room 303, 230 Congress street, Boston, in accordance with the provisions of chapter 372 of the Massachusetts Acts of 1946, as amended, invites proposals for painting of fifty-six (56) wood frame houses.

A bond will be required for doing the work of a surety company authorized to transact business in the Commonwealth of Massachusetts in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 303, 230 Congress street, Boston. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Painting Fifty-Six (56) Wood Frame Houses," and left at Room 303, 230 Congress street, Boston, Mass., before 2 P.M., Eastern Daylight Time, on Monday, September 20, 1954, at which time and place the proposals will be publicly opened and read.

Bid security in the sum of 5 per cent of the amount of the proposal in the form of cash or certified check shall accompany each proposal.

Proposals must be made in quadruplicate, one (1) sealed proposal without bid security to be deposited by the bidder with the City Auditor previous to the time made for opening the bids.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

The city reserves the right to reject any or all proposals and to waive any informalities either in the bidding or in the proposals, and reserves the right to award the contract or contracts as it deems for its best interest.

No bid shall be withdrawn for a period of thirty (30) days subsequent to the opening of bids without the consent of the city.

CITY OF BOSTON, ACTING BY AND THROUGH THE BOSTON HOUSING AUTHORITY,

OWEN A. GALLAGHER,
Chairman.

WITH CONSENT AND APPROVAL OF MAYOR HYNES, SMALL ARMY OF TRUCKS AND MEN UNDER DIRECTION OF PUBLIC WORKS DEPARTMENT COMMISSIONER HYLAND HAVE BEGUN TO CLEAR AWAY AND REMOVE HURRICANE DEBRIS FROM ALL OVER CITY—MORE THAN 700 MEN, WITH TRUCKS AND SAWS, AT WORK WITH RESULTANT SUCCESS.

Boston has rallied to clear up the debris and inconvenience following the conditions brought about by the hurricanes Carol and Edna. With the approval of Mayor Hynes, at the request of Public Works Commissioner George G. Hyland, more than 700 employees of the department, together with trucks, loaders, saws, etc., have been at work removing trees and other debris that accumulated during the blows that visited the city.

Approval was given by Mayor Hynes to the request of the Public Works Commissioner for the employment and use of men and apparatus contained in the following letter:

MAYOR HYNES THANKS CITIZENS FOR COOPERATION IN MEETING SITUATION RESULTING FROM HURRICANE DEVASTATION.

On September 11 Mayor Hynes issued the following statement of appreciation for efforts made to meet the hurricane situation in Boston:

Hurricane Edna has come and gone in the Boston area. Our city has been fortunate. We received but a glancing blow. The greatest damage to Boston is in the flooding of cellars and basements because of abnormally high rain fall. The rain came too fast and too heavily to be carried off in our sewer system.

In most cellars the collected water will drain off fairly quickly after the rain ceases. In serious cases of flooded cellars, endangering life, the city is helping and will help as fast as we can. We have received over one thousand calls for such assistance. We will respond as quickly as humanly possible. All avail-

EXPENDITURES FOR VETERANS' BENEFITS BY THE VETERANS' SERVICES DEPARTMENT FOR THE MONTH OF JULY INCREASED \$17,570.99 OVER SAME MONTH OF 1953—1,487 CASES AIDED, REPRESENTING 2,752 INDIVIDUALS—192 CASES CLOSED OUT DUE TO SECURING EMPLOYMENT OR OTHER AID SUCH AS SOCIAL SECURITY.

The Veterans' Services Department, in a communication to Mayor John B. Hynes from Commissioner Victor C. Bynoe, made public the fact that expenditures for benefits for the month of July of this year exceeded those for the same month in 1953 by \$17,570.99. There were 1,487 cases aided, representing a total of 2,752 individuals. There were 192 cases closed due to obtaining employment, receiving unemployment compensation, or receiving social security.

The full report to the Mayor by Commissioner Victor C. Bynoe reads as follows:

BOSTON, September 14, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

SIR:

I have the honor to submit the report of the Veterans' Services Department for the month of July, 1954.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean;
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

MAYOR THANKS CITIZENS FOR COOPERATION DURING HURRICANE.

(Continued from page 1153.)

able city pumps are being put into service and will remain in service during the night and Sunday.

I once again congratulate the news-gathering services, the weathermen, and the radio-television officials, all of whom performed tireless, yeoman service in this as well as the previous hurricane. I especially congratulate the telephone operators at City Hall who remained, without relief, at their switchboards from six o'clock in the morning until six o'clock at night.

The damage to municipal property will not be known for some days. However, it will not be, in any measure, comparable to damage from hurricane Carol.

PUBLIC WORKS ACTS TO CLEAN UP AFTER HURRICANE.

(Continued from page 1153.)

PUBLIC WORKS DEPARTMENT.

Boston, September 3, 1954.

HON. JOHN B. HYNES,

Mayor of Boston.

DEAR MR. MAYOR:

Since the hurricane of last Tuesday, August 31, from 600 to 700 employees of this department, with the aid of an average of 60 trucks, 20 front-end loaders, mechanical saws, etc., have been working from 8 A.M. to 10 P.M. on tree removal work and the hauling of trees, branches, and other debris resulting from the hurricane.

At the present time, hundreds and hundreds of streets in this city are still choked with fallen trees, branches, etc., that must be removed over this week end, if possible, in order to eliminate fire hazards that will be created if the dry leaves and branches are allowed to remain on the roadway and sidewalk surfaces. Therefore, I deem it absolutely essential, in the interest of public safety, to engage the services of contractors' employees and trucks over this week end, to assist department forces in the removal of the slash and other debris resulting from the hurricane.

In some cases, I am renting trucks only with the services of drivers, and, in others, I am engaging the services of contractors' trucks, laborers, and foremen to assist the department in this vitally important work. I have agreed with the contractors to pay for trucks at the rates previously established in connection with contract snow removal work of last winter. I have also agreed with the contractors to pay their laborers and foremen at a rate less than that included in the above-referenced snow removal contracts. The work involved is all overtime work, as it will be performed between 4 P.M. and 9 P.M., Friday, September 3; and from 8 A.M. to 8 P.M. on Saturday, September 4; Sunday, September 5, and Monday (Labor Day), September 6. Employees of this department will also work the same hours as the contractors' employees, and I am hopeful that the present emergency condition will be substantially relieved by next Tuesday A.M.

In some cases, it is my opinion that the rental of the contractors' equipment

and employees will exceed \$1,000 in the aggregate. As the rates to be paid for the hire of equipment and the services of contractors' employees are established by this department, and as the work is of an emergency nature, it is obvious that we cannot take steps to advertise for bids. Aside from this point, at the meeting that was held in your office last Wednesday, you stated that hurricane work would be considered as of an emergency nature and that, therefore, there would be no necessity for advertising for bids for services of the above-referenced type.

In order, however, to comply with the provisions of statutory law, I respectfully request your authority to dispense with advertising, and to pay all bills incurred in connection with the rental of equipment and the hiring of the services of contractors' employees engaged on hurricane work for this department, without the necessity of issuing service orders; and I also respectfully request that I be authorized to pay all such bills that may exceed \$1,000. This is the same procedure followed year after year in connection with bills incurred for the removal and plowing of snow, and I presume that it will be satisfactory to you and to the Auditor in connection with bills incurred for the rental of equipment and the hiring of contractors' employees to clean up the debris resulting from the hurricane of last Tuesday.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

MAYOR HYNES, IN DECLARATION, MAKES APPEAL FOR SALVATION ARMY.

The Mayor has issued the following declaration:

Whereas, The Salvation Army in the City of Boston will soon begin its Friendly Annual Appeal to our people to support its worthy endeavors here for the ensuing twelve months; and

Whereas, This great organization "with heart to God and hand to man" is beloved not only by servicemen and women of two World Wars and the recent Korean conflict, but also by all those in need because it never spares itself in serving peoples of every race, creed, and color; and

Whereas, Since 1884 the Salvation Army here in Boston has been on the job helping stricken humanity following tornadoes, hurricanes, and other disasters, and on countless occasions has rendered yeoman service to our people whenever and wherever they were in need; and

Whereas, The goal of \$555,000 which the Salvation Army is asking the general public to give is less than 40 per cent of the more than \$1,500,000 which this organization plans to spend for the needy in this area alone during the next twelve months, therefore

As Mayor of the City of Boston, in the name of the thousands of needy who look to the Salvation Army for help, I urge each citizen to give whatsoever he can to help the "Friendly Appeal" reach its goal, and to this end I designate the week of September 13-19, inclusive, in this year of our Lord, nineteen hundred and fifty-four, as "Salvation Army Week."

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, and business organizations for furnishing labor, supplies, etc. Communications from heads of the departments interested were as follows:

ADMINISTRATIVE SERVICES DEPARTMENT.

Purchasing Division.

Boston, September 2, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

This office is in receipt of requisitions from the Fire Department and the Summer Tunnel of the Public Works Department for Duro-Test lamps.

Informal prices have been received from Duro-Test Corporation, the manufacturer of the lamps requested. Inasmuch as long-life lamps are suitable for the needs of the departments requesting the lamps, and since it will be more economical to purchase this particular type, authority is requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to Duro-Test Corporation. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,000.02, net.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, September 2, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Traffic Commission has submitted a requisition to this office for Luxor traffic signal lamps.

Luxor Lighting Products, Inc., the manufacturer of the above lamps, has submitted an informal price. Inasmuch as Luxor lamps have proven far superior in lamp life to other lamps, authority is requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to Luxor Lighting Products, Inc. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,032, less 1 per cent discount for payment within ten days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, September 2, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for an air compressor to be used in the hospital laundry.

R. G. Mearn Company, who is the sole distributor in this area for the compressor requested, has submitted two written informal quotations, one, quoting on a compressor with a new motor, and the other, on a compressor with a rebuilt motor.

The rebuilt motor carries a guarantee of six months against defective parts and workmanship. Inasmuch as a saving of approximately \$400 will result by purchasing the compressor with a rebuilt motor, and since it is acceptable to the City Hospital, authority is requested to award a contract, without public advertisement, to R. G. Mearn Company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract will be \$1,513, less 1 per cent discount, 10 days, net, thirty days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON, September 9, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The Boston City Hospital has submitted a requisition for 400 rolls of Cardiette paper. Sanborn Company, the manufacturer of this particular type paper, has submitted an informal quotation.

Inasmuch as Sanborn Company is not only the manufacturer of this paper but is also the one source of supply, authority is requested to dispense with publicly advertising for prices and to award a contract, without public advertisement, to this company. It is my opinion that, in this way, the best interests of the city will be served.

Approximate total amount of contract

will be \$1,020, less 1 per cent discount, for payment within 15 days.

Respectfully yours,

JOHN V. MORAN,
Purchasing Agent.

BOSTON CIVIL DEFENSE.

BOSTON, September 14, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I am hereby requesting permission to award a contract, without advertising, in an amount not to exceed \$8,000, to R. G. Mearn Company, 363 Albany street, Boston, for the purchase of 13 portable pumps of varying capacities, a sufficient quantity of hard suction and discharge hose with couplings for each of the above, and other civil defense pumping equipment necessary for emergency use.

This equipment will supplement civil defense rescue equipment already in use.

It is my belief that no great advantage will be gained by advertising, and the needless delay that would result is not in the interest of public safety.

I hope that this request will meet with your approval.

Respectfully submitted,

JOSEPH L. MALONE, *Director,*
Boston Civil Defense Department.

DEPARTMENT OF SCHOOL BUILDINGS.

BOSTON, September 2, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

I respectfully request your Honor's approval of my selection of Coletti Brothers, 687 Boylston street, Boston, Mass., as architect for the construction of a new elementary school in the Martin District, Roxbury, at a total estimated construction cost of \$1,313,000.

As there is a universally accepted standard rate for professional architectural services established by the American Institute of Architects, I ask your approval of my procedure of dispensing with public advertising in the *City Record*, as it is considered that nothing would be gained by publicly advertising.

All details of architectural fees, payments, etc., will be included in the formal contract.

The appropriation for this work was approved by the School Committee of the City of Boston on December 29, 1952, and on August 16, 1954, the work was authorized.

Respectfully yours,

JAMES E. MOONEY,
Superintendent of Construction.

BOSTON, September 3, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

Due to the receipt of an unprecedented number of requisitions for trucking school building furniture and furnishings from building to building since April 1 of this year, as compared to previous years, I find that the amount of money contracted for with C. S. Walsh Transportation, 736 Dudley street, Dorchester, Mass., for the trucking work is not sufficient to pay for the unanticipated increase in the volume of such work.

The increase in the volume of trucking work has been occasioned by the closing and the change in status of a number of school buildings, involving changes in furniture to satisfy newly established conditions. Hence the following request:

That the advertised contract for trucking, negotiated by this department with C. S. Walsh Transportation, 736 Dudley street, Dorchester, Mass., for the period beginning April 1, 1954, and ending March 31, 1955 "in an amount not to exceed \$20,000," predicated on our normal expenditures for this kind of work, be amended to read "in an amount not to exceed \$35,000."

I would like to point out that this contractor performs its services in a highly satisfactory manner and that the existing rates which are to continue in effect are fair.

The additional amount of \$15,000 necessary is available in the 1954 budget of this department.

Your consideration and approval is requested.

Respectfully yours,

JAMES H. MOONEY,
Superintendent of Construction.

PENAL INSTITUTIONS DEPARTMENT.

BOSTON, September 3, 1954.

HON. JOHN B. HYNES,
Mayor of Boston.

DEAR MR. MAYOR:

The hurricane of August 31, 1954, caused severe damage to various buildings of this department at Deer Island. In order to prevent more extensive damage, attention must be given at once to the following:

Administration Building, metal repairs; Commissioner's house, slate repairs; commissary building, tar and gravel repairs; five houses for personnel, shingle repairs; one house for personnel, new asphalt shingle roof; two garages, shingle repairs; gatehouse, shingle repairs; piggery, shingle repairs; laundry and pump house, shingle repairs; officer's kitchen, shingle repairs; plant, new tar and gravel roof, and new wood gutters; Hill prison, slate repairs, metal repairs, conductor repairs, etc.

To accomplish this vital work without delay, which might cause further damage, I respectfully request your approval to dispense with publicly advertising for bids and to enter into a contract with John F. Shea Company, Inc., 41 Hollingsworth street, Mattapan, Mass., to perform the necessary work outlined above, for the sum of \$11,690.

John F. Shea Company, Inc., has performed other work of a similar nature for this department in a highly satisfactory manner, and in view of the urgent need for immediate action, it is felt that nothing would be gained by publicly advertising for bids on this work.

Yours very truly,

EDWARD L. FRIEL,
Penal Institutions Commissioner.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

Approval has been given for an extension of time for the completion of the contract with Nicholas Bello for interior and exterior painting at the Eliot School, from September 15, 1954, to October 29, 1954. This extension was requested because of inability to secure necessary men to complete work by original completion date.

Approval has been given for an extension of time for the completion of the contract with John J. Hourihan for roofing work at the Farragut School, from September 4, 1954, to October 29,

1954. This extension was requested because of a delay in getting materials and also on account of weather conditions.

Approval has been given for an extension of time for the completion of the contract with John J. Hourihan for roofing and metal work at the Sammel Adams School, from September 4, 1954, to October 29, 1954. This extension was requested because of a delay in getting materials and also on account of weather conditions.

Approval has been given for an extension of time for the completion of the contract with D. Antonellis, Inc., for repairs to boiler and incinerator masonry in various schools in Districts 1, 4, and 5, from September 15, 1954, to December 15, 1954. This extension was requested because of a delay in obtaining necessary iron material to complete work.

Approval has been given for an extension of time for the completion of the contract with Herbert F. Sawyer, Inc., for electrical work at the Hyde Park High School, from September 7, 1954, to September 24, 1954. This extension was requested because of a delay in obtaining clocks from manufacturer.

Approval has been given for an extension of time for the completion of the contract with J. F. Stack & Co., for repairing boiler masonry and incinerator brickwork in various schools in Districts 2, 3, and 6, from September 15, 1954, to December 15, 1954. This extension was requested because of a delay in obtaining iron castings necessary to complete work.

Approval has been given for an extension of time for the completion of the contract with John F. Shea Company, Inc., for roofing and metal work at the Edward Everett School, from September 10, 1954, to November 10, 1954. This extension was requested because of a delay in work, due to hurricane.

CIVIL DEFENSE KIT.

In Milwaukee residents have been notified by the city's civil defense administration to get together kits of non-perishable foods on which their families could live for a week in the open if need be. A 43-pound kit, costing \$37, was used for demonstration purposes. In the kit, besides food, were a first-aid packet, water purification tablets, cooking utensils, and cans of canned heat. The entire unit packed in an aluminum laundry mail case doubles as a dishpan, wash basin, and infant bathtub.

Toledo City Journal.

CONSULATES IN ARREARS ON TAXES.

New York City reports that 12 foreign countries are in arrears a total of \$416,985 in real estate taxes on 27 properties, most of them bought within the last 15 years as consulates and headquarters for United Nations delegations.

Nearly all of the defaulting governments claim the right to city realty tax exemption under treaties and international doctrines, but the city has refused to waive its claims. Total assessed valuation is \$5,324,000, with \$720,000 exempt from tax. Finland, the Netherlands, and Israel have kept their real estate accounts paid up to date.

STREET WIDENING IN WEST ROXBURY.

The Public Improvement Commission has ordered a public improvement consisting of the widening and construction of Harvard street, West Roxbury district, as a highway, at the northerly corner of Cummins Highway, bounded and described as follows:

The highway named Harvard street is hereby widened at the northerly corner of Cummins Highway, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees, shrubs or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Boston Catholic Cemetery Association, bounded:

Southeasterly by Harvard street, 14.58 feet; southwesterly by Cummins Highway, 14.58 feet; and northerly by the northerly line of Harvard street as widened under this order, 19.88 feet on a curve of 10.50 feet radius, containing 49 square feet, more or less.

Trees, shrubs or structures standing upon or affixed to the aforesaid land, shall be removed therefrom within thirty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Said Harvard street as hereby widened is bounded:

Southeasterly by the northwesterly line of Harvard street as it existed prior to this order, 14.58 feet; southwesterly by the northeasterly line of Cummins Highway as it existed prior to this order, 14.58 feet; and northerly by the northerly line of Harvard street as hereby widened, 19.88 feet on a curve of 10.50 feet radius, containing 49 square feet, more or less.

No betterments are to be assessed for the making of the aforesaid improvement.

LIBRARIES IN UNITED STATES.

Today there are 7,408 public libraries in the United States. The American Library Association estimates that since 1945 more than \$100,000,000 has been spent on the construction and remodeling of libraries. Public libraries in American cities today enjoy a prestige and support seldom challenged.

The construction costs of these new public libraries have spiraled. For instance, among the large public libraries which have announced plans for construction is the Cincinnati Public Library. The estimated cost of the proposed building is \$4,500,000, compared to the actual cost of \$2,400,000 for the Enoch Pratt Free Library (really the public library of Baltimore), built in 1932, and \$2,026,243 for the Toledo Public Library, built in 1940. Yet both the Enoch Pratt and the Toledo buildings have floor space comparable in number of square feet to the public library proposed for Cincinnati.—*American City Magazine*.

The following is a statement showing the number of new buildings for purposes of habitation, together with the number of family accommodations provided thereby, for the erection of which applications were filed with the Building Department of the City of Boston during the

PROCEEDINGS OF CITY COUNCIL.

Tuesday, September 7, 1954.

Regular meeting of the City Council held in the Council Chamber, City Hall, at 2 p.m., President WHITE in the chair, and all the members present. Reverend Bernard J. McNulty, of St. Gregory's Church, Dorchester, was escorted to the rostrum.

INVOCATION BY REV. BERNARD J. McNULTY.

Gentlemen, it is a pleasure, privilege and honor to be with you today.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

O God of our fathers as we today commence deliberation on questions which cover a wide range of economic, social, and industrial law, it devolves upon us members of the city government to decide which among the various issues make for the handling of our people and the betterment of our people and are coincident with the requirements of good government and the time-honored traditions of our great City of Boston. We ask Thee, O Lord, in humility of spirit to be our constant guide, through the current sessions so that every contribution that we may give to city rule may be prudent and constructive.

In return for Thy divine assistance, we pledge our time, our energies, and our deepest interests toward the attainment of these objectives, those of the past, present, and future, to fulfill all our present needs and withstand the searing test of the future.

Upon our beloved city, its people, upon our own families, upon ourselves, we ask the blessing of Almighty God. May the blessing of Almighty God, Father, Son, and Holy Ghost descend upon our heads and remain in our hearts forever. In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

Coun. McCORMACK—Mr. President, on behalf of the members of the Council, may I ask through you that Father McNulty say a prayer that Mrs. White, who is going to be operated on Thursday, may go through the operation successfully?

Father McNULTY—O Sacred Heart of Jesus, we ask You for many favors; today we plead with You for this one. Place it in Your own broken heart and when our Heavenly Father sees it covered with Thy most precious blood, he will never refuse it, it is not our prayer but Thine.

O Sacred Heart of Jesus, have mercy on her. O Divine Jesus, we Thy children offer Thee our loving hearts. May their every pulsation be a prayer of love for Thee. Thine is a love that never sleeps, that never wearies of watching the world and the erring soul. Care especially for that person today for whom we pray.

In the name of the Father, and of the Son, and of the Holy Ghost. Amen.

The meeting was opened with the salute to the flag.

JURORS DRAWN.

EFFECT OF SHADE TREES IN RESIDENTIAL AREAS.

The following was received:

City of Boston,
Office of the Mayor, September 7, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of August 23, 1954, concerning the effect of shade trees on sidewalks and street lighting in the residential areas of the city.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
August 30, 1954.

Harold B. Flennuming,
Chief Clerk, Mayor's Office.

Dear Mr. Flennuming:
This is in reference to the following order that was passed in the City Council under date of August 23, 1954:

"Ordered, That his Honor the Mayor be requested to direct the Public Works Commissioner to survey conditions of residential streets in the residential areas of the city with regard to:

1. Efficiency of street lighting as affected by shade trees planted as a PWA project during the 1930's; and

2. The effect of these trees on the sidewalks where, according to many complaints, roots of said trees have dislodged, raised or cracked many portions of said sidewalks."

1. The efficiency of street lighting facilities is greatly impaired in cases where shade trees are located in public highways adjacent to the lights. This matter has been of great concern to this department over the past several years, and recently I wrote to the Park Commissioner and asked him to provide a substantial amount in the 1955 budget of the Parks and Recreation Department to provide for the pruning and trimming of all branches of trees that interfere with the proper distribution of light from street lights. The responsibility for trimming such trees rests with the Parks and Recreation Department, under the provisions of city ordinances. Shade trees, in general, are an asset to a neighborhood, and I do not feel that any thought should be given to removing them, except where absolutely necessary, in the interest of public safety. A well-planned program providing for the pruning of trees that interfere with the distribution of light from the street lights should satisfactorily take care of this particular problem. Possibly, in some cases, trees may have to be removed in their entirety, but, in general, only pruning is needed.

2. Most of the trees planted under the WPA project are 16 to 18 years old, and over the past several years have caused damage to sidewalks, due to the heaving and cracking caused by the growth of the roots. In many such cases, we were required to substitute a flexible bituminous concrete type of sidewalk in place of cement concrete. The bituminous sidewalk generally is more satisfactory than concrete in sidewalk areas adjacent to trees. The cracking and heaving of concrete sidewalks is one of the disadvantages of planting trees in public sidewalk areas, but I feel that the advantages more than outweigh the disadvantages, and, as stated, I do not believe that we should enter into any program to provide for the wholesale elimination of such trees.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

TRANSFER OF APPROPRIATION IN PARKS AND RECREATION DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, September 7, 1954.
To the City Council.
Gentlemen:

I submit herewith an order providing for the transfer of \$5,000 within the accounts of the Cemetery Division of the Parks and Recreation Department to provide for the payment of overtime to employees who work on holidays, Saturdays, and Sundays in connection with internments in the various cemeteries. Payments of this character have run heavier this year than in previous years, and the original appropriation provided for this purpose is practically exhausted. I respectfully recommend adoption of the accompanying order.

Respectfully,
J. B. HYNES, Mayor.

Ordered, That in accordance with the provisions of section 3B of chapter 486 of the Acts of 1909, as amended by chapter 604 of the Acts of 1941, the City Auditor be, and hereby is, authorized to transfer:

From the appropriation for Parks and Recreation Department, Cemetery Division, 592, Cemetery Equipment, \$5,000, to the appropriation for Parks and Recreation Department, Cemetery Division, 1, Personal Services, \$5,000.

On motion of Councillor Ahearn the rules were suspended, and the order was passed, yeas 7, nays 0: Yeas—Councillors Ahearn, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—7. Nays—0.

ILLUMINATION OF WARREN BRIDGE, FROM DRAW TO CAUSEWAY STREET.

The following was received:

City of Boston,
Office of the Mayor, September 7, 1954.
To the City Council.
Gentlemen:

I transmit herewith communication from the Commissioner of Public Works relative to your order of August 30, 1954, in regard to surveying conditions on the Warren Bridge, from draw to Causeway street, to determine the need for temporary illumination because of construction of the overhead highway.

Respectfully,
J. B. HYNES, Mayor.

City of Boston,
Public Works Department,
September 2, 1954.

Harold B. Flemming,
Chief Clerk, Mayor's Office.

Dear Sir:

This is in reference to the following order that was passed in the City Council under date of August 30:

"Ordered, That his Honor the Mayor be requested to direct the Public Works Commissioner to survey conditions on the Warren Bridge, from the draw to Causeway street, for the purpose of determining the need for temporary illumination because of construction of the overhead highway."

The nighttime conditions, which certainly can be considered as hazardous to pedestrians, have been caused by the construction of the overhead structure and the total absence of any street lights. I noticed this condition several months ago, and under date of June 11 called it to the attention of the State Department of Public Works and requested, in substance, that temporary lights be provided immediately in the interest of public safety.

Under date of August 17, I informed Chief Engineer Gray that the City of Boston would pay the annual cost of maintaining and servicing the lights, if the state would agree to pay the cost of installation. The latter-referenced statement was necessary, as the State Department of Public Works apparently was reluctant to pay for installation costs and also the cost of maintaining and servicing the lights. In any event, I agreed, on behalf of the city, to assume the maintenance costs, and it is my understanding that the Department of Public Works is still considering the matter, as no lights have been installed as yet. I also understand that the Edison Company has received no order from the State Department of Public Works to proceed with the installation work.

I am, therefore, sending a copy of this communication to Commissioner Volpe, with a request that immediate steps be taken to provide the lights, as requested in my communication of June 11 to one of Commissioner Volpe's assistants.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

RESCISSION OF LOAN ORDERS FOR CONSTRUCTION OF PUBLIC SCHOOLS, HOUSES AND CONSTRUCTION OF DEPARTMENTAL BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, September 7, 1954.
To the City Council.

Gentlemen:

I submit herewith two orders providing for the rescission of the following loan orders:

Acquisition of land and construction of public schoolhouses. \$5,000,000

This order received a second reading in the City Council under date of July 12, 1954, and was approved by the Mayor under date of July 16, 1954.

Construction of departmental buildings. \$7,500,000
This order received a second reading in the City Council under date of July 26, 1954, and was approved by the Mayor on the same date.

In the adoption of these orders, it was understood that the amounts involved were in excess of the ordinary debt-incurring power of the city. Under the provisions of section 10 of chapter 44 of the Acts of 1952, the Emergency Finance Board may authorize excess indebtedness of this character. Based on procedure followed in prior years with regard to securing approval of the Emergency Finance Board on various types of loan orders, it was assumed that action by the Board would follow the adoption of the orders by the Council.

Advice has now been received from the Emergency Finance Board, however, that under the phraseology of the law in question incurrence of excess debt must be authorized by the Board before any specific loan orders are adopted. In accordance with this advice, a request has been submitted to the Emergency Finance Board to authorize excess indebtedness in the amount of \$12,500,000, and a hearing on this request is scheduled for 2 p.m., this day, September 7, 1954, at the State House.

I respectfully recommend the adoption by your Honorable Body of the rescission orders herewith submitted.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That the order for loan of five million dollars (\$5,000,000) for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston, including originally equipping and furnishing such schoolhouses, passed by the City Council on July 12, 1954, and approved by the Mayor on July 16, 1954, be, and hereby is, rescinded.

Ordered, That the order for loan of seven million five hundred thousand dollars (\$7,500,000) to be expended for the construction of depart-

mental buildings, passed by the City Council on July 26, 1954, and approved by the Mayor on July 26, 1954, be, and hereby is, rescinded.

On motion of Councillor Piemonte the rules were suspended and the foregoing orders were severally given their first reading and passage, yeas 8, nays 0:

Yeas—Councillors Ahearn, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—8.

The message and orders were referred to the committee on Appropriations and Finance.

LOAN ORDER FOR CONSTRUCTION OF DEPARTMENTAL BUILDINGS.

The following was received:

City of Boston,
Office of the Mayor, September 7, 1954.
To the City Council.

Gentlemen:

I submit herewith an order authorizing the borrowing of \$7,500,000 for the construction of various departmental buildings. This order is identical in form and content with an order adopted in the City Council on July 26, 1954, and approved by me on the same day.

As explained in a separate message providing for the rescission of the original order, it has become necessary under the provisions of section 10 of chapter 44 of the General Laws, as amended by chapter 56 of the Acts of 1952, to secure the authorization of the Emergency Finance Board before any excess indebtedness of the type recommended in this order may be finally authorized. A request has been submitted to the Emergency Finance Board for the authorization required under the statutes and a hearing on this request is scheduled as of even date. I have every reason to believe this hearing will result in favorable action on our request.

I am informed that a first reading may be given the order herewith submitted without violating the provisions of the statute in question. This law has been interpreted to require the necessary authorization to be in effect on or before the final adoption and approval by your Honorable Body.

Under existing statutes, thirty-four days must elapse after a first reading of a loan order before the same can become fully effective. In order to permit commencement of the building program involved in this loan order at the earliest possible date, I recommend that a first reading of this order be given at today's meeting. I feel that such action is appropriate in view of the fact that an identical order has already met with the approval of your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

Ordered, That under the provisions of clause 3 of section 7 of chapter 44 of the General Laws, the sum of seven million five hundred thousand dollars (\$7,500,000) be, and hereby is, appropriated, to be expended for the construction of departmental buildings, and that to meet said appropriation the Collector-Treasurer be authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the city to said amount.

On motion of Councillor Piemonte the rules were suspended and the order was given its first reading and passage, yeas 8, nays 0:

Yeas—Councillors Ahearn, Hailer, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—8.

Nays—0.

The message and order were referred to the Committee on Appropriations and Finance.

LOAN OF \$5,000,000 FOR CONSTRUCTION OF SCHOOLHOUSES.

The following was received:

City of Boston,
Office of the Mayor, September 7, 1954.
To the City Council.

Gentlemen:

I am in receipt of the attached letter from the School Committee which contains a request that your Honorable Body initiate action to authorize the borrowing of \$5,000,000 for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston. As indicated in the letter, a legal complication has rendered invalid an identical order of this character adopted by your Honorable Body under date of July 12, 1954, and approved by the Mayor under date of July 16, 1954.

In accordance with the accompanying request, I suggest that an order of the character desired be originated by your Honorable Body.

Respectfully,

J. B. HYNES, Mayor.

The School Committee of the City of Boston,
September 2, 1954.

Hon. John B. Hynes,
Mayor of Boston.

My dear Mayor Hynes:

On February 1, 1954, a communication was sent to you explaining the urgent need of the school

system for a five-million dollar Bond Issue for 1954 for the purpose of acquiring land for, and constructing, public schoolhouses, including originally equipping and furnishing such schoolhouses.

In this communication of February 1, 1954, a list of the much-needed school accommodations was furnished.

It was our understanding until this morning that this 1954 five-million dollar Bond Issue requested on February 1, 1954, had been properly granted. However, I have just been informed that there is some legal technicality in connection with this Bond Issue.

In view of these facts and in order to finance a part of the proposed urgently needed new construction, the School Committee hereby respectfully requests that your Honor recommend to the City Council that it originate this five-million dollar Loan Order.

The School Committee will seek to have each proposed new school and addition under this Bond Issue approved by the Massachusetts School Buildings Assistance Commission under Mass. St. 1948, ch. 645, as amended, and thereby obtain a state grant of approximately 20 per cent of the cost of each school and addition to help meet the payments on the loan.

Your continued interest in the Boston school system is greatly appreciated.

Respectfully yours,

WILLIAM F. CARR, Chairman.

In connection with the foregoing message and communication Councillor Piemonte offered the following order:

Ordered, That under the provisions of clause 3 of section 7 of chapter 44 of the General Laws, the sum of five million dollars (\$5,000,000) be, and hereby is, appropriated, for the purpose of acquiring land for, and constructing, public schoolhouses in the City of Boston, including originally equipping and furnishing such schoolhouses; and that to meet said appropriation the Collector-Treasurer is hereby authorized to issue, from time to time, on request of the Mayor, bonds or certificates of indebtedness of the City of Boston to said amount.

On motion of Councillor Piemonte the rules were suspended, and the order was given its first reading and passage, yeas 7, nays 0:

Yeas—Councillors Ahearn, Hurley, Kerrigan, McCormack, McLaughlin, Piemonte, White—7.

Nays—0.

The message, communication, and order were referred to the Committee on Appropriations and Finance.

PETITIONS REFERRED.

The following petitions were received and referred to the committee named, viz.:

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

Proposals for Sewerage Works in Glendower Street and Clarendon Avenue, West Roxbury.

The Commissioner of Public Works of the City of Boston, Room 508 (Contract Office), City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for sewerage works in Glendower street and Clarendon avenue, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508 (Contract Office), City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Sewerage Works in Glendower Street and Clarendon Avenue, West Roxbury," and left at Room 508 (Contract Office), fifth floor, City Hall Annex, before 2 P.M. of WEDNESDAY, SEPTEMBER 29, 1954, with a certified check for FOUR HUNDRED AND FIFTY (450) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then be publicly opened and read in the Hearing Room, 401 City Hall Annex.

Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by bidder with the City Auditor previous to the time named for opening the bids. All proposals must be from bidders of record on file at Room 508, City Hall Annex. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,

(Sept. 18.) Commissioner of Public Works.

PROPOSALS FOR FURNISHING CLOTHING AND COTTON GOODS.

Proposals may be obtained at Room 64, City Hall. At this room the bids will be opened and read Friday, September 24, 1954, at 12 M. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out. A duplicate bid, without check, must be left with the Auditor prior to the time for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Clothing and Cotton Goods." The successful bidder must furnish a faithful performance bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts. The Purchasing Agent reserves the right to accept or reject any and all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city.

JOHN V. MORAN,
Purchasing Agent.
